Essentials of Pentecostal Theology Tony Richie, 2020-01-20 Only a few decades past academia tended to scoff at the very idea of serious Pentecostal theology Today profound and variegated theological implications of this dynamic movement are the object of exploration and development across the entire spectrum of the Christian theological corpus Arguably an acute need has arisen for identification and evaluation of the Pentecostal movement's original and ongoing theological essentials What is Pentecostal theology really all about anyway This volume realizes that Pentecostal theology is at its heart a working theology undergirding and energizing believers worship of God in prayer and praise in holy living and in witness to a personal experience of the risen Lord and Savior manifested in the continuing power of the Holy Spirit Authentic implementation if not explicit articulation of fervent Pentecostal theology often occurs in the vitality of local churches house fellowships and various mission settings in America and around the world Birthed in the fires of revival movements essential Pentecostalism including Pentecostal theology continues to burn brightest wherever it is fueled most directly

Guzman, 2023-09-15 Drawing on the resources of contemporary systematic theologians Kevin Vanhoozer and Veli Matti Kärkkäinen Elmer A Guzman explores the generative dimension of mission for the formation of doctrine for a church that needs to witness in a pluralistic world Guzman argues that understanding doctrinal formation and development depends on the missional dimension of doctrinal hermeneutics In other words these theological concepts and practices are justified based on the negotiation between theological sources identity markers and the context's diversity markers This book shows how perspectives arising from the structural elements in

theological methodology shed fresh light on missional theology and the interconnections between the doctrinal loci in theology

A Postfoundationalist Comparative Christology David Muthukumar Sivasubramanian, 2022-03-28 Interreligious relationships are often hindered by epistemic disparity caused by the nexus between religions and state powers. To solve this problem, David Muthukumar Sivasubramanian develops a postfoundationalist epistemological framework to affirm the epistemic parity and plurality of religions while upholding their particularity and universality. Building on this postfoundationalist epistemology, a comparative Christology paradigm that uses insights from the extant comparative theology method is reformulated with a Christological focus. This model seeks to affirm the exclusive faith assertions of Christianity and the corresponding universal claims for Christ. It also sustains the particular religious identity of a comparative theologian over against any compulsion to assume hybrid identity in the interreligious cross-learning. This comparative Christology framework is exhibited through cross-learning with the Tamil Saiva Siddhanta tradition. This method is shown to affirm not only the particularity and universality of Christianity but also of the Tamil Saiva Siddhanta tradition by defining each religion's attempt at their revealed truth as a parallel quest for truth. Thus, it facilitates dialogue across religions by securing one's self-identity and the other's alterity.

The Interpreting Spirit Hannah R. K. Mather, 2020-10-08 *The Interpreting Spirit* is both a consideration of the Spirit's role in the interpretation of Scripture and a celebration of renewal scholarship. It examines those who have focused on the Spirit's role in their hermeneutical considerations, recognizing common uniting themes amidst the diversity of scholarly approach and opinion. Working on the principle that the Spirit communicates in ways that seek to unify and celebrate the other, Mather works diachronically from 1970, identifying and drawing together these common uniting hallmarks into a collective understanding. Pivotal to Mather's argument is her emphasis that we do not just interpret Scripture but that the Spirit through Scripture and working in our lives in ways that lead us towards Scripture interprets us. *The Interpreting Spirit* is the first comprehensive analysis of the conversation surrounding pneumatic interpretation that has been taking place particularly among renewal scholars since 1970. It seeks to answer the notoriously difficult question: What does the Spirit do in the process of biblical interpretation?
