Nardi,Derek R. Sweet,2020-11-11 While previous work on the Star Wars universe charts the Campbellian mythic arcs political representations and fan reactions associated with the films this volume takes a transmedial approach to the material recognizing that Star Wars TV projects interact with and relate to other Star Wars texts The chapters in this volume take as a basic premise that the televisual entrants into the Star Wars transmedia storyworld are both important texts in the history of popular culture and also key to understanding how the Star Wars franchise and thus industry wide transmedia storytelling strategies developed The book expands previous work to consider television studies and sharp cultural criticism together in an effort to bring both long running popular series long ignored texts and even toy commercials to bear on the franchise s complex history Hard Contact: Star Wars Legends (Republic Commando) Karen Traviss,2004-10-26 Experience the first in the epic series featuring the brave members of Omega Squad an elite team of clone commandos fighting to protect the Galactic Republic On a mission to sabotage a chemical weapon research facility on a Separatist held planet four clone troopers operate under the very noses of their enemies The commandos are outnumbered and outgunned deep behind enemy lines with no backup and working with strangers instead of trusted teammates Matters don t improve when Darman the squad s demolitions expert gets separated from the others during planetfall Even Darman s apparent good luck in meeting an inexperienced Padawan vanishes once Etain admits to her woeful naivety For the separated clone commandos and stranded Jedi a long dangerous journey lies ahead through hostile territory brimming with Trandoshan slavers Separatists and suspicious natives A single misstep could mean discovery and death It s a virtual suicide mission for anyone anyone except Republic Commandos **Gus and Duncan's Comprehensive Guide to Star Wars Collectibles** Duncan Jenkins,Gus Lopez,2008-11 **501st: Star Wars Legends (Imperial Commando)** Karen Traviss,2024-06-04 Omega Squad is no more in its place stand the Imperial commandos under the imperious command of Darth Vader and the Empire The Clone Wars are over but for those with reason to run from the new galactic Empire the battle to survive has only just begun The Jedi have been decimated in the Great Purge and the Republic has fallen Now the former Republic commandos the galaxy s finest special forces troops cloned from Jango Fett find themselves on opposing sides and in very different armor Some have deserted and fled to Mandalore with the mercenaries renegade clone troopers and rogue Jedi who make up Kal Skirata s ragtag resistance to Imperial occupation Others including men from Delta Squad and Omega Squad now serve as Imperial commandos a black ops unit within Vader s

own 501st Legion tasked to hunt down fugitive Jedi and clone deserters For Darman who s grieving for his Jedi wife and separated from his son it s an agonizing test of loyalty But he s not the only one who ll be forced to test the ties of brotherhood On Mandalore clone deserters and the planet s own natives who have no love for the Jedi will have their most cherished beliefs challenged In the savage new galactic order old feuds may have to be set aside to unite against a far bigger threat and nobody can take old loyalties for granted **Star Wars: Republic Commando - Order 66** Karen
