Van 26 Maart Tot 1 April 1974:

A Classified Bibliography of the History of Dutch Medicine 1900-1974 G.A. Lindeboom, 2012-12-06 I In some periods of the past Netherlands medicine has played a major role in the evolution of European medicine today its history still enjoys much interest even at the other side of the Ocean In this bibliography it has been my endeavour to compile references for all that has been written on the history of Dutch medicine in our country and elsewhere in our age The main concern of this work is with the medicine of the Northern Netherlands However before the end of the sixteenth century the Northern and Southern Netherlands were not yet divided into two separate countries they were still politically one and for the greater part spoke the same Flemish language So before their separation the present day Belgium and Netherlands also had a common medical history Therefore many entries have been included which bear on early and sometimes later Flemish medicine but it has not been the intention to strive for completeness in this respect *Giervalk*, 1979 South African Railways and Harbours. Statement of Accounts with Report of the Controller and Auditor-General South Africa. Department of the Controller and Auditor-General, 1974 **Repertorium van de documenten in het Archief Monseigneur Willy Onclin** Constant van de Wiel, 1998 This inventory in Dutch contains a description of the records which Msgr Willy Onclin 1905 1989 professor of Canon Law in Louvain has left behind from 1960 till 1986 This book consists of two parts A first part concerns the activities of W Onclin as peritus to the Second Vatican Council especially regarding the decrees *Christus Dominus* *Presbyterorum ordinis* and *Optatum totius* the dogmatic constitution *Lumen gentium* and the declaration *Gravissimum educationis* The greater second part draws up an inventory of the documents which W Onclin gathered in his function as assistant secretary of the Papal Commission for the Revision of the Code of Canon Law It is divided following the chapters of the new Code of 1983 In this commission W Onclin was very active concerning the *Lex Ecclesiae Fundamental* the canons of Book I or General Norms of Book II or People of God and the canons on the sacraments By taking this book in the series *Novum Commentarium Lovaniense in Codicem Iuris Canonici* we want to draw attention to and stimulate the research of the wording of the Code of Canon Law of 1983 This repertory gives namely a survey of the many varied sources gathered by a world famous canon lawyer of Louvain which can be useful for a correct interpretation of the editorial history of the new Code **Regeerings-almanak voor Nederlandsch-Indie** Dutch East Indies, 1919 **Suid-Afrikaanse Hofverslae**, 1977 Regeeringsalmanak voor Nederlandsch-Indië Dutch East Indies, 1929 Regeerings almanak voor Nederlandsch-Indië ...
