Wagstaff: before and After Mapplethorpe Philip Gfelter, 2014-11-04 Biography on a grand cultural level here is the long awaited story of Sam Wagstaff and his indelible influence on the world of late twentieth century art Sam Wagstaff the legendary curator collector and patron of the arts emerges as a cultural visionary in this groundbreaking biography Even today remembered primarily as the mentor and lover of Robert Mapplethorpe the once infamous photographer Wagstaff in fact had an incalculable and largely overlooked influence on the world of contemporary art and photography and on the evolution of gay identity in the latter part of the twentieth century Born in New York City in 1921 into a notable family Wagstaff followed an arc that was typical of a young man of his class He attended both Hotchkiss and Yale served in the navy and would follow in step with his Ivy League classmates to the gentleman's profession as an ad executive on Madison Avenue With his unmistakably good looks he projected an aura of glamour and was cited by newspapers as one of the most eligible bachelors of the late 1940s Such accounts proved deceiving for Wagstaff was forced to live in the closet his homosexuality only revealed to a small circle of friends Increasingly uncomfortable with his career and this double life he abandoned advertising turned to the formal study of art history and embarked on a radical personal transformation that was in perfect harmony with the tumultuous social cultural and sexual upheavals of the 1960s Accordingly Wagstaff became a curator in 1961 at Hartford's Wadsworth Atheneum where he mounted both Black White and Gray the first museum show of minimal art and the sculptor Tony Smith's first museum show while lending his early support to artists Andy Warhol Ray Johnson and Richard Tuttle among many others Later as a curator at the Detroit Institute of Arts he brought the avant garde to a regional museum offending its more staid trustees in the process After returning to New York City in 1972 the fifty year old Wagstaff met the twenty five year old Queens born Robert Mapplethorpe then living with Patti Smith What at first appeared to be a sexual dalliance became their now historic lifelong romance in which Mapplethorpe would foster Wagstaff's own burgeoning interest in contemporary photography and Wagstaff would help

secure Mapplethorpe's reputation in the art world. In spite of their profound class differences, the artistic union between the philanthropically inclined Wagstaff and the prodigiously talented Mapplethorpe would rival that of Stieglitz and O'Keefe or Rivera and Kahlo in their ability to help reshape contemporary art history. Positioning Wagstaff's personal life against the rise of photography as a major art form and the simultaneous formation of the gay rights movement, Philip Gefter's absorbing biography provides a searing portrait of New York just before and during the age of AIDS. The result is a definitive and memorable portrait of a man and an era. *Wagstaff*, 2015

Robert Mapplethorpe Frances Terpak, Michelle Brunnick, 2016-03-15 Celebrated photographer Robert Mapplethorpe challenged the limits of censorship and conformity, combining technical and formal mastery with unexpected, often provocative content that secured his place in history. Mapplethorpe's artistic vision helped shape the social and cultural fabric of the 1970s and 80s, and following his death in 1989 from AIDS, informed the political landscape of the 1990s. His photographic works continue to resonate with audiences all over the world. Throughout his career, Mapplethorpe preserved studio files and art from every period and vein of his production, including student work, jewelry, sculptures, and commercial assignments. The resulting archive is fascinating and astonishing. With over 400 illustrations, this volume surveys a virtually unknown resource that sheds new light on the artist's motivations, connections, business acumen, and talent as a curator and collector. *Interpreting Susan Sontag's Essays* Mark K. Fulk, 2021-04-13 *Interpreting Susan Sontag's Essays: Radical Contemplative* offers its readers a scholarly examination of her essays within the context of philosophy and aesthetic theory. This study sets up a dialogue between her works and their philosophical counterparts in France and Germany, including the works of Hannah Arendt, Jacques Derrida, Roland Barthes, and Walter Benjamin. Artists and concepts discussed in relation to Sontag's essays include the works of Andy Warhol, Pop Art, French New Wave Cinema, the music of John Cage, and the cinematic art of Robert Bresson, Leni Riefenstahl, Ingmar Bergman, and Jean-Luc Godard. Her aesthetic formalism is compared with Harold Bloom, and this is the first volume to examine her late works and their position within the American events of 9/11, 2001, and the War on Terrorism. *Robert Mapplethorpe* Paul Martineau, Britt Salvesen, 2016-03-15 The legacy of Robert Mapplethorpe (1946-1989) is rich and complicated, triggering controversy, polarizing critics, and providing inspiration for many artists who followed him. Mapplethorpe, one of the most influential figures of his time, today stands as an example to emerging photographers who continue to experiment with the boundaries and concepts of the beautiful. *Robert Mapplethorpe: The Photographs* offers a timely and rewarding examination of his oeuvre and influence. Drawing from the extraordinary collection jointly acquired in 2011 by the J. Paul Getty Museum and the Los Angeles County Museum of Art from The Robert Mapplethorpe Foundation, as well as the Mapplethorpe Archive housed at the Getty Research Institute, the authors were given the unique opportunity to explore new resources and present fresh perspectives. The result is a fascinating introduction to Mapplethorpe's career and legacy, accompanied by a rich selection of illustrations covering the remarkable range of his photographic work. All of these beautifully integrated elements

contribute to what promises to become an essential point of access to Mapplethorpe's work and practice. This publication is issued on the occasion of the exhibition Robert Mapplethorpe: The Perfect Medium, on view at both the J. Paul Getty Museum and at the Los Angeles County Museum of Art from March 15 and March 20 respectively through July 31, 2016 at the Musée des Beaux-Arts de Montréal from September 10, 2016 through January 15, 2017 and at the Art Gallery of New South Wales Sydney from October 28, 2017 through February 4, 2018.

Popular Music Autobiography Oliver Lovesey, 2021-12-02

The 1960s saw the nexus of the revolution in popular music by a post-war generation amid demographic upheavals and seismic shifts in technology. Over the past two decades, musicians associated with this period have produced a large amount of important autobiographical writing. This book situates these works in the forms of formal autobiographies and memoirs, autofiction, songs, and self-fashioned museum exhibitions within the context of the recent expansion of interest in autobiography, disability, and celebrity studies. It argues that these writings express anxiety over musical originality and authenticity and seeks to dispel their writers' celebrity status and particularly the association with a lack of seriousness. These works often constitute a meditation on the nature of postmodern fame within a celebrity-obsessed culture and paradoxically they aim to regain the private self in a public forum.

Photography After Frank Philip Gefter, 2009

Presents the author's view of contemporary photography in the United States from the 1950s with the work of Robert Frank to the present day. Frank looked beneath the surface of American life to reveal a people plagued by racism, ill-served by their politicians, and rendered numb by a rapidly expanding culture of consumption. Yet Frank also found novel areas of beauty in simple, overlooked corners of American life. His subject matter: cars, jukeboxes, and even the road itself redefined the icons of America.

Loulou & Yves Christopher Petkanas, 2018-04-17

No one interested in fashion style or the high-flying intrigues of café society will want to miss Christopher Petkanas's exuberantly entertaining oral biography of Loulou, possibly also the most neurasthenic. In an exquisitely intimate, sometimes painful, personal and professional relationship, Loulou was his creative right hand, muse, alter ego, and the virtuoso behind all the flamboyant accessories that were a crucial component of the YSL look. For thirty years, until his retirement in 2002, Yves relied on Loulou to inspire him, make him laugh, and talk him off the ledge. The enchanted formula that brought him from one historic collection to the next, Yves's many tributes shape Loulou's memory as if everything there was to know about this fugitive, Giacometti-like figure could be told by her clanking bronze cuffs, towering fur toques, the turquoise boulders on her fingers, and her working friendship with the man who put women in pants. But another darker story lifts the veil on Loulou, a classic number two with a contempt for convention and exposes the underbelly of fashion at its highest level. Behind Yves's encomiums are a pair of aristocrat parents: Loulou's shiftless French father and menacingly chic English mother who abandoned her to a childhood of foster care and sexual abuse. Loulou's recurring desperation to leave Yves and go out on her own, and the grandiose myths surrounding her family, Loulou felt that her life had been kidnapped by the operatic workings of the House of Saint Laurent, and in her last years, faced financial ruin. Loulou, Yves.
