A Midwinter God Christine Valters Paintner, 2024-09-13 I believe we all carry grief that has gone unnamed and unmourned writes best selling author Christine Valters Paintner Nothing in our culture prepares us to deal with darkness and grief We are told to cheer up and move on to shop or drink our way to forgetting the pain we carry Yet I believe that being faithful to our own dark moments is the path of true prayer In her book *A Midwinter God* Encountering the Divine in Seasons of Darkness Paintner offers an invitation to enter the wisdom of holy darkness and to find there a path toward hope and spiritual maturity Paintner has experienced multiple journeys through grief that have brought her face to face with what she calls the midwinter God the seeming absence of the God of life in dark and fallow seasons of loss She has learned to confront her own terror in that darkness and to approach it with curiosity to see what it has to teach her This endeavor has illuminated a path for her to embrace a life of profound depth one that honors both the trials of suffering and the richness of

joy With her characteristic integrative and creative practices Paintner abbess of the online Abbey of the Arts guides her readers to view darkness as a place where seeds of holiness begin to germinate Each chapter of this book unfolds as an invitation to grow in understanding of holy darkness and also meditate reflect and create with these elements Paintner s reflections on various themes of loss and acceptance Insights on a scripture passage written by Paintner s husband John A guided meditation to bring the teachings into your heart Prompts for an expressive arts practice to process these insights through creativity Reflection questions to integrate what you have experienced Writing samples from people who have worked through this material in an online retreat Autumn and winter are vital to the health of nature and to our own bodies It is a time of releasing and letting go a season that invites us to slow down to welcome the growing darkness and to grow stiller and quieter Darkness can be an uncomfortable and uneasy place but it is also a place of profound incubation and gestation a source of tremendous and hard wrought wisdom With Paintner as our guide we can encounter this midwinter God with vulnerable courage that leads us to hope filled wholeness **Reverse Meditation** Andrew Holecek,2023-07-11

Disruptive practices to revolutionize your relationship with meditation and fully engage with the full breadth of your experience Why do we meditate The main reason most modern people start meditating is because it helps us feel better reducing anxiety improving sleep decluttering the mind and so forth But where does your meditation go when things go bad asks Andrew Holecek Where is your spirituality when rock meets bone as they say in Tibet when the crap hits the fan Reverse Meditation is for anyone who wants to bring the challenges of life onto the path of awakening When things get hard it s time to turn your practice on its head and throw out any assumption that meditation exists to insulate you from the confusion difficulties and uncertainty of life By putting your meditation into reverse Holecek teaches you ll actually find yourself going forward Step into your pain and you can step up your evolution With his signature blend of depth and accessibility Holecek invites you to explore Three core forms of meditation mindfulness open awareness and the boundary smashing reverse meditations How to know when you re ready to engage with reverse meditation On the spot practices for snapping into a meditative mindset in difficult situations Contraction and expansion how to dismantle habits of avoidance to become more open resilient and fully alive How reverse meditation opens you to a direct experience of the fundamental perfection of reality just as it is These unique meditations are designed to reverse our relationship to unwanted experiences which means going directly into them instead of avoiding them says Andrew Holecek It s not an easy journey yet this path leads to the discovery of unconditional happiness basic goodness and true freedom in the most turbulent situations **The Book of SHE** Sara Avant Stover,2015-09-15 Women face many challenging transitions on the pilgrimage from girlhood through womanhood menses love and heartbreak motherhood menopause Devoid of a central narrative these rites of passage too often happen in shame and secrecy leaving women doubting their personal power and self worth Bestselling author and founder of The Way of the Happy Woman Sara Avant Stover saw how women erroneously viewed these initiations as curses

and sought to present a new model that reflected the power and wisdom unique to the feminine path The Book of SHE celebrates all that it means to be a woman from mythological underpinnings to the cycles of our day to day lives Drawing on archetypes including Mary Magdalene the Dark Goddess and Green Tara Stover will guide you on a journey home to psychological wholeness personal empowerment and ultimately full feminine spiritual Awakening Brimming with mystery and magic this provocative book makes ancient wisdom and healing practices accessible to every woman who is ready to revel in her full femininity the dark and the light through joyfully becoming the heroine of her own life *The Way of the Rose* Clark Strand, Perdita Finn, 2019-11-05 What happens when a former Zen Buddhist monk and his feminist wife experience an apparition of the Virgin Mary This book could not have come at a more auspicious time and the message is mystical perfection not to mention a courageous one I adore this book Caroline Myss author of Anatomy of the Spirit Before a vision of a mysterious Lady invited Clark Strand and Perdita Finn to pray the rosary they were not only uninterested in becoming Catholic but finished with institutional religion altogether Their main spiritual concerns were the fate of the planet and the future of their children and grandchildren in an age of ecological collapse But this Lady barely even referred to the Church and its proscriptions Instead she spoke of the miraculous power of the rosary to transform lives and heal the planet and revealed the secrets she had hidden within the rosary's prayers and mysteries secrets of a past age when forests were the only cathedrals and people wove rose garlands for a Mother whose loving presence was as close as the ground beneath their feet She told Strand and Finn The rosary is My body and My body is the body of the world Your body is one with that body What cause could there be for fear Weaving together their own remarkable story of how they came to the rosary their discoveries about the eco feminist wisdom at the heart of this ancient devotion and the life changing revelations of the Lady herself the authors reveal an ancestral path available to everyone religious or not that returns us to the powerful healing rhythms of the natural world **OE Case Files, Vol. 01** Simone Ferracina, 2021-05-06 Over the past ten years Organs Everywhere has promoted conversations that approach architectural design from the edges of the discipline testing its boundaries technologies methods and evaluation systems and keeping them unstable It has valued transdisciplinary speculative and irreverent explorations over strict publishing formats and academic purity promoting a profanatory and open ended ethos Each issue has strung together disparate organs and limbs activating precarious couplings and associations and testing new metabolisms and assemblages And so does the first volume of Case Files continue its commitment to the making and unmaking of monsters both by anthologising past contributions into fresh configurations and designs and by combining them with entirely new articles and voices Here philosophers designers experimental architects artists science fiction writers activists and poets shift expand and re imagine notions of space time inhabitation technology knowledge use value and experience A patchwork of essays stories design experiments buildings art installations drawings prose poems photographs and speculative projects collide in the book infecting simple disciplinary orthodoxies with doubt and potentials uncertainty
