Wall Street And The Bolshevik Revolution:

Wall Street and the Bolshevik Revolution Antony C. Sutton, 2011-01-01 Why did the American Red Cross Mission to Russia include more financiers than medical doctors Rather than caring for the victims of war and revolution its members seemed more intent on negotiating contracts with the Kerensky government and subsequently the Bolshevik regime Sutton establishes tangible historical links between US capitalists and Russian communists Drawing on State Department files personal papers of key Wall Street figures biographies and conventional histories Sutton traces the foundations of Western funding of the Soviet Union Publisher's description **Wall Street and the Russian Revolution** Richard B. Spence, 2017 Wall Street and the Russian Revolution will give readers critical insight into what might be called the Secret History of the 20th century The Russian Revolution like the war in which it was born represents the real beginning of the modern world The book will look not just at the sweep of events but probe the economic ideological and personal motivations of the key figures involved revealing heretofore unknown or misunderstood connections Was Trotsky for instance a political genius an unprincipled egomaniac or something of each Readers should come away with not only a far deeper understanding of what happened in Russia a century ago but also what happened in America and how that still shapes the relations of the two countries today **Wall Street and the Bolshevik Revolution** Antony Cyril Sutton, 2012-12-17 Why did the 1917 American Red Cross Mission to Russia include more financiers than medical doctors Rather than caring for the victims of war and revolution its members seemed more intent on negotiating contracts with the Kerensky government and subsequently the Bolshevik regime In a courageous investigation Antony Sutton establishes tangible historical links between US capitalists and Russian communists Drawing on State Department files personal papers of key Wall Street figures biographies and conventional histories Sutton reveals The role of Morgan banking executives in funnelling illegal Bolshevik gold into the US the co option of the American Red Cross by powerful Wall Street forces the intervention by Wall Street sources to free the Marxist revolutionary Leon Trotsky whose aim was to topple the Russian government the deals made by major corporations to capture the huge Russian market a decade and a half before the US recognized the Soviet regime the secret sponsoring of Communism by leading businessmen who publicly championed free enterprise Wall Street and the Bolshevik Revolution traces the foundations of Western funding of the Soviet Union Dispassionately and with overwhelming documentation the author details a crucial phase in the establishment of Communist Russia This classic study first published in 1974 and part of a key trilogy is reproduced here in its original form The other volumes in the series include Wall Street and the Rise of Hitler and a study of Franklin D Roosevelt's 1933 Presidential election in the United States *The Wall Street Trilogy* Antony C. Sutton, 2018-06-04 Though he was a prolific author Professor Sutton will always be remembered by his great trilogy Wall St and the Bolshevik Revolution Wall St and the Rise of Hitler and Wall St and FDR This is a trilogy describing the role of the American corporate socialists otherwise known as the Wall Street financial elite or the Eastern Liberal Establishment in

three significant twentieth century historical events the 1917 Lenin Trotsky Revolution in Russia the 1933 election of Franklin D Roosevelt in the United States and the 1933 seizure of power by Adolf Hitler in Germany Each of these events introduced some variant of socialism into a major country i e Bolshevik socialism in Russia New Deal socialism in the United States and National socialism in Germany Contemporary academic histories with perhaps the sole exception of Carroll Quigley s Tragedy And Hope ignore this evidence On the other hand it is understandable that universities and research organizations dependent on financial aid from foundations that are controlled by this same New York financial elite would hardly want to support and to publish research on these aspects of international politics The bravest of trustees is unlikely to bite the hand that feeds his organization It is also eminently clear from the evidence in this trilogy that public spirited businessmen do not journey to Washington as lobbyists and administrators in order to serve the United States They are in Washington to serve their own profit maximizing interests Their purpose is not to further a competitive free market economy but to manipulate a politicized regime call it what you will to their own advantage Periodic crises and wars are used to whip up support for other plunder reward cycles which in effect tighten the noose around our individual liberties And of course we have hordes of academic sponges amoral businessmen and just plain hangers on to act as non productive recipients for the plunder Stop the circle of plunder and immoral reward and elitist structures collapse But not until a majority finds the moral courage and the internal fortitude to reject the something for nothing con game and replace it by voluntary associations voluntary communes or local rule and decentralized societies will the killing and the plunder cease

Wall Street and FDR Antony C. Sutton, 2013-10-15 Franklin Delano Roosevelt is frequently described as one of the greatest presidents in American history He is also remembered for his leadership during the Great Depression and World War II Antony Sutton challenges this received wisdom presenting a controversial but convincing analysis Based on an extensive study of original documents Sutton concludes that FDR was an elitist who influenced public policy to benefit special interests including his own that FDR and his Wall Street colleagues were corporate socialists who believed in making society work for their own benefit and that FDR believed in business but not in free market economics This much more than a fascinating historical and political study Many contemporary parallels can be drawn to Sutton s powerful presentation given the recent banking crises and worldwide governments bolstering of private institutions via the public purse

Wall Street & the Bolshevik Revolution Antony Sutton, 2025-05-28 Since the early 1920s numerous pamphlets and articles even a few books have sought to forge a link between international bankers and Bolshevik revolutionaries Rarely have these attempts been supported by hard evidence and never have such attempts been argued within the framework of a scientific methodology Indeed some of the evidence used in these efforts has been fraudulent some has been irrelevant much cannot be checked Examination of the topic by academic writers has been studiously avoided probably because the hypothesis offends the neat dichotomy of capitalists versus Communists and everyone knows of course that these are bitter enemies Moreover because a great deal

that has been written borders on the absurd a sound academic reputation could easily be wrecked on the shoals of ridicule Reason enough to avoid the topic Fortunately the State Department Decimal File particularly the 861 00 section contains extensive documentation on the hypothesized link When the evidence in these official papers is merged with nonofficial evidence from biographies personal papers and conventional histories a truly fascinating story emerges We find there was a link between some New York international bankers and many revolutionaries including Bolsheviks These banking gentlemen who are here identified had a financial stake in and were rooting for the success of the Bolshevik Revolution Who why and for how much is the story in this book *Wall Street and the Rise of Hitler* Antony Cyril Sutton,2012-12-17 The contribution made by American capitalism to German war preparations can only be described as phenomenal It was certainly crucial to German military capabilities Not only was an influential sector of American business aware of the nature of Naziism but for its own purposes aided Naziism wherever possible and profitable with full knowledge that the probable outcome would be war involving Europe and the United States Penetrating a cloak of falsehood deception and duplicity Professor Antony C Sutton reveals one of the most remarkable but unreported facts of the Second World War that key Wall Street banks and American businesses supported Hitler s rise to power by financing and trading with Nazi Germany Carefully tracing this closely guarded secret through original documents and eyewitness accounts Sutton comes to the unsavoury conclusion that the catastrophic Second World War was extremely profitable for a select group of financial insiders He presents a thoroughly documented account of the role played by J P Morgan T W Lamont the Rockefeller interests General Electric Company Standard Oil National City Bank Chase and Manhattan banks Kuhn Loeb and Company General Motors the Ford Motor Company and scores of others in helping to prepare the bloodiest most destructive war in history This classic study first published in 1976 the third volume of a trilogy is reproduced here in its original form The other volumes in the series study the 1917 Lenin Trotsky Revolution in Russia and the 1933 election of Franklin D Roosevelt in the United States

Searching for the Spirit of the West Luigi Morelli,2023-05-29 How can the West rediscover its authentic spirit Exploring the period from 1899 to 1945 from the end of the US frontier and the writing of The Wonderful Wizard of Oz to the conclusion of World War II and the dropping of the atom bomb Luigi Morelli traces the events that led the United States to become the world s dominating imperial force America he demonstrates is deeply connected to Britain Germany and Eastern Europe particularly Russia Yet despite their tragic collective histories there is hope for the future if only America can claim its true task Searching for the Spirit of the West challenges many of the falsehoods that pass for mainstream history Utilizing a wealth of documented evidence from the research of overlooked historians economists social and spiritual thinkers the author takes a symptomatic view of the past revealing hidden longer term trends This approach offers a new understanding of events such as the rise of Nazism the Great Depression the new Deal and even the roles of banking and clandestine brotherhoods in world history Morelli also appraises The Wonderful Wizard of Oz in parallel with America s cultural

achievements Through imagination L Frank Baum s contemporary fairy tale enables us to intuit the true mission of the West and its potential contribution to world culture now and in the future *Wall Street Banksters Financed Roosevelt, Bolshevik Revolution and The Committee Of Twelve To Save The Earth, Commander X*, 2014-01 WARNING THIS BOOK IS CONSIDERED HIGHLY DANGEROUS TO YOUR MENTAL STATE Exposes A World of Treachery Answers the Questions WHO ARE THE MASTERMINDS BEHIND WORLD DOMINATION WHO ACTUALLY MANAGES THE FLOW OF PAPER MONEY AND CONTROLS COMMERCE AND THE BANKING SYSTEM WHO IF ANYONE PROFITS FROM WAR For the first time names are given and organizations exposed Some have called this the most DANGEROUS book ever written but why WARNING THIS BOOK IS CONSIDERED HIGHLY DANGEROUS TO YOUR MENTAL STATE Exposes A World of Treachery Answers the Questions WHO ARE THE MASTERMINDS BEHIND WORLD DOMINATION WHO ACTUALLY MANAGES THE FLOW OF PAPER MONEY AND CONTROLS COMMERCE AND THE BANKING SYSTEM WHO IF ANYONE PROFITS FROM WAR For the first time names are given and organizations exposed The Russian Revolution and Civil War 1917-1921 Jonathan Smele, 2006-04-15 The Russian Revolution and Civil War in the years 1917 to 1921 is one of the most widely studied periods in history It is also somewhat inevitably one that has generated a huge flow of literature in the decades that have passed since the events themselves However until now historians of the revolution have had no dedicated bibliography of the period and little claim to bibliographical control over the literature The Russian Revolution and Civil War 1917 1921 offers for the first time a comprehensive bibliographical guide to this crucial and fascinating period of history The Bibliography focuses on the key years of 1917 to 1921 starting with the February Revolution of 1917 and concluding with the 10th Party Congress of March 1921 and covers all the key events of the intervening years As such it identifies these crucial years as something more than simply the creation of a communist state
