Was Jesus The First Feminist Or How To Fabricate History:

Introducing the Women's Hebrew Bible Susanne Scholz, 2017-08-10 Introducing the Women's Hebrew Bible is an up to date feminist introduction to the historical socio political and academic developments of feminist biblical scholarship In the second edition of this popular text Susanne Scholz offers new insights into the diverse field of feminist studies on the Hebrew Bible Scholz provides a new introductory survey of the history of feminism more broadly giving context to its rise in biblical studies before looking at the history and issues as they relate specifically to feminist readings and readers of the Hebrew Bible Scholz then presents the life and work of several influential feminist scholars of the Bible outlining their career paths and the characteristics of their work The volume also outlines how to relate the Bible to sexual violence and feminist postcolonial demands Two new chapters further delineate recent developments in feminist biblical studies One chapter addresses the relationship between feminist exegesis and queer theory as well as masculinity studies Another chapter problematizes the gender discourse as it has emerged in the Christian Right's approaches to the Old Testament

A Social History of Christian Origins Simon J. Joseph, 2022-12-30 A Social History of Christian Origins explores how the theme of the Jewish rejection of Jesus embedded in Paul's letters and the New Testament Gospels represents the ethnic social cultural and theological conflicts that facilitated the construction of Christian identity Readers of this book will gain a thorough understanding of how a central theme of early Christianity the Jewish rejection of Jesus facilitated the emergence of Christian anti Judaism as well as the complex and multi faceted representations of Jesus in the Gospels of the New Testament This study systematically analyzes the theme of social rejection in the Jesus tradition by surveying its historical and chronological development Employing the social psychological study of social rejection social identity theory and social memory theory Joseph sheds new light on the inter relationships between myth history and memory in the study of Christian origins and the contemporary re construction of the historical Jesus A Social History of Christian Origins is primarily intended for academic specialists and students in ancient history biblical studies New Testament studies Religious Studies Classics as well as the general reader interested in the beginnings of Christianity

Life Together Stephen Barton, 2005-01-01 In these wide ranging studies Stephen Barton shows that Christian theology and the Christian scriptures have a vital contribution to make to contemporary wisdom about our common life The subjects he addresses are relevant to the concerns of many people today What he has to say about the family sexuality community and biblical interpretation is both informative and creative Running through the book is the issue of the appropriate use of the Bible how the sacred text may speak in ways which are life giving Stephen Barton claims that questions about the interpretation of the Bible have to be set in the larger context of what it means to be the church A central argument is that the Bible is the kind of text the truth of whose witness is discovered above all in the lives of individuals and communities seeking to share by grace in the life of the Trinity

Jesus Christ in History and Scripture Edgar V. McKnight, 1999 Jesus Christ in History and Scripture highlights

two related bases for the current revolution in Jesus studies 1 a critically chastened world view that is satisfied with provisional results and 2 a creative or poetic use of the sources of study of Jesus The first part of the book shows that precritical critical and postcritical epochs and attitudes all alive today support different sorts of knowledge concerning Jesus historical reconstructions historic memory and appropriations imaginative poetic and artistic creations and theological formulations and that the Gospels themselves Support different sorts of knowledge and approaches The Gospels were composed by Christians who combined historical information and historic memory in imaginative ways to present a Jesus who was relevant to their congregations as he was to the earliest disciples The creative contribution that readers of the Gospels make in their reconstructions of Jesus is a recapitulation of the creative activities of the earliest evangelists The central section of the book provides a philosophical rationale for correlating the historical critical methods of biblical scholars and the rationalist methods of theologians and for correlating these modern Enlightenment modes of knowledge with feeling lived experience and praxis It also traces the attempts to do justice to the historical Jesus with particular attention to the different philosophical and theological presuppositions supporting the different attempts A final section discusses the values of non foundationlist hermeneutical approaches for the broader questions of the use and authority of the Bible In the end ecumenical rather than divisive approaches are advocated Different ways of doing church and different ways of discovering and creating truth demand an ecumenical approach Judith Plaskow: Feminism, Theology, and Justice Hava

Tirosh-Samuelson, Aaron W. Hughes, 2014-07-24 Judith Plaskow Professor of Religious Studies Emerita at Manhattan College in New York is a leading Jewish feminist theologian She has forged a revolutionary vision of Judaism as an egalitarian religion and has argued for the inclusion of sexually marginalized groups in society in general and in Jewish society in particular Rooted in the experience of women her feminist Jewish theology reflects the impact of several philosophical strands including hermeneutics dialogical philosophy critical theory and process philosophy Most active in the American Academy of Religion she has shaped the academic discourse on women in religion while critiquing Christian feminism for lingering forms of anti Judaism **A History of the Quests for the Historical Jesus, Volume 2** Colin Brown, Craig A. Evans, 2022-11-08 A

comprehensive two volume reassessment of the quests for the historical Jesus that details their origins and underlying presuppositions as well as their ongoing influence on today's biblical and theological scholarship Jesus life and teaching is important to every question we ask about what we believe and why we believe it And yet there has never been common agreement about his identity intentions or teachings even among first century historians and scholars Throughout history different religious and philosophical traditions have attempted to claim Jesus and paint him in the cultural narratives of their heritage creating a labyrinth of conflicting ideas From the evolution of orthodoxy and quests before Albert Schweitzer's famous Old Quest to today's ongoing questions about criteria methods and sources A History of the Quests for the Historical Jesus not only chronicles the developments but lays the groundwork for the way forward The late Colin Brown brings his

scholarly prowess in both theology and biblical studies to bear on the subject assessing not only the historical and exegetical nuts and bolts of the debate about Jesus of Nazareth but also its philosophical sociological and theological underpinnings. Instead of seeking a bedrock of facts Brown stresses the role of hermeneutics in formulating questions and seeking answers. Colin Brown was almost finished with the manuscript at the time of his passing in 2019. Brought to its final form by Craig A. Evans, this book promises to become the definitive history and assessment of the quests for the historical Jesus. Volume One, sold separately, covers the period from the beginnings of Christianity to the end of World War II. Volume Two covers the period from the post War era through contemporary debates.

For Better, For Worse Natalie E. Williams, 2019-12-02. *For Better For Worse* discusses the shame narratives tied to divorce rooted in Christian theologies of marriage and U.S. political landscapes of marriage rights and regulation. Using interdisciplinary methods, Natalie E. Williams investigates the current conflict between social practices that normalize divorce and religious and political rhetorical narratives that continue to shame those who divorce. Williams's work seeks to understand current attitudes and policies related to divorce and to shape Christian ethical responses that resist the use of shame, relying instead on commitments to truth telling and a cultivation of shamelessness to support flourishing across a spectrum of family forms.

The New Cambridge History of the Bible: Volume 4, From 1750 to the Present John Riches, 2015-04-13. This volume examines the Bible's role in the modern world, beginning with a treatment of its production and distribution that discusses publishers, printers, text critics, and translators, and continuing with a presentation of new methods of studying the text that have emerged, including historical, literary, social, scientific, feminist, postcolonial, liberal, and fundamentalist readings. There is a full discussion of the changes in understandings of and approaches to the Bible in various faith communities. The dissemination of the Bible throughout the globe has also produced a host of new interpretations, and this volume provides a comprehensive geographical survey of its reception. In the final chapters, the authors offer a thematic overview of the Bible in relation to literature, art, film, science, and other disciplines. They demonstrate that in spite of challenges to the Bible's authority in western Europe, it remains highly relevant and influential, not least in the Americas, Africa, and Asia.

Well-Behaved Women Seldom Make History Laurel Thatcher Ulrich, 2008-09-23. From admired historian and coiner of one of feminism's most popular slogans, Laurel Thatcher Ulrich comes an exploration of what it means for women to make history. In 1976, in an obscure scholarly article, Ulrich wrote, "Well-behaved women seldom make history." Today, these words appear on t-shirts, mugs, bumper stickers, greeting cards, and all sorts of Web sites and blogs. Ulrich explains how that happened and what it means by looking back at women of the past who challenged the way history was written. She ranges from the fifteenth-century writer Christine de Pizan, who wrote *The Book of the City of Ladies*, to the twentieth-century's Virginia Woolf, author of *A Room of One's Own*. Ulrich updates their attempts to reimagine female possibilities and looks at the women who didn't try to make history but did. And she concludes by showing how the 1970s activists who created second-wave feminism also created a renaissance in the study of history.
