The Fallen Trilogy (Books 1-3) JR Konkol, Konkol's debut and *Rebirth of the Fallen* series launch offers a glimpse into a bleak but arresting world where only three human-controlled cities remain after the rest have fallen to demons. This grimdark fantasy adventure will strongly appeal to adult readers. Publishers Weekly: A must read for anyone who loves epic dark fantasy. Steven Searls, author of *My Travels With a Dead Man*. This box set includes the all three *Rebirth of the Fallen* fantasy novels. Book 5: *The Sundered City* now available. *CITADEL OF THE FALLEN* Book One: Deep within the rainforest, a group of students barely survive an encounter with an ancient boar. In doing so, they stumble upon a series of events that threaten to destroy their entire civilization. *The Black Tide*, the annual rampage of millions of giant ants through the rainforest, has been coerced by the Demon Queen to take a path that will send it tearing through the farmlands that support the Citadel, their home. While the adults frantically race to prepare for the coming disaster, one survivor, Malcolm, experiences violent visions of the past. He learns that he's no longer alone in his own body. His revelations lead his friends to discover that many of the leaders within the Citadel are similarly possessed. *Citadel of the Fallen* is the exciting start of the much larger story told across the *Rebirth of the Fallen* dark fantasy series. Vivid and terrifying, but with an emotional depth that will keep readers yearning for more. JR Konkol weaves a complex tale with a delicate balance of cinematic action and political intrigue. A vast fallen world with even deeper mysteries is waiting just a few clicks away. Unlock it today. *GATHERING THE FALLEN* Book Two: After barely surviving the *Black Tide* and the demonic assault that followed, the group of newly possessed friends struggle to make peace with the willful spirits that inhabit them. While the spirits grant wisdom and power, it often comes at a terrible price. Driven by her spirit's crippling guilt and sorrow, Eliana leads her friends on a dangerous journey across the jungle in a desperate search for answers. What happened in the *Darkwood*? What role did her spirit play in what transpired? While the friends quest for understanding, the people of the Citadel struggle to rebuild and replant their ravaged farmlands. But hidden amongst them, an ancient demon carefully gathers power as she prepares to launch an assault against the magical painting that protects and preserves the Citadel. *FLIGHT OF THE FALLEN* Book Three: Faced with the approach of an unstoppable army, the people of the Citadel are forced to flee. While most of the population attempts to escape along the southern waterways, the group of newly possessed friends choose a more dangerous path. Guided by visions, the possessed friends enter the *Thelaram*, an expansive network of caves stretching hundreds of miles beneath the rainforest. The visions direct them to the ruins of the ancient city of *Semilae*, where a hidden library lies. Meanwhile, Raelyn, the willful demon who

REVIEWS a masterpiece in Omar Khayyam studies Jafar Aghayani Chavoshi Ph D University of Paris 1997 Professor of Philosophy of Science at Sharif University of Technology Tehran Iran specializing in Philosophy Epistemology and History of Mathematics and Science and in Omar Khayyam Studies From his Foreword to the last book of the Omar Khayyam's Secret series Tamdgidi having taken his readers through the first eleven books of his Omar Khayyam's Secret series in book twelve consistent with good teaching offers an overview of what had already been covered by the series as he does in each of its successive books He does more He discusses the scientific requirements for the study of Khayyam's biography and then he proceeds to depict the new findings of the series that make possible a textually and historically more reliable biography for Khayyam Both with distinction he has achieved The series is a most admirable example of teaching at its best Tamdgidi is but an expert guide in a journey of joint learning and teaching nowhere except in the concluding book including his notes on the biography of Omar Khayyam is it conclusory He patiently

anticipates and works with the reader to grapple with issues so there are common discoveries At times he and his readers are detectives with moments of sudden insights realizations and inspiration Indeed for this reader who was exposed at an early age to Khayyam through the work of Edward FitzGerald encountering this series was like the astronauts who experienced seeing the Earth for the first time from outer space It was nothing I could have imagined from prior experience Every college library should at least secure a copy of the last synoptic volume of the series and every research library should have the entire series as one of its prized acquisitions and holdings The claim or assertion respecting the likely longevity of the series and its importance to libraries and by implication scholars is not made lightly and it is in no way an exaggeration A study of its methodology its findings the significance of those findings for the universe of learning of the skills dedication and sacrifices the author brought to bear on the work and of the approach observed to help readers grapple with and understand what is being disclosed attests a rich body of corroborating testimony to the assertion Winston E Langley Professor Emeritus of Political Science From his Foreword to the last book of the Omar Khayyam s Secret series

Three Great Books on Magic Franz Bardon, 2020-12-06 This volume contains three books of Franz Bardon 1 Initiation into Hermeticism 2 The Practice of Magical Evocation 3 The True Key to the Quabbalah In reality magic is a sacred science it is in the very true sense the sum of all knowledge because it teaches how to know and utilize the sovereign rules There is no difference between magic and mysticism or any other conception of the name Wherever authentic initiation is at stake one has to proceed on the same basis according to the same rules irrespective of the name given by this or that creed Considering the universal polarity rules of good and evil active and passive light and shadow each science can serve good as well as bad purposes Let us take the example of a knife an object that virtually ought to be used for cutting bread only which however can become a dangerous weapon in the hands of a murderer All depends on the character of the individual This principle goes just as well for all the spheres of the occult sciences In my book I have chosen the term of magician for all of my disciples it being a symbol of the deepest initiation and the highest wisdom
