

Wayward Puritans: A study in the sociology of deviance

- Deviance isn't a property inherent in any behavior, it's conferred upon a behavior.
- Why does a community assign this behavior to the deviance category?
 - Deviance exists to define boundaries.
 - Deviants 'patrol' these borders, and policing agents monitor the deviants.
 - Statutes are often informal, if ever articulated.
 - "Morality and immorality meet at the public scaffold..."
 - Expectations constrain and also shape behavior.
 - Both variety and similarity are products of the same society: it's a division of labor.
- "The deviant and the conformist, then, are creatures of the same culture, inventions of the same imagination" (p. 21)
- Boundaries are never fixed, and as borders 'expand' new forms of deviance and conformity need to be defined.
 - These definitions occur in public formal ceremonies.
 - There are few rites of passage that denote leaving a deviant status, and some of those are equally suspect.

Wayward Puritans A Study In The Sociology Of Deviance

Ronald Lorenzo

Wayward Puritans A Study In The Sociology Of Deviance:

Wayward Puritans Kai Erikson, 1966 Argues that deviant forms of behavior are often a valuable resource in society providing a point of contrast which is necessary for the maintenance of a coherent social order Uses the Puritan settlement in seventeenth century Massachusetts and records of the Bay colony to illustrate the way in which deviant behavior fits into the texture of social life generally from publisher's description

Wayward Puritans Kai Erikson, 1966 Wayward Puritans; a Study in the Sociology of Deviance [by] Kai T. Erikson Kai Erikson, **Wayward Puritans** Kai Erikson, 1966 Wayward Puritans Lewis P. Robin, 1966 The Quest for Purity W. E. A. van Beek, 1988 The series Religion and Society RS contributes to the exploration of religions as social systems both in Western and non Western societies in particular it examines religions in their differentiation from and intersection with other cultural systems such as art economy law and politics Due attention is given to paradigmatic case or comparative studies that exhibit a clear theoretical orientation with the empirical and historical data of religion and such aspects of religion as ritual the religious imagination constructions of tradition iconography or media In addition the formation of religious communities their construction of identity and their relation to society and the wider public are key issues of this series

Social Problems and Public Policy Lee Rainwater, 1974 Deviance is by definition a social problem Since deviant behavior violates the normative expectations of a given group deviance must be regarded as a problem for that group since all groups of people want their norms to be enforced Many modern societies place considerable value on personal liberty so much so that interference with personal choices to deviate from group norms can be justified only in terms of the potential damage that particular kinds of behavior might do to the legitimate interests of others Sociological research suggests that the social problem associated with deviance is often the behavior of individuals who violate norms cannot be justified in terms of basic values of liberty social order or justice In other kinds of deviance though the social problem is that people or in a more organized way social institutions interfere with individual liberty and self realization Each selection in this volume has been chosen to cover a full range of substantive problematic issues a range of social science perspectives that can be brought to bear on issues of all kinds and a range of social science methodologies used in studying modern society Deviance and Liberty is divided up into thirty nine contributions and five main parts ranging from Modern Perspectives on Deviance and Social Problems Deviant Exchanges Gambling Drugs and Sex Deviant Personal Control Illness Violence and Crime Deviance Identity and the Life Cycle and Moral Enterprise and Moral Enforcement It is a welcome addition to the libraries of those interested in the study of deviance or society as a whole

Handbook of Social Psychology John DeLamater, 2006-11-24 Psychology focusing on processes that occur inside the individual and Sociology focusing on social collectives and social institutions come together in Social Psychology to explore the interface between the two fields The core concerns of social psychology include the impact of one individual on another the impact of a group on its individual members the impact of individuals on the groups in which they

participate the impact of one group on another This book is a successor to Social Psychology Social Perspectives and Sociological Perspectives in Social Psychology The current text expands on previous handbooks in social psychology by including recent developments in theory and research and comprehensive coverage of significant theoretical perspectives

Emile Durkheim Mustafa Emirbayer, 2008-04-15 This comprehensive volume ranges across the entire spectrum of contemporary sociological inquiry as seen by Durkheim It also includes secondary readings by social thinkers of today connecting the classic writings of Durkheim to contemporary issues Organizes Durkheim s writings thematically in a comprehensive collection Includes selections from Durkheim s best known writings as well as less widely known texts that explore the themes of modern sociology Contains secondary readings by key contemporary social thinkers today Connects the classic writings of Durkheim to contemporary issues Includes a substantial editorial introduction by a leading Durkheim scholar

Routledge Handbook of Deviant Behavior Clifton D. Bryant, 2012-04-27 The Handbook of Deviant Behavior presents a comprehensive integrative and accessible overview of the contemporary body of knowledge in the field of social deviance in the twenty first century This book addresses the full range of scholarly concerns within this area including theoretical methodological and substantive issues in over seventy original entries written by an international mix of recognized scholars Each of these essays provides insight not only into the historical and sociological evolution of the topic addressed but also highlights associated notable thinkers research findings and key published works for further reference As a whole this Handbook undertakes an in depth evaluation of the contemporary state of knowledge within the area of social deviance and beyond this considers future directions and concerns that will engage scholars in the decades ahead The inclusion of comparative and cross cultural examples and discussions relevant case studies and other pedagogical features make this book an invaluable learning tool for undergraduate and post graduate students in disciplines such as criminology mental health studies criminal theory and contemporary sociology
