Poetic Stories About the People of the Sun and of the Soul Michael Washington, 2011-05-04

In the army I often wrote letters for my fellow comrades for a price They would tell me the story and I would put them in words It was a good hustle for me to make a little extra money I would write poems for their ladies or wives for special occasions You know I liked doing it but I never did make copies to keep for myself Now the education system was a very pleasant experience until about the sixth grade for me when I learned that black people were slaves to white people in our social studies classes That was a defining moment for my educational experience because of the way it was taught It really threw me for a loop as I went home crying to my mother But she explained to me that the truth if you will seek you will find and that will make you free But from then on I lost some faith in the American education system As I learned later in life it was all based upon the theory of white supremacy For the facts that lead to truth were purposely left out of the mix to deprive black people of their righteous place in history and robbed white people of their truth in history The school system was one of the two major vehicles by which the white people claimed themselves as superior and the black people as inferior The other was religion and together as a double edge sword they still continue to put enmity between the different peoples and cultures of the world I did not give up on my learning experience and started to read other materials such as magazines comics and biographies of great men of color especially sports figures But the number one thing that I used to learn how to read better was the sports page of the L A Times I would read that section from front page to back page every morning before school But in school poetry was my most favored

reading I liked the rythming of words as well as the message I think it was related to another love of mine as a child and that was music and dancing It didn t take long for me memorize the lyrics of a song as we danced along singing aloud as if we were endowed with a gift from heaven above with that special kind of love That was the ultimate fun as a young man growing up to meet the girls To write little poems to your girlfriends was what I liked most The poetry of greeting cards was my cup of tea after my education experience on our family festivities and celebrations I would add my own poems to the cards on these occasions The family and friends always seemed to like them so very much always complimenting and encouraging me to write more But I did not pursue poetry much as I continued my quest for facts in pursuit of truth When my marriage ended in divorce in the early 1980s it was music and poetry that brought joy and peace within That s when my writing of poetry increased and my perspective about other things expanded As a single man again it was very interesting living the single life Now I have been married for 18 years living the family life called the American dream with grand children and all the wrappings and trappings that go with it But I don t mind one little bit because most of us should be graceful for the material life this land has produced despite its inequities For the horizon does not look as favorable for our future generations that must cope with the mess we have left for them in the physical mental and spiritual planes of life *Fear: An American History* Willie Turner,2022-08-30 History is the foundation of all great societies Willie authored this book to explore why throughout world and specifically American history the seventeenth eighteenth and nineteenth century writers took upon themselves to manipulate or rewrite history in their image His book is written to correct dates times and events that were changed kept hidden or forgotten Willie has uncovered some hidden history that would explain why the world has entered its end time He learned how because of fear America s foundation is built on a bed of sand not solid rocks Sand that is slowly being washed away He exposes the secrets as to how few people have caused so many to struggle for their mere existence on earth how religion became the cornerstone for slavery throughout the world This book explains how and why ignorance has caused so many divisions among the people in America and around the world how a coup d etat in America s past caused majority of the people in America to become slaves struggling to survive in the richest society on earth why slavery has always been a part of the fabric of America starting from so long ago how politics and politicians are leading great nations down a road of destruction and how greed and power has consumed so many people to worship money over God *You Are NOT Negro, Black, Coloured, Morisco Nor an African Slave* Kudjo Adwo El,2016-03-10 Grand Sheik Kudjo Adwo El examines the history of various misnomers of Moorish Americans since their encounter with the nations of Europe and their socio political implications [The Idea of Decline in Western History](#) Arthur Herman,2010-06-15 Historian Arthur Herman traces the roots of declinism and shows how major thinkers past and present have contributed to its development as a coherent ideology of cultural pessimism From Nazism to the Sixties counterculture from Britain s Fabian socialists to America s multiculturalists and from Dracula and Freud to Robert Bly and Madonna this work examines the idea of decline in Western

history and sets out to explain how the conviction of civilization's inevitable end has become a fixed part of the modern Western imagination. Through a series of biographical portraits spanning the 19th and 20th centuries, the author traces the roots of declinism and aims to show how major thinkers of the past and present including Nietzsche, DuBois, Sartre, and Foucault have contributed to its development as a coherent ideology of cultural pessimism. Life Strategy Notebook Johnny Freemont III, 2022-05-04. Many are meandering through life searching for answers of who am I and what am I called to do. They are oblivious to the spiritual forces that oppose their destiny, better yet, they are not even conscious of the calling on their life. Rev. Dr. Johnny Freemont III writes this book after teaching a Bible class series on the subject matter to help the reader to begin to put together a life strategy to develop a vision for his or her life. The reader will begin to learn differences between the transcendent life, the physical life, and the ordinary life one lives. He gives key points and nuggets of wisdom to map God's game plan to live a victorious life in Christ Jesus and to discover one's true calling. He helps the reader to define life, seek purpose, and discover their strengths, passion, outlook, personality, and use his or her life experience to maximize their potential to walk into their divinely ordained ministries. In Life Strategy Notebook, Johnny Freemont III instructs the readers to get to know themselves and discover their spiritual gifts to fulfill their destiny by discovering the destination they must travel to arrive at that place called There, their port of call. He provides the scriptural support to help lead those who are seeking down a plain path to self-discovery. **A Single Bracelet Does Not Jingle** Ayo Maria Casey Gooden Ph.D., 2018-06-22. **A Single Bracelet Does Not Jingle: Finding Your Ideal Love Partner, Making Love Last, and Ending Unhealthy Relationships.** A Multi-Racial Examination of Love Relationships is a psychological examination of issues that impact your ability to find your ideal love partner and to maintain healthy love relationships. THE LOST LEGACY OF HAM Minister Dr. Joyce Andrews, 2024-12-04. In this sequel to Joyce Andrew's popular book Bible Legacy of the Black Race: The Prophecy Fulfilled, three questions are raised: What happened to the history of Ham and his descendants, African Black nation? Why was it left out of the book we know as the Holy Bible, the great omission? What accounts for the dominion and power of the White nation since the days of the Greeks and Romans? With the help of archaeologists, historians, Egyptologists, etc., The Lost Legacy of Ham: Ancient Bible History has been made known, revealing the deep roots of the African Black nation. Keeping in mind the Bible is the oldest history book in the world, this is their spiritual heritage, the history of their theology, which comprises the complete truth of the gospel of Jesus Christ. Truth is the great equalizer which brings each nation's past history into true perspective. Also by the author, Bible Legacy of the Black Race: The Prophecy Fulfilled. What is the true origin of the Black race? What was behind the expressions
