

What covert experiments, involving mind control and the occult, conducted in the areas surrounding military bases throughout the United States?

The pages of this book recount some shocking events in a small town in Missouri. Mary Lake had struggled with depression for years and couldn't find the joy that the Bible says is available to all Christians. In her quest for God's answers, she was not only healed and delivered, but that process unleashed a startling revelation of dark practices in that small town, where she also learned that she had the light on some of Satan's greatest secrets. In this book, she shares how God protected her family from assassination attempts and face-to-face encounters with Satan's followers, who were desperately trying to keep their secrets hidden. She also shares the truths that her family learned during this process that were essential for their safety, as she endeavored to break down the phony doors for the people that she loved. These biblical truths will help any Christian family stay under the protective cover of Almighty God.
