THE TRUE STORY OF THE 3 LITTLE PIGS!

BY A. WOLF

For centuries, the story of the three little pigs has been told as a simple tale of good and evil. But now, with the help of modern science, we can tell the true story of the three little pigs. It's a story of survival, of the struggle for power, and of the ultimate triumph of the little pig.

When the three little pigs were first born, they were small and weak. But they were also smart. They knew that they had to be strong if they were to survive. So they began to grow up, and they became the three little pigs.

One day, the three little pigs were playing in the field. They were having a great time, and they were laughing and playing. But then, a big, bad wolf came. He was hungry, and he wanted to eat the three little pigs.

The three little pigs were scared. They didn't know what to do. But then, they remembered what their mother had told them. They had to be smart. They had to outsmart the wolf.

So they did. They built a strong, sturdy house. They made it so strong that the wolf couldn't break it. And when the wolf came, he was so angry that he blew the house down. But the three little pigs were safe. They were still there, and they were still strong.

And so, the three little pigs lived happily ever after. They were strong, and they were smart. They were the three little pigs.
