IRELAND, SCOTLAND, AND THE SURVIVAL OF
THE UNITED KINGDOM, 1707–2007

ALVIN JACKSON

The Two Unions Ireland Scotland And The Survival Of The United Kingdom 1707 2007

David Torrance

The Two Unions Ireland Scotland And The Survival Of The United Kingdom 1707 2007:

The Two Unions Alvin Jackson, 2011-12-01 Much has been written about the decline of the United Kingdom The Two Unions looks instead at the lengthy survival of the Union examining the institutions structures and individuals that have contributed to its longevity In order to understand its survival the author one of the foremost historians of modern Ireland and of the British Irish relationship sustains a comparison between the Irish and Scots Unions their respective origins and subsequent development He provides a detailed examination of the two interlinked Unionist movements in Scotland and Ireland Alvin Jackson illuminates not only the history and varied health of the United Kingdom over the past 300 years but also its present condition and prospects

The Oxford Handbook of Scottish Politics Michael Keating, 2020-08-21 The Handbook of Scottish Politics provides a detailed overview of politics in Scotland looking at areas such as elections and electoral behaviour public policy political parties and Scotland's relationship with the EU and the wider world The contributors to this volume are some of the leading experts on politics in Scotland

Four Nations Approaches to Modern 'British' History Naomi Lloyd-Jones, Margaret Scull, 2017-10-26 This collection brings together leading and emerging scholars to evaluate the viability of four nations approaches to the history of the United Kingdom from the eighteenth to the twentieth century It recognises the separate histories of England Ireland Scotland and Wales and explores the extent to which they share a common British history They are entwined with the points at which they interweave and detach dependent upon the nature of our inquiry where we locate our core and our periphery and the cause and effect of our subject The collection demonstrates that four nations frameworks are relevant to a variety of topics and tests the limits of the methodology The chapters illuminate the changing shape of modern British history writing and provide fresh perspectives on subjects ranging from state governance nationalism and Unionism economics cultural identities and social networking

Union and Disunion in the Nineteenth Century James Gregory, Daniel Grey, 2019-12-06 This volume examines the nineteenth century not only through episodes institutions sites and representations concerned with union concord and bonds of sympathy but also through moments of secession separation discord and disjunction Its lens extends from the local and regional through to national and international settings in Britain Europe and the United States The contributors come from the fields of cultural history literary studies American studies and legal history

Fractured Union Michael Kenny, 2024-03-01 How have decision makers in Westminster and beyond fanned the flames of national division Can this disunited kingdom come together once again

Untied Kingdom Stuart Ward, 2023-02-16 How did Britain cease to be global In Untied Kingdom Stuart Ward tells the panoramic history of the end of Britain tracing the ways in which Britishness has been imagined experienced disputed and ultimately discarded across the globe since the end of the Second World War From Indian independence West Indian immigration and African decolonization to the Suez Crisis and the Falklands War he uncovers the demise of Britishness as a global civic idea and its impact on communities across the globe He also shows the

consequences of this diminished global reach in Britain itself from the Troubles in Northern Ireland to resurgent Englishness and the startling success of separatist political agendas in Scotland and Wales. Untied Kingdom puts the contemporary travails of the Union for the first time in their full global perspective as part of the much larger story of the progressive rollback of Britain's imaginative frontiers.

Reform and Its Complexities in Modern Britain Bruce Kinzer, Molly Baer Kramer, Richard Trainor, 2022-05-05 The essays in this volume taken together span the era of British history from 1780 to the present that has engrossed the attention of Brian Harrison in a career of more than fifty years. In keeping with his diverse interests they vary widely in subject matter. Yet each contributes in some fashion to an appreciation of the complexities of reform in modern Britain. Throughout his career Harrison has demonstrated an unwavering interest in social movements and pressure groups. He has analysed the organisation of reform movements and their bases of support, explored the aspirations and beliefs motivating individuals to start or join such movements and examined the ideas and ideals shaping their conception of human improvement. No one has done more to show that the significance of a reform movement's triumphs and disappointments can be grasped only in relation to the forces amassed to resist its claims. The essays gathered here on the Harrisonian theme of reform and its complexities form an acknowledgment of the massive mark their honouree has made on the study of modern British history. They are preceded by a Foreword composed by Keith Thomas and an editorial Introduction tracing the course of Harrison's scholarship and connecting that scholarship to the substance of the essays. The volume encompasses both wide-ranging analytical investigations and telling case studies. All have new things to say on the subject of reform and its complexities in modern Britain.

State and Nation in the United Kingdom Michael Keating, 2021-04-08 The United Kingdom has often been seen as a unitary nation state. This book argues that it should be understood as a plurinational union in which the key elements of *demos*, *telos* and *ethos* are contested. Except in the mid twentieth century its territorial boundaries have been contested and the matter of sovereignty has never definitely been settled. Since the end of the twentieth century devolution to Scotland, Wales and Northern Ireland has made this more apparent. With the weakening of the British national project tensions between the centre and the peripheral nations have grown greatly exacerbated. By Brexit Eurosceptics have long argued that membership of the European Union is inconsistent with the sovereignty of the British people and Parliament. On another reading however both the UK and the EU are plurinational unions and highly compatible. The EU indeed served as an important external support system for the devolution settlement. Brexit destabilizes it. Unionism historically served as a doctrine and a set of practices seeking to reconcile a unitary state with a plurinational reality. Since devolution it has struggled to come to terms with the new constitutional reality or embrace the idea of shared sovereignty. The Union is under increasing strain but there is no simple way of resolving these strains either by secession of the component nations or a return to the unitary state. The peoples of these islands need to find new constitutional concepts for living together in a world in which traditional ideas of national sovereignty have lost their

relevance *The Oxford Handbook of Modern British Political History, 1800-2000* David Brown, Robert Crawford, Gordon Pentland, 2018 The two centuries after 1800 witnessed a series of sweeping changes in the way in which Britain was governed the duties of the state and its role in the wider world Powerful processes from the development of democracy the changing nature of the social contract war and economic dislocation have challenged and at times threatened to overwhelm both governors and governed Such shifts have also presented challenges to the historians who have researched and written about Britain's past politics This Handbook shows the ways in which political historians have responded to these challenges providing a snapshot of a field which has long been at the forefront of conceptual and methodological innovation within historical studies It comprises thirty three thematic essays by leading and emerging scholars in the field Collectively these essays assess and rethink the nature of modern British political history itself and suggest avenues and questions for future research The Oxford Handbook of Modern British Political History thus provides a unique resource for those who wish to understand Britain's political past and a thought provoking long view for those interested in current political challenges

Cosmo Innes and the Defence of Scotland's Past c. 1825-1875 Richard A. Marsden, 2016-05-13 Today Scotland's history is frequently associated with the clarion call of political nationalism However in the nineteenth century the influence of history on Scottish national identity was far more ambiguous How then did ideas about the past shape Scottish identity in a period when union with England was all but unquestioned The activities of the antiquary Cosmo Innes 1798-1874 help us to address this question Innes was a prolific editor of medieval and early modern documents relating to Scotland's parliament legal system burghs universities aristocratic families and pre Reformation church Yet unlike scholars today he saw that editorial role in interventionist terms His source editions were artificial constructs that powerfully articulated his worldview and agendas emphasising Enlightenment inspired narratives of social progress and institutional development At the same time they used manuscript facsimiles and images of medieval architecture to foreground a romantic concern for the texture of past lives Innes operated within an elite associational culture which gave him access to the leading intellectuals and politicians of the day His representations of Scottish history therefore had significant influence and were put to work as commentaries on some of the major debates which exercised Scotland's intelligentsia across the middle decades of the century This analysis of Innes's work with sources set within the intellectual context of the time and against the antiquarian activities of his contemporaries provides a window onto the ways in which the national past was perceived in Scotland during the nineteenth century This allows us to explore how historical thinkers negotiated the apparent dichotomies between Enlightenment and Romanticism whilst at the same time enabling a re-examination of prevailing assumptions about Scotland's supposed failure to maintain a viable national consciousness in the later 1800s **Outrage in the Age of Reform** Jay R. Roszman, 2022-09-22 In the 1830s as Britain navigated political reform to stave off instability and social unrest Ireland became increasingly influential in determining British politics This book is the first to chart the importance that Irish

agrarian violence known as outrages played in shaping how the decade of reform unfolded It argues that while Whig politicians attempted to incorporate Ireland fully into the political union to address longstanding grievances Conservative politicians and media outlets focused on Irish outrages to stymie political change Jay R Roszman brings to light the ways that a wing of the Conservative party including many Anglo Irish put Irish violence into a wider imperial framework stressing how outrages threatened the Union and with it the wider empire Using underutilised sources the book also reassesses how Irish people interpreted everyday agrarian violence in pre Famine society suggesting that many people perpetuated outrages to assert popularly conceived notions of justice against the imposition of British sovereignty Scottish Unionist Ideology 1886-1965 Jonathan Wales, 2021-07-16 Diese Monografie untersucht das politische Denken und die geistesgeschichtliche Entwicklung der schottischen Unionisten in der Zeit von 1885 1886 bis 1965 Sie bietet eine analytische Untersuchung der unionistischen Positionen wobei Bereiche wie politische Geschichte Ekklesiologie Sektierertum Geschichtsschreibung und unionistisch nationalistische Gefühle untersucht werden Der Autor kontextualisiert das unionistische Denken innerhalb der Geschichte Schottlands und bietet Erkenntnisse die sowohl auf Archiv und Primärforschung als auch auf einem gründlichen historiographischen Hintergrund beruhen Er untersucht die Komplexität des schottischen Unionismus in dieser entscheidenden Phase zwischen der Spaltung der Liberalen Partei über die Irish Home Rule bis zur Reorganisation der Scottish Unionist Party im Jahr 1965 Anhand des unionistischen Diskurses in dieser Zeit zeigt er die Komplexität der verfassungsrechtlichen und kulturellen Beziehungen Schottlands mit dem Rest des Vereinigten Königreichs auf

Historical Dictionary of Ireland Frank A. Biletz, 2013-11-14 All places undergo change but in few has this change been quite as sweeping as Ireland both the independent Republic of Ireland and dependent Northern Ireland so it is good to see where it is heading at present Obviously that has to be judged on the background of where it is coming from not only over the past decade or so but over centuries and indeed millennia This new edition of Historical Dictionary of Ireland is an excellent resource for discovering the history of Ireland This is done through a chronology an introductory essay and an extensive bibliography The cross referenced dictionary section has over 600 entries on significant persons places and events political parties and institutions including the Catholic church with period forays into literature music and the arts This book is an excellent resource for students researchers and anyone wanting to know more about Ireland *The Cambridge*

Constitutional History of the United Kingdom: Volume 2, The Changing Constitution Peter Cane, H.

Kumarasingham, 2023-08-17 Featuring contributions from leading scholars of history law and politics this path breaking work traces the development of the United Kingdom's constitution from Anglo Saxon times and explores its role in the creation exercise and control of public power Essays in Volume Two entitled The Changing Constitution examine the development of the constitution from the departure of the Romans up to the present day and beyond Together the two volumes form the first wide ranging history of the constitution to be published for more than 50 years By its cross disciplinary approach taking

account of the latest legal political and historical scholarship on the constitution it fills a large gap in the literature of the constitution and in political thought and British history

The Long Shadow: The Legacies of the Great War in the Twentieth Century David Reynolds, 2014-05-12 Winner of the 2014 PEN Hessel Tiltman Prize for the Best Work of History Brilliant the most challenging and intelligent book on the Great War and our perceptions of it that any of us will read John Charley The Times London One of the most violent conflicts in the history of civilization World War I has been strangely forgotten in American culture It has become a ghostly war fought in a haze of memory often seen merely as a distant preamble to World War II In The Long Shadow critically acclaimed historian David Reynolds seeks to broaden our vision by assessing the impact of the Great War across the twentieth century He shows how events in that turbulent century particularly World War II the Cold War and the collapse of Communism shaped and reshaped attitudes to 1914 18 By exploring big themes such as democracy and empire nationalism and capitalism as well as art and poetry The Long Shadow is stunningly broad in its historical perspective Reynolds throws light on the vast expanse of the last century and explains why 1914 18 is a conflict that America is still struggling to comprehend Forging connections between people places and ideas The Long Shadow ventures across the traditional subcultures of historical scholarship to offer a rich and layered examination not only of politics diplomacy and security but also of economics art and literature The result is a magisterial reinterpretation of the place of the Great War in modern history

The United Kingdom and The Federal Idea Robert Schütze, Stephen Tierney, 2018-06-28 How should political power be divided within and among national peoples Is the nineteenth century theory of the sovereign and unitary State still fit for purpose in the twenty first century If not can federalism provide a viable alternative model This collection looks at federalism from the perspective of constitutional law Taking the United Kingdom as a case study Part One tracks the historical evolution of the Union and explores the various expressions of federalism that emerged between the eighteenth and twentieth centuries Part Two then assesses the experience of sovereignty sharing with other nations in the context of international cooperation Drawing on the expertise of the foremost commentators in their field The United Kingdom and the Federal Idea provides a timely and reflective evaluation of how constitutional authority is being re ordered within and beyond the United Kingdom

Ruth Davidson's Conservatives: The Scottish Tory Party, 2011-19 David Torrance, 2020-06-18 This title which brings together leading academics and analysts examines the extraordinary revival of the Scottish Conservative Party between 2011 and Ruth Davidson's shock resignation in 2019

Culture, Thought and Belief in British Political Life Since 1800 Paul Readman, Geraint Thomas, 2024-10-15 Brings together agenda setting essays that illuminate the complex relationship between ideas and political activity in modern British history Ideas matter in modern British political life culture thought and belief are integral to the fabric of politics high and low foreign and domestic They are woven into the day to day business of debate policy and decision making This book shows how and why they have mattered so much Inspired by the work of Jonathan Parry it explores the cultural and intellectual

influences on politics both formal and informal since the turn of the nineteenth century Featuring original interventions by some of the world's leading historians the essays in the volume are organised around themes of central relevance to the understanding of modern British political history They explore a wide range of subjects across political life and its intellectual and cultural hinterlands including constitutionalism and international political thought anticolonial activism race and imperial commemoration female political thinkers parliament monarchy and the law the politics of religion and patriotism and national identity This is an agenda setting text that will be essential reading for anyone wishing to understand the complex relationship between ideas and political activity in modern British history Paul Readman is Professor of Modern British History at King's College London Dr Geraint Thomas is Fellow and Director of Studies in History at Peterhouse University of Cambridge Contributors Michael Bentley John Bew Paul Bew David Cannadine Matthew Cragoe Tom Crewe Ben Griffin Boyd Hilton Michael Ledger Lomas Joanna Lewis Helen McCarthy Alex Middleton Susan D Pennybacker Kathryn Rix James Thompson Philip Williamson

Federalism and Social Policy Scott L. Greer, Heather Elliott, 2019-05-24

Federalism and Social Policy focuses on the crucial question Is a strong and egalitarian welfare state compatible with federalism In this carefully curated collection Scott L Greer Heather Elliott and the contributors explore the relationship between decentralization and the welfare state to determine whether or not decentralization has negative consequences for welfare The contributors examine a variety of federal countries including Spain Canada and the United Kingdom asking four key questions related to decentralization 1 Are there regional welfare states such as Scotland Minnesota etc 2 How much variation is there in the structures of federal welfare states 3 Is federalism bad for welfare 4 Does austerity recentralize or decentralize welfare states By focusing on money and policy instead of law and constitutional politics the volume shows that federalism shapes regional governments and policies even when decentralization exists
