Watson Gilder,1926 **The United States in Bible Prophecy** Steve Wohlberg,2015-03-01 Yet again Steve Wohlberg tackles a subject in just a handful of words that is often buried within the pages of a huge book and answers questions of many people at the same time This time he pointedly defined the two beasts of Revelation 13 particularly the second beast that as we learn is representative of the United States In identifying the first beast he also draws from Daniel 7 as these two beasts are markedly similar While these two beasts seem to point to a gloomy future we have hope in our Lord Jesus Christ who will reign supreme Satan s days are numbered and when the last battle rages heaven s Lamb will win not the beast Repent Luke 13 3 is God s loving plea Those who respond to His offer and who then stand for the right though the heavens fall have the assurance that someday they will live forever in a land where freedom truly reigns where there is no more death neither sorrow nor crying neither shall there be any more pain for the former things are passed away Revelation 21 4 KJV

the world this work addresses two basic questions How does religion affect politics in this country and How does politics affect religion in this country Although there are many books on the topics of religion and politics reference works that consider the two together are few with those that do exist primarily addressing theory rather than trends The present work does the latter contextualizing them within regional and national boundaries In so doing it recognizes the power of political and religious ideas and movements on individuals communities and nations making the work a valuable resource for several disciplines among them political science international relations religion and sociology The work focuses on the interplay of religion and politics in countries around the world with an emphasis on the post 2000s It is organized by global geographic regions including Africa Central and South America and the Middle East and presents countries alphabetically within those sections Each region has a brief overview of the political religious dynamics of the area so readers can compare and contrast the dynamics between and among countries in a region The work also includes an introduction sidebars and a bibliography
