The United States and the Rule of Law in International Affairs ,2004 **The United States and the Rule of Law in International Affairs** John F. Murphy,2004 **The Rule of Law in International Affairs** Ian Brownlie,1998-08-26 This volume consists of a carefully edited version of the General Course on Public International Law delivered at the Hague Academy of International Law to commemorate the fiftieth anniversary of the foundation of the United Nations The author brings to them not only his background of academic distinction but his experience as a practitioner concerned with major international legal issues The rule of law in international affairs is a question of perennial concern but it is of greater moment these days for a number of reasons The active agenda of the Security Council and its relative solidarity creates a paradox Its increased political power is a source of hope but the modalities of the exercise of power present problems of principle and of legal concern Another area of concern is the International Court which has had a successful record since the early eighties and provides one of the guarantees of the maintenance of legality Recent successes of the Court include the effective resolution of the territorial dispute between Chad and Libya The general level of compliance with its decisions by States is impressive Yet its success is matched not by encouragement and enhancement of its facilities but by United Nations financial constraints which hinder its work and ultimately may threaten its independence in relation to the political organs of the United Nations **The United States and the Rule of Law in International Affairs** John F. Murphy,2004-09-16 The U S has often proclaimed its support for the rule of law in international affairs but has found it increasingly difficult to adhere to it in practice John Murphy demonstrates the wide ranging difficulties obstructing U S adherence to the rule of law He also examines the reasons for the declining U S support for the international institutions it was instrumental in creating as well as U S unwillingness to support new popular initiatives in international law **Papers relating to the foreign relations of the United States** ,1889 **Human Dignity and the Future of Global Institutions** Mark P. Lagon,Anthony Clark Arend,2014-08-20 In Human Dignity and the Future of Global Institutions contributors examine how traditional and emerging institutions are already advancing human dignity and identify strategies to make human dignity more central to the work of global institutions They explore traditional state created entities hybrid institutions and faith based organizations A Digest of the International Law of the United States Francis Wharton,1887 **A Digest of the International Law of the United States, Taken from Documents Issued by Presidents and Secretaries of State, and from Decisions of Federal Courts and Opinions of Attorneys-General** Wharton,1887 **Journal of the House of Representatives of the United States** United States.
