The Turkish Straits And Nato Hoover Institution Studies:

The Turkish Straits and NATO Ferenc Albert Váli,1972 **Turkey - Anglo-American Security Interests, 1945-1952** Ekavi Athanassopoulou,2013-02-01 This book aims to enhance our understanding of how American presence came to become consolidated through NATO in the eastern Mediterranean in the early cold war period by examining how American and British security considerations toward the region evolved between 1947 and 1952 and the impact Turkey's pressure had on American and British security thinking *The Library Catalogs of the Hoover Institution on War, Revolution, and Peace, Stanford University* Hoover Institution on War, Revolution, and Peace,1972 **Politics and Security in the Southern Region of the Atlantic Alliance** Douglas T. Stuart,1988-06-18 **Turkey: Thwarted Ambition** Simon V. Mayall,1997-12 Assesses Turkey's post Cold War security policy to the present day based on an examination of the foundations and exercise of both Turkey's defense and foreign policies From this the report assesses how far Turkey's security policy has changed since the end of the Cold War and the implications for its relationship with the West Contents historical influences on modern Turkey the state foundations of Turkish security policy the exercise of Turkish foreign policy Ataturk to Ozal the mold breaks thwarted ambition bridge or barrier facing the future Map [Turkey and Greece](#) Deniz Bölükbaşı,2012-12-06 The Aegean disputes between Turkey and Greece represent one of the longest standing contemporary conflicts in existence These disagreements encompass a wide range of issues including the seabed maritime areas and airspace of the Aegean The territorial status of a number of islands and rocks as well as specific demilitarization conferred upon Greek islands in the Eastern Aegean under international treaties is also a matter of dispute The Aegean disputes which still remain unresolved are a major source of tension and conflict in Turkish Greek relations The stalemate in reaching a settlement is liable to give rise to new frictions resulting in an acute strain on relations From time to time the disputes have erupted into crisis bringing the two countries to the verge of confrontation These disputes are immensely complex and involve a broad range of interrelated issues with complicated political and legal aspects This study represents the first attempt of its kind providing in a single volume a comprehensive review and analysis of the legal and political aspects of the Aegean disputes which constitute a unique case study in international law involving two neighbours in the Aegean that share a unique history and geography **Arms Control and Disarmament** ,1972 [Turkish-American Relations since 1783](#) TUBA ÜNLÜ BILGIÇ,BESTAMI S. BILGIÇ,2022-11-28 Recent public squabbles between American and Turkish leaders and lawmakers have led many to question what kind of an alliance Turkey and the United States have This book is directly concerned with this question and attempts to shed light on every single detail related to the nature of this alliance With discussions on the historical evolution of the bilateral relations and current disagreements on various issues such as the Turkish acquisition of Russian air defense systems and the Kurdish question in the Middle East this study offers a lucid genealogy of the Turkish American alliance for all those interested in the subject **Catalog of Copyright Entries.**

Strategically placed on the global chess board as well as controlling vast oil resources the Middle East was one of the main theatres of Cold War In the 1950s the Soviet Union had taken advantage of Arab Nationalists disillusion with British and French Imperialism along with the emerging Arab Israeli conflict to establish relations with Egypt Syria and Iraq The United States responded by moving in to shore up the Western position Confrontation was inevitable Superpower Intervention in the Middle East was written in 1978 when this confrontation was at its height The book s main theme focuses on how the superpowers became competitively involved in local Middle East conflicts over which they could exercise only limited control and the risks of nuclear confrontation of the kind which occurred at the end of the 1973 Arab Israeli war The threat to Western oil supplies is also examined This is a fascinating work of great relevance to scholars and students of Middle Eastern history and political diplomacy as well as those with an interest in the relationship between the Western superpowers and this volatile region **NATO Review** ,1974 **Getting Ready for a Nuclear-ready Iran** Henry D.
