The Unity Of Christ Continuity And Conflict In Patristic Tradition:

The Unity of Christ Christopher A. Beeley, 2012-09-25 No period of history was more formative for the development of Christianity than the patristic age when church leaders monks and laity established the standard features of Christianity as we know it today Combining historical and theological analysis Christopher Beeley presents a detailed and far reaching account of how key theologians and church councils understood the most central element of their faith the identity and significance of Jesus Christ Focusing particularly on the question of how Christ can be both human and divine and reassessing both officially orthodox and heretical figures Beeley traces how an authoritative theological tradition was constructed His book holds major implications for contemporary theology church history and ecumenical discussions and it is bound to revolutionize the way in which patristic tradition is understood **The Unity of Christ** Christopher A.

thirty years have seen an unprecedented level of interest in early Christian biblical interpretation from major scholarly initiatives to more popular resources aimed at pastors and general readers The fields of Biblical Studies and Patristics Early Christian Studies each arrived at the study of early Christian biblical interpretation largely from their own standpoints and they tend to operate in relative isolation from one another This book aims to bring the two fields into closer conversation in order to suggest new avenues into the study of the deeply biblical dimension of patristic theology as well as the contribution that patristic exegesis can make to contemporary views of how best to interpret the Bible Based on a multi year consultation in the Society of Biblical Literature The Bible and Early Trinitarian Theology features leading scholars from both fields who bring new insights to the relationship between patristic exegesis and current strategies of biblical interpretation specifically with reference to the doctrine of the Trinity Following an account of how each field came to study patristic exegesis the book offers new studies of Trinitarian theology in Old Testament Johannine and Pauline biblical texts and the patristic interpretation of them combining the insights of modern historical criticism with classical historical theology It promises to make a valuable contribution to both fields suggesting several new avenue into the study of early biblical literature and the development of Trinitarian theology **The Gospel according to Heretics** David E. Wilhite, 2015-10-13 Since what

Christian doctrine denies can be as important as what it affirms it is important to understand teachings about Jesus that the early church rejected. Historians now acknowledge that proponents of alternative teachings were not so much malicious malcontents as they were misguided or even misunderstood. Here a recognized expert in early Christian theology teaches orthodox Christology by explaining the false starts heresies making the history of theology relevant for today's church. This engaging introduction to the christological heresies is suitable for beginning students. In addition, pastors and laypeople will find it useful for apologetic purposes.

The Interpretation of Kenosis from Origen to Cyril of Alexandria Michael C. Magree, 2024. The self-emptying of Christ proclaimed in the letter to the Philippians 2:7 remains a much debated topic in modern theology and exegesis. This book brings the insights of Greek Christianity to the understanding of kenosis to illustrate that new dimensions of the topic open up when it is examined in the historical era of early Christianity.

Athanasius and the Holy Spirit Kevin Douglas Hill, 2016-12-01. Athanasius was one of the first writers to argue for the Holy Spirit's divinity and the majority of his seven dozen works include at least one reference to the Holy Spirit. Yet Athanasius is mainly remembered for his Christological writings and role in the so-called Arian controversy. Only a limited number of studies have looked at his pneumatology and these studies have usually focused on Athanasius's Letters to Serapion on the Holy Spirit ca. 359-361, leaving a gap in our understanding of Athanasius's prior pneumatology. By exploring the period from Athanasius's election as bishop 328 to the completion of the third Oratio against the Arians ca. 345, this book seeks to help fill this gap. The first part argues that by the mid-330s Athanasius had begun to establish core pneumatological perspectives that he would maintain for the rest of his career. Part two examines Athanasius's three Orations, giving particular attention to Oration 1.2. Without the pneumatological perspectives that he established in the 330s and 340s, Athanasius would not have been prepared for his Letters to Serapion where he took the next steps of confessing the Holy Spirit's divine nature and role in creating the world.

Origen and the Holy Spirit Justin J. Lee, 2023-01-23. This book is an in-depth examination of the pneumatology of Origen of Alexandria. Justin J. Lee argues that Origen conceives of the Holy Spirit as a divine person but inferior in nature in both person and work. This can be discerned from his understanding of the Son and Father as well as the influence of Middle Platonism on his theological and cosmological framework. Ontologically, Origen's understanding of Trinity is a hierarchy of divine persons in which the greater ministers to the existence of the lower. Origen's pneumatology can be best understood by examining how he speaks about the work of the Holy Spirit. The Spirit participates in the divine work of salvation, reflecting an economic Trinity of shared work and will. The Spirit's primary role is to indwell and assist the saints. There are two major actions of the Holy Spirit's work: 1) the downward action of God where the Spirit is the distributor of the divine gifts and graces, and 2) the Spirit's upward work of revelation and sanctification by which he leads the saints to the Son and Father. The Spirit thus serves as the practical and personal initiator of believers into the greater processes of salvation and deification.
