Emotional Safety Don R. Catherall,2006-11-06 Emotional Safety is designed to help couple therapists identify and conceptualize the problems of their clients and to provide solutions focusing on the two central elements of emotion and attachment Problems occur in relationships when the partners no longer feel safe being open and vulnerable with each other Emotional Safety Viewing Couples Through the Lens of Affect enables couple therapists to recognize and articulate the emotional subtext of their clients interactions The emotional safety model is based on modern affect theory and focuses on the affective tone of messages in the areas of attachment and esteem The model allows therapists to address the subtle interplay of perceived threat and emotional reaction which underlies their clients difficulties and disrupts emotional safety

Emotional Harmony Kent D. Fisher,2025-04-24 Emotional Harmony is about learning how to choose one s attitude not simply as a conscious behavioral choice but as a hardwired neurological response to any given set of circumstances Life is messy and many people

particularly those with addiction and codependency problems were never given the tools to negotiate that messiness Since Kent Fisher and Michelle Rappaport opened their therapeutic practice almost twenty years ago they have seen thousands of people who have spent their whole lives emotionally deregulated responding to life with either aggression or passivity Their job is to teach these people how to live within the emotional regulated space of choice and repair Drawing on their private practice reconstruction experiences and the research of Patrick Carnes Dan Siegel Sharon Stanley and others Kent and Michelle have developed a process of repair and renegotiation of the past and a harmonious way to respond to the present With the SomEx model change happens through 5 simple actions that evolve through the therapeutic relationship For therapist and client alike Emotional Harmony is the first book to merge the science of somatic therapies with the real world applications of experiential healing By integrating the left brain s meaning making and rationalization of our life experience with the right hemisphere s somatic processing of trauma and its consequences we move from that messy life story into the deep repair that is emotional harmony
