Vilnius Between Nations 1795-2000 Theodore:

Vilnius between Nations, 1795-2000 Theodore R. Weeks, 2015-12-04 The inhabitants of Vilnius the present day capital of Lithuania have spoken various languages and professed different religions while living together in relative harmony over the years The city has played a significant role in the history and development of at least three separate cultures Polish Lithuanian and Jewish and until very recently no single cultural linguistic group composed the clear majority of its population Vilnius between Nations 1795-2000 is the first study to undertake a balanced assessment of this particularly diverse city Theodore Weeks examines Vilnius as a physical entity where people lived worked and died as the object of rhetorical struggles between disparate cultures and as a space where the state attempted to legitimize a specific version of cultural politics through street names monuments and urban planning In investigating these aspects Weeks avoids promoting any one national narrative of the history of the city while acknowledging the importance of national cultures and their opposing myths of the city's identity The story of Vilnius as a multicultural city and the negotiations that allowed several national groups to inhabit a single urban space can provide lessons that are easily applied to other diverse cities This study will appeal to scholars of Eastern Europe urban studies and multiculturalism as well as general readers interested in the region

Imperial Russian Rule in the Kingdom of Poland, 1864-1915 Malte Rolf, 2021-11-02 Translated by Cynthia Klohr After crushing the Polish Uprising in 1863-1864 Russia established a new system of administration and control Imperial Russian Rule in the Kingdom of Poland 1864-1915 investigates in detail the imperial bureaucracy's highly variable relationship with Polish society over the next half century It portrays the personnel and policies of Russian domination and describes the numerous layers of conflict and cooperation between the Tsarist officialdom and the local population Presenting case studies of both modes of conflict and cooperation Malte Rolf replaces the old unambiguous freedom-loving Poles vs oppressive Russians narrative with a more nuanced account and does justice to the complexity and diversity of encounters among Poles Jews and Russians in this contested geopolitical space At the same time he highlights the process of provincializing the center the process by which the erosion of imperial rule in the Polish Kingdom facilitated the demise of the Romanov dynasty itself

A Polish Woman's Experience in World War II Irena Protassewicz, 2019-02-07 This hitherto unpublished first hand witness account written in 1968 9 tells the story of a privileged Polish woman whose life was torn apart by the outbreak of the Second World War and Soviet occupation The account has been translated into English from the original Polish and interwoven with letters and depositions and is supplemented with commentary and notes for invaluable historical context Irena Protassewicz s vivid account begins with the Russian Revolution followed by a rare insight into the life and mores of the landed gentry of northeastern Poland between the wars a rural idyll which was to be shattered forever by the coming of the Second World War Deported in a cattle truck to Siberia and sentenced to a future of forced labour Irena s fortunes were to change dramatically after Hitler s attack on Russia She charts the adventure and horror of life as a military nurse with the Polish Army on a journey that would take her from the wastes of Soviet Central Asia through the Middle East to an unlikely ending in the highlands of Scotland The story concludes with Irena s search to discover the wartime and post war fate of her family and friends on both sides of the Iron Curtain and the challenges of life as a refugee in Britain A Polish Woman s Experience in World War II provides a compelling personal route into understanding how the greatest conflict of the 20th century transformed the lives of the individuals who lived through it

Russia's Entangled Embrace Stephen Badalyan Riegg, 2020-07-15 Russia s Entangled Embrace traces the relationship between the Romanov state and the Armenian diaspora that populated Russia s territorial fringes and navigated the tsarist empire s metropolitan centers By engaging the ongoing debates about imperial structures that were simultaneously symbiotic and hierarchically ordered Stephen Badalyan Riegg helps us to understand how for Armenians and some other subjects imperial rule

represented not hypothetical clear cut alternatives but simultaneous messy realities He examines why and how Russian architects of empire imagined Armenians as being politically desirable These circumstances included the familiarity of their faith perceived degree of social political or cultural integration and their actual or potential contributions to the state s varied priorities Based on extensive research in the archives of St Petersburg Moscow and Yerevan Russia s Entangled Embrace reveals that the Russian government relied on Armenians to build its empire in the Caucasus and beyond Analyzing the complexities of this imperial relationship beyond the reductive question of whether Russia was a friend or foe to Armenians allows us to study the methods of tsarist imperialism in the context of diasporic distribution interimperial conflict and alliance nationalism and religious and economic identity The Stories Old Towns Tell Marek Kohn,2023-04-25 A journey through Europe s old towns exploring why we treasure them but also what they hide about a continent s fraught history A fascinating chronicle Benjamin Balint Wall Street Journal Historic quarters in cities and towns across the middle of Europe were devastated during the Second World War some like those of Warsaw and Frankfurt had to be rebuilt almost completely They are now centers of peace and civility that attract millions of tourists but the stories they tell about places peoples and nations are selective They are never the whole story These old towns and their turbulent histories have been key sites in Europe s ongoing theater of politics and war Exploring seven old towns from Frankfurt and Prague to Vilnius in Lithuania the acclaimed writer Marek Kohn examines how they have been used since the Second World War to conceal political tensions and reinforce certain versions of history Uncovering hidden stories behind these old and old seeming faades Kohn offers us a new understanding of the politics of European history making showing how our visits to old towns could promote belonging over exclusion and empathy over indifference **Cross Purposes** Magdalena Waligórska,2022-12-22 Traces the controversial history of how the symbol of the cross in modern Poland has been appropriated by different secular projects *Lithuania* Richard Butterwick,2025-08-21 Lithuania is often portrayed as a small nation state that has survived against the odds of history together with Estonia and Latvia it won independence at the end of the First World War lost it to the Soviet Union in 1939 40 regained it in 1990 1 and joined NATO and the EU in 2004 angering the Kremlin But Lithuania s rich and complex history stretches back much further than these events and much further than many realise In the fourteenth century Europe s last pagan dynasty ruled a vast empire stretching from forests on the Baltic shores to the steppes north of the Black Sea Forging a remarkable liberty based union with the Kingdom of Poland for 400 years the Grand Duchy of Lithuania blocked Moscow s pretensions to rule all of Rus particularly Belarus and Ukraine Yet it was in competition with Poles and under Russian imperial rule that the modern ethnic Lithuanian nation emerged in the nineteenth century This is a lively and accessible history of a fascinating country that was once much larger than it is today a land where for centuries peoples and communities including Belarusians Ukrainians Germans Poles Russians Jews Karaites and Tatars lived together in concord and discord **A History of the Baltic States** Andres

Kasekamp, 2017-10-26 In this key textbook Andres Kasekamp masterfully traces the development of Estonia Latvia and Lithuania from the northern crusades against Europe's last pagans and Lithuania's rise to become one of medieval Europe's largest states to their incorporation into the Russian Empire and the creation of their modern national identities Employing a comparative approach a particular emphasis is placed upon the last one hundred years during which the Baltic states achieved independence endured occupation by the Soviet Union and Nazi Germany and transformed themselves into members of the European Union This is an essential textbook for undergraduate students taking modules on Eastern or Central European History Communism and Post Communism the Soviet Union or Baltic Culture and Politics Engaging and accessible this is also an ideal introduction to the Baltic States for general readers **On Civilization's Edge** Kathryn Ciancia, 2021 Inhaltsverzeichnis A Conversation On the Edge In the World Democracy as Civilizing Mission The Integration Myth The Many Meanings of the Border Polish Towns Jewish Towns Depoliticizing the Volhynian Village Regionalism or The Limits of Inclusion Thinking Technocratically
