[The Beginning of Desire](#) Avivah Gottlieb Zornberg, 2011-02-01 NATIONAL JEWISH BOOK AWARD WINNER A brilliant interpretation of familiar biblical narratives that deserves to be the most widely read book on the Bible in years perhaps decades Jewish Exponent Since its publication in 1995 The Beginning of Desire has opened new pathways in the reading of the Bible Avivah Gottlieb Zornberg's innovative use of midrash literature philosophy and psychoanalysis draws deeply upon the familiar biblical

narratives to produce interpretations that are at once startlingly beautiful and completely authentic Illuminating the tensions that grip human beings as they search for an encounter with God Zornberg gives us a brilliant analysis of the stories of Adam and Eve Noah Abraham and Sarah Isaac and Rebecca Jacob Rachel and Leah and Joseph and his brothers *The Pentateuch as Narrative* John H. Sailhamer,2017-03-21 Most scholars studying the first five books of the Bible either attempt to dissect it into various pre pentateuchal documents or at the very least analyze Genesis Exodus Leviticus Numbers and Deuteronomy as separate self contained documents The Pentateuch As Narrative focuses on the narrative and literary continuity of the Pentateuch as a whole It seeks to disclose how the original Jewish readers may have viewed this multivolume work of Moses Its central thesis is that the Pentateuch was written from the perspective of one who had lived under the Law of the Covenant established at Mount Sinai and had seen its failure to produce genuine trust in the Lord God of Israel In this context the Pentateuch pointed the reader forward to the hope of the New Covenant based on divine faithfulness Throughout the commentary Dr Sailhamer pays close attention to and interacts with a wide range of classical and contemporary literature on the Pentateuch written by Jews Catholics and Protestants **Storytelling in Christian Art from Giotto to Donatello** Jules Lubbock,2006-01-01 Recounting the biblical stories through visual images was the most prestigious form of commission for a Renaissance artist In this book Jules Lubbock examines some of the most famous of these pictorial narratives by artists of the caliber of Giovanni Pisano Duccio Giotto Ghiberti Brunelleschi Donatello and Masaccio He explains how these artists portrayed the major biblical events such as the Sacrifice of Isaac the Annunciation the Feast of Herod and the Trial and Passion of Jesus so as to be easily recognizable and at the same time to capture our attention and imagination for long enough to enable us to search for deeper meanings He provides evidence showing that the Church favoured the production of images that lent themselves to being read and interpreted in this way and he describes the works themselves to demonstrate how the pleasurable activity of deciphering these meanings can work in practice This book is richly illustrated and many of its photographs have been specially taken to show how the paintings and relief sculptures appear in the settings for which they were originally designed Seen from these viewpoints they become more readily intelligible Likewise the starting point and the originality of Lubbock s interpretations lies in his accepting that these works of art were primarily designed to help people to reflect upon the ethical and religious significance of the biblical stories The early Renaissance artists developed their highly innovative techniques to further these objectives not as ends in themselves Thus the book aims to appeal to students scholars and the general public who are interested in Renaissance art and to those with a religious interest in biblical imagery **Exalting Jesus in Genesis** Phillip Bethancourt,2024-04-15 Edited by David Platt Daniel L Akin and Tony Merida this commentary series takes a Christ centered approach to expositing each book of the Bible Each chapter explains and applies key passages providing helpful outlines for study and teaching **NLT Art of Life Holy Bible: A Visual Celebration** Tyndale,2021-02-23 What distinguishes this edition of the New Living Translation of the Bible are the

line drawings by Dina Danosa of plants animals landscapes and people mentioned in Scripture

Vision and Meaning in Ninth-Century Byzantium Leslie Brubaker, 1999-02-25 The Byzantines used imagery to communicate a wide range of issues In the context of Iconoclasm the debate about the legitimacy of religious art conducted between c AD 730 and 843 Byzantine authors themselves claimed that visual images could express certain ideas better than words Vision and Meaning in Ninth Century Byzantium deals with how such visual communication worked and examines the types of messages that pictures could convey in the aftermath of Iconoclasm Its focus is on a deluxe manuscript commissioned around 880 a copy of the fourth century sermons of the Cappadocian church father Gregory of Nazianzus which presented to the Emperor Basil I founder of the Macedonian dynasty by one of the greatest scholars Byzantium ever produced the patriarch Photios The manuscript was lavishly decorated with gilded initials elaborate headpieces and a full page miniature before each of Gregory's sermons Forty six of these including over 200 distinct scenes survive Fewer than half however were directly inspired by the homily that they accompany Instead most function as commentaries on the ninth century court and carefully deconstructed both provide us with information not available from preserved written sources and perhaps more important show us how visual images communicate differently from words
