Brenda J. Mizgorski

Warning Corporate Finance Ivo Welch:

The Financial Economics of Privatization William L. Megginson, 2005-01-13 Since 1981 over 100 governments around the world have raised over 1 trillion through the sale of SOEs to private investors Privatization programs have transformed the role of the state in virtually all major economies and have massively increased the capitalization and liquidity of all non U S stock markets The focus of this book lies on where privatization stands today and what are the next frontiers the why and how behind countries who privatize certain industries whether privatization works as an economic tool and important insights relevant to financial institutions such as how to value privatized industries how share offerings differ from private offerings and how countries go about harnessing private capital The book will also represent a key and unique source for information related to the details of asset sales privatization a summary of statistics of privatized companies from 54 international stock exchanges regulatory changes and sources for privatization information for investors government officials bankers and financial specialists The volume will serve as an invaluable reference for professionals and as a core or supplementary text in privatization courses

Behavioral Finance H. Kent Baker, John R. Nofsinger, 2010-10-05 A definitive guide to the growing field of behavioral finance This reliable resource provides a comprehensive view of behavioral finance and its psychological foundations as well as its applications to finance Comprising contributed chapters written by distinguished authors from some of the most influential firms and universities in the world Behavioral Finance provides a synthesis of the most essential elements of this discipline including psychological concepts and behavioral biases the behavioral aspects of asset pricing asset allocation and market prices as well as investor behavior corporate managerial behavior and social influences Uses a structured approach to put behavioral finance in perspective Relies on recent research findings to provide guidance through the maze of theories and concepts Discusses the impact of sub optimal financial decisions on the efficiency of capital markets personal wealth and the performance of corporations Behavioral finance has quickly become part of mainstream finance If you need to gain a better understanding of this topic look no further than this book
