Law Commission,2012 This joint discussion paper covers the following issues the business insured s duty of disclosure and the law of warranties Under current law a business policyholder has a duty to disclose every material circumstance it knows about the risk it wants to insure Failure to do so entitles the insurer to avoid the contract which means the insurer may treat it as if it did not exist and refuse all claims The duty is unclear and sometimes poorly understood while the consequence of breach is too harsh The proposals aim to clarify how policyholders are expected to comply with the duty when presenting a risk to insurers and to encourage insurers to assist them in that task Fairer remedies for breach where the policyholder has not been dishonest are proposed An insurance warranty is an important term which unless exactly complied with by the policyholder results in the automatic discharge of the insurer s liability for loss It makes no difference if the breach is trivial not material to the risk or if the policyholder remedies the breach prior to loss being incurred The Commissions propose that breach of a warranty should suspend the insurer s liability for the duration of the breach remedy of the breach restores liability Where a term is designed to reduce a particular type of risk liability should only be suspended

in relation to that risk This would be mandatory for consumer insurance but subject to freedom to contract for business insurance

Illegality in Marine Insurance Law Feng Wang,2016-09-13 Illegality in Marine Insurance Law is the first book to deal specifically with illegality in the context of marine insurance law Previously this issue has only ever been partially covered within analysis and criticism of Section 41 of the Marine Insurance Act 1906 and warranties However Dr Wang Feng goes much further than this by considering its impact on the common law relevant to marine insurance in many jurisdictions worldwide The book addresses whether the existing law represents an accurate codification of the former authorities and whether Section 41 truly reflects existing legal principles As well as this the book examines how correctly to approach illegality within the context of marine insurance considering the fundamental changes to the rule of breach of warranty introduced by the Insurance Act 2015 Of interest to academic researchers and practitioners in common law and civil law jurisdictions this book provides rigorous analysis of the illegality issue and a conceptual approach for various approaches to reform marine insurance law It is a unique and comprehensive guide to illegality in marine insurance law
