subjectivities in select horror films across seven major languages Hindi Tamil Telugu Kannada Bangla Marathi and Malayalam The author shows that the alienation of the body and bodily functions through the medium of the horror film serves to deconstruct stereotypes of caste class gender and anthropocentrism Some riveting insights emerge thus such as the masculinist undertow of the possession narrative and how complex structures of resistance accompany the anxieties of culture via the dread of laughter This original account of Indian cinematic history is accessible yet strongly analytical and includes an exhaustive filmography The book will interest scholars and researchers in film studies media and cultural studies art popular culture and performance literature gender sociology South Asian studies practitioners filmmakers as well as cinephiles
