Watching TV--four Decades of American Television Harry Castleman, Walter J. Podrazik, 1982 Listing every prime time schedule by season since 1944 this survey traces the development of the television entertainment industry and uncovers a treasure of little known facts and anecdotes about TV

The Columbia History of American Television Gary Richard Edgerton, 2007 Richly researched and engaging The Columbia History of American Television tracks the growth of TV into a convergent technology a global industry a social catalyst a viable art form and a complex and dynamic reflection of the American mind and character Renowned media historian Gary R Edgerton follows the technological progress and increasing cultural relevance of television from its prehistory before 1947 to the Network Era 1948 1975 and the Cable Era 1976 1994 He considers the remodeling of television s look and purpose during World War II the gender racial and ethnic components of its early broadcasts and audiences its transformation of postwar America and its function in the political life of the country In conclusion Edgerton takes a discerning look at our current Digital Era and the new forms of instantaneous communication that continue to change America s social political and economic landscape

Watching TV Harry Castleman, Walter J. Podrazik, 2016-01-04 Castleman and Podrazik present a sweeping season by season story capturing the essence of television from its inception to the contemporary era of anytime access and online streaming including every prime time fall schedule since 1944 The authors have dug through the mounds of obscure facts offbeat anecdotes and corporate strategies that have made television a multibillion dollar industry Watching TV provides a fascinating history of how the personalities popular shows and coverage of key events have evolved across eight decades Full of facts firsts insights and exploits as well as rare and memorable photographs Watching TV is the standard history of American television This third edition includes coverage up through the mid 2010s and looks ahead to the next waves of change

Watching TV Religiously (Engaging Culture) Kutter Callaway, Dean Batali, 2016-11-15 Helping Christians Understand the Power and Meaning of TV Since its inception television has captured the cultural imagination Outside of work and sleep it is now the primary preoccupation of most Americans Individuals consume upward of five hours of TV daily even more when taking into account viewing done online and on mobile devices TV is so ingrained in the fabric of everyday life that it can t help but function as one of the primary means through which we make sense of our lives and the world This book shows that television as a technology a narrative art form a commodity and a portal for our ritual lives confronts viewers theologically Whether its content is explicitly spiritual or not TV routinely invites and sometimes demands theological reflection This book articulates something of the presence and activity of God in the golden age of TV and forges an appropriate response to an ever changing cultural form It constructs a theology of television that allows for both celebration and critique helping Christians more fully understand and appreciate the power and meaning of TV A supplemental website provides additional resources conversations and close readings of TV programs

Television Brandcasting Jennifer Gillan, 2014-11-20 Television Brandcasting examines U S

television's utility as a medium for branded storytelling. It investigates the current and historical role that television content promotion and hybrids of the two have played in disseminating brand messaging and influencing consumer decision making. Juxtaposing the current period of transition with that of the 1950s/1960s, Jennifer Gillan outlines how in each era new technologies unsettled entrenched business models; an emergent viewing platform threatened to undermine an established one; and content providers worried over the behavior of once dependable audiences. The anxieties led to storytelling promotion and advertising experiments including the Disneyland series, embedded rock music videos in *Ozzie & Harriet*, credit sequence brand integration, *Modern Family*'s parent company promotion episodes, second screen initiatives, and social TV experiments. Offering contemporary and classic examples from the American Broadcasting Company, Disney Channel, ABC Family, and Showtime alongside series such as *Bewitched*, *Leave It to Beaver*, *Laverne Shirley*, and *Pretty Little Liars*, individual chapters focus on brandcasting at the level of the television series, network schedule, Blu-ray/DVD/Digital combo pack, the promotional short, the cause marketing campaign, and across social media. In this follow-up to her successful previous book *Television and New Media Must Click*, TV Gillan provides vital insights into television's role in the expansion of a brand-centric U.S. culture.

Television Program Master Index Charles V. Dintrone, 2014-02-01. This work indexes books, dissertations, and journal articles that mention television shows. Memoirs, autobiographies, biographies, and some popular works meant for fans are also indexed. The major focus is on service to researchers in the history of television. Listings are keyed to an annotated bibliography. Appendices include a list of websites, an index of groups or classes of people on television, and a list of programs by genre. Changes from the second edition include more than 300 new shows airing on a wider variety of networks, 2000 plus references (more than double the second edition), and a large increase in scholarly articles. The book provides access to materials on almost 2300 shows, including groundbreaking ones like *All in the Family* (almost 200 entries), cult favorites like *Buffy the Vampire Slayer* (200 plus entries), and a classic franchise *Star Trek* (more than 400 entries) for all the shows. The shows covered range from the late 1940s to 2010. *The Walking Dead* references range from 1956 to 2013.

Watching TV Harry Castleman, Walter J. Podrazik, 2016. *1950s American Style: A Reference Guide (soft cover)* Daniel Niemeyer, 2013. *Facets of the Fifties: A reference guide to an iconic Decade of Movie Palaces, Television, Classic Cars, Sports, Department Stores, Trains, Music, Food, Fashion, and more*. *Real People and the Rise of Reality Television* Michael McKenna, 2015-06-25. The origins of, and in many ways the prototype for, modern reality programming can be traced to *Real People*, a show that premiered on the NBC network in April of 1979. An instant ratings success, *Real People* appealed to an audience that clamored for stories about everyday men and women. However, many of the vignettes focused on individuals who were far from average: eccentric collectors, allegedly talented performers, and inspirational overachievers, many of whom could be called quirky, if not just plain weird. In the wake of the show's success, a rash of imitators followed. What had started out as a counter-programming gamble became the norm, and now the television airwaves are littered with reality shows. In

Real People and the Rise of Reality Television Michael McKenna looks at the show that started a trend in television viewing one that now permeates not only the major networks but almost all of cable channels as well McKenna traces the history of reality programming back to the early days of television up to the late 1970s when networks were beginning to take a chance on non scripted prime time shows The author provides an in depth look at how Real People evolved from profiles of peculiar characters to an almost weekly display of hyper patriotism largely fueled by a desperate desire to recover from the disappointments of the 1970s McKenna also charts the rise of shows that aimed to duplicate Real People s success That s Incredible The People s Court COPS America s Funniest Home Videos and MTV s The Real World Though Real People was cancelled in 1984 reality themed programming flourished and this look at the show s history makes for a fascinating read Fans of nonfiction programs owe a debt to the show that started it all and Real People and the Rise of Reality Television provides readers with insights into how and why one show changed the cultural landscape forever **This Business of Television** Howard J. Blumenthal, Oliver R. Goodenough, 2006 This publication reflects the changes in television both domestically and internationally and is a useful guide to the legal economic and production aspects of the industry
