Some online services provide ready-to-use online modules, some do not, but for online tests you must have a test bank. So an online module is a module database containing questions with just one or two extra features. (There are also examples of more advanced modules.) The test bank module includes questions, answers and features of the test software. If you have a test bank you can transform that you have the test questions and answers in a traditional exam using a computer. The module is available in a number of formats, such as a word document.
