radical and irreconcilable disjunction between appearance and reality perception and truth In many ways the well constructed weird tale strongly resembles the hard boiled detective story or the noir thriller in that the resolution of the narrative hinges upon a dramatically shattering confrontation with an unspeakable reality Apart from its obvious utilization of conspiracy theory the primary attraction of the Lovecraftian text lies with its remarkably sophisticated utilization of two central tropes of classical aesthetic theory the sublime and the grotesque Not only does Lovecraft s oeuvre represent a remarkable use of both of these motifs but the raw literary power of the Lovecraftian weird tale serves as an outstanding exemplar for the parapolitical scholar to emulate in formulating an alternative mode of discourse or poetics
