The Transatlantic Century Europe And America 1890 2010 New Approaches To European History:

The Transatlantic Century Mary Nolan, 2012-10-11 This is a fascinating new overview of European American relations during the long twentieth century Ranging from economics culture and consumption to war politics and diplomacy Mary Nolan charts the rise of American influence in Eastern and Western Europe its mid twentieth century triumph and its gradual erosion since the 1970s She reconstructs the circuits of exchange along which ideas commodities economic models cultural products and people moved across the Atlantic capturing the differing versions of modernity that emerged on both sides of the Atlantic and examining how these alternately produced co operation conflict and ambivalence toward the other Attributing the rise and demise of American influence in Europe not only to economics but equally to wars the book locates the roots of many transatlantic disagreements in very different experiences and memories of war This is an unprecedented account of the American Century in Europe that recovers its full richness and complexity *The Unfinished History of European Integration* Koen Zon, Matthew Broad, Aleksandra Komornicka, Paul Reef, Alessandra Schimmel, 2025-10-01 The Unfinished History of European Integration is a companion to the history of the European Union From the aftermath of the First World War to the EU of 27 member states and Russia's invasion of Ukraine it guides the reader past the main events crucial sites and key actors that shaped the EU we know today How did it evolve from a market project to a geopolitical force what explains the expansion of its membership institutions policies and the resistance to this growth and why does it function as it does This book provides more than just a chronological account of over seventy years of European integration It also shows how observers past and present have made sense of the EU The Unfinished History of European Integration is therefore a unique introduction for readers with different disciplinary backgrounds to understanding the EU If over seventy years of European integration have taught us anything it is that fundamental crises as well as moments of rapid institutional change have been constants in its history Design and Politics Katarina Serulus, 2018-10-08 The unique position of design in the political context of postwar Belgium In the postwar era design became important as a marker of modernity and progress at world fairs and international exhibitions and in the global markets The Belgian state took a special interest in this vanguard phenomenon of industrial design as a vital political and economic strategic tool in the context of the Cold War and the creation of the European community This book describes the unique position that design occupied in the political context of postwar Belgium as it analyses the public promotion of design between 1950 and 1986 It traces this process from the first government backed manifestations and institutions in the 1950s through the 1960s and 1970s until design lost its privileged position as a state backed institution a process which culminated in the closure of the Brussels Design Centre in 1986 in the midst of the Belgian federalisation process A key figure in this history is the policymaker Josine des Cressonni res who played a leading role in the national and international design community and succeeded in connecting very different political worlds through the medium of design The Spread of the Modern Central Bank and Global Cooperation Barry

Eichengreen, Andreas Kakridis, 2023-11-16 Central banks were not always as ubiquitous as they are today Their functions were circumscribed their mandates ambiguous and their allegiances once divided The inter war period saw the establishment of twenty eight new central banks most in what are now called emerging markets and developing economies The Emergence of the Modern Central Bank and Global Cooperation provides a new account of their experience explaining how these new institutions were established and how doctrinal knowledge was transferred Combining synthetic analysis with national case studies this book shows how institutional design and monetary practice were shaped by international organizations and leading central banks which attached conditions to stabilization loans and dispatched money doctors It highlights how many of these arrangements fell through when central bank independence and the gold standard collapsed US American Expressions of Utopian and Dystopian Visions Saskia Fürst, Yvonne Kaisinger, Ralph Poole, 2017 This collection takes stock of current discourses in American studies on the political valence of American utopias be they as religious diasporas or as socialist experiments fantastic or realist successful or failed The included essays take into account the spatiality of utopias especially in their visionary scope analyze currents in literary utopias and look at dystopian visions in literature This volume strives to keep alive the long tradition of writers artists and scholars who warned against imminent disasters and envisioned ways to counter such ruinous bearings Series American Studies in Austria Vol 17 Subject Sociology Literary Studies

America's Century in Europe Mary Nolan, 2023-09-27 Transnationale Geschichte als Schlüssel zur nationalen Geschichte Amerikanisierung und Antiamerikanismus sind in Deutschland und Europa im 20 Jahrhundert allgegenwärtige sich wandelnde und umstrittene Phänomene gewesen Sie haben die einzelnen Nationen und die transatlantischen Beziehungen tiefgreifend geprägt Mary Nolan Expertin für deutsche und transnationale Geschichte untersucht wie die Europäer von amerikanischen Wirtschafts Kultur und Politikmodellen beeinflusst wurden und mit ihnen umgingen Dabei entstanden hybride Gesellschaften und politische Systeme die sich manchmal deutlich von den Vereinigten Staaten unterschieden in jüngerer Zeit aber angesichts von Wirtschafts und Migrationskrisen und rechtsradikalem Populismus die dortigen Entwicklungen widerspiegeln Wie die Aufsätze von Mary Nolan zeigen waren die diplomatischen Beziehungen und die Visionen von der globalen Ordnung eine ständige Quelle transatlantischer Konflikte Das Gleiche gilt für Fragen zu Frauen Geschlecht und Sexualität Die transatlantischen Beziehungen werden häufig auf sehr geschlechtsspezifische Weise erzählt Nolan zeigt dass die transnationale Geschichte neue Einblicke sowohl in die nationale Geschichte als auch in die internationalen Beziehungen bietet Transnational history as a key to national history

Americanization and anti Americanism have been pervasive shifting and contested phenomena in twentieth century Germany and Europe They have profoundly shaped individual nations and transatlantic relations Mary Nolan a scholar of German and transnational history investigates how Europeans were influenced by and negotiated with American economic cultural and political models creating hybrid societies and polities that sometimes looked markedly different from the United States but more recently with economic and migration crises and right radical populism mirror developments there As Mary Nolan s essays show diplomatic relations and visions of the global order have been a persistent source of transatlantic conflict So too have been questions of women gender and sexuality Transatlantic relations are frequently narrated in highly gendered ways Nolan demonstrates that transnational history offers new insights into both national histories and international relations
