The Universal Jew Masculinity Modernity And The Zionist Moment:

The Universal Jew Mikhal Dekel, 2010 **Jewish Contiguities and the Soundtrack of Israeli History** Assaf Shelleg, 2014 Jewish Contiguities and the Soundtrack of Israeli History revolutionizes the study of modern Israeli art music by tracking the surprising itineraries of Jewish art music in the move from Europe to Mandatory Palestine and Israel Leaving behind clichés about East and West Arab and Jew this book provocatively exposes the legacies of European antisemitism and religious Judaism in the making of Israeli art music *Queer Jewish Lives Between Central Europe and Mandatory Palestine* Andreas Kraß, Moshe Sluhovsky, Yuval Yonay, 2021-12-03 When queer Jewish people migrated from Central Europe to the Middle East in the first half of the 20th century they contributed to the creation of a new queer culture and community in Palestine This volume offers the first collection of studies on queer Jewish lives between Central Europe and Mandatory Palestine While the first section of the book presents queer geographies including Germany Austria Poland and Palestine the second section introduces queer biographies between Europe and Palestine including the sexologist Magnus Hirschfeld 1868 1935 the writer Hugo Marcus 1880 1966 and the artist Annie Neumann 1906 1955 *Men of Valor and Anxiety* Mariusz Kalczewiak, 2025-10-14 At the turn of the twentieth century Jewish men in Eastern Europe lived in a social reality in which both Jewish and non Jewish men and women tested debated and redesigned masculinities Men of Valor and Anxiety explores how religion class divisions antisemitism new domesticity and militarization changed masculine ideas and practices in Eastern Europe between the 1890s and 1930s Author Mariusz Kalczewiak applies recent paradigms of gender theory and social history to offer a sensitive historical analysis of personal memoirs advice books archives of Jewish institutions and journalistic commentaries This study ventures into the military barracks yeshivot study halls fraternity parties and Jewish homes to demonstrate how complex Jewish masculinities were between orthodoxy acculturation Polish and Jewish nationalisms and changing notions of domesticity and profession Focusing on an ethnic minority in a country that first struggled for independence and later embarked on an accelerated modernization project Men of Valor and Anxiety is the first book to demonstrate how the links between ethnicity and gender were constructed within both global and local contexts

In Their Surroundings Efrat Gal-Ed, Natasha Gordinsky, Sabine Koller, Yfaat Weiss, 2022-12-12 From the second half of the nineteenth century through to World War II Eastern Europe especially the territories that formerly made up the Pale of Settlement in the Tsarist Empire witnessed a Jewish cultural flowering that went hand in hand with a multifaceted literary productivity in the Hebrew and Yiddish languages Accompanied and sometimes directly affected by the dramatic political ruptures of the era many authors experimented with various modernist poetics in the context of a culturally and literarily closely interwoven milieu This beautifully illustrated catalogue presents for the first time some of the key figures of the era including in each case a portrait of the author and a close reading of selected texts including Yosef ayim Brenner Leah Goldberg Moyshe Kulbak and Deborah Vogel Of particular interest here is the productive entanglement of cultures and

literatures of cultural contact and transfer and the significance of space and place for the development of modern Jewish literatures **The German-Hebrew Dialogue** Amir Eshel, Rachel Seelig, 2017-12-18 In the wake of World War II and the Holocaust it seemed there was no place for German in Israel and no trace of Hebrew in Germany the two languages and their cultures appeared as divergent as the directions of their scripts Yet when placed side by side on opposing pages German and Hebrew converge in the middle Comprised of essays on literature history philosophy and the visual and performing arts this volume explores the mutual influence of two linguistic cultures long held as separate or even as diametrically opposed From Moses Mendelssohn's arrival in Berlin in 1748 to the recent wave of Israeli migration to Berlin the essays gathered here shed new light on the painful yet productive relationship between modern German and Hebrew cultures *Flesh of My Flesh* Ilana Szobel, 2021-07-01 Finalist for the 2021 Best Book in Israel Studies presented by the Azrieli Institute of Israel Studies and Concordia University Library *Flesh of My Flesh* looks at one of the most silenced and repressed aspects of Israeli culture by examining the trope of sexual violence in modern Hebrew literature Ilana Szobel explores how sexual violence participates in encourages or resists concurrent ideologies in Jewish and Israeli culture and situates the rhetoric of sexual aggression within the contexts of gender ethnicity disability and national identity Focusing on writings of incest survivors Sephardi authors wounded soldiers and Hebrew authors such as Shoshana Shababo Gershon Shofman Hayim Nahman Bialik Yoram Kaniuk Amalia Kahana Carmon and Tsvia Litvsky Szobel unveils the various roles of sexual violence in destabilizing hegemonic notions or reinforcing norms and modes of conduct Thus while the book looks at poetic and social possibilities of action in relation to sexual violence it also exposes the Gordian knot of sexualized gender based violence and the interests of patriarchy heteronormativity nationalism racism and ableism *New Books on Women, Gender and Feminism*, 2013

New Books on Women and Feminism, 2013 **Tehran Children** Mikhal Dekel, 2019-10-08 Author Mikhal Dekel's father Hannan Teitel and her aunt Regina were two of these refugees After they fled the town in eastern Poland where their family had been successful brewers for centuries they endured extreme suffering in the Soviet forced labor camps known as special settlements Then came a journey during which tens of thousands died of starvation and disease en route to the Soviet Central Asian Republics of Uzbekistan and Kazakhstan While American organizations negotiated to deliver aid to the hundreds of thousands of Polish Jews who remained there Dekel's father and aunt were two of nearly one thousand refugee children who were evacuated to Iran where they were embraced by an ancient Persian Jewish community Months later their Zionist caregivers escorted them via India to Mandatory Palestine where at the endpoint of their thirteen thousand mile journey they joined hundreds of thousands of refugees including over one hundred thousand Polish Catholics The arrival of the Tehran Children was far from straightforward as religious and secular parties vied over their futures in what would soon be Israel Beginning with the death of the inscrutable Tehran Child who was her father Dekel fuses memoir with extensive archival research to recover this astonishing story with the help of travel companions and interlocutors including an Iranian

colleague a Polish PiS politician a Russian oligarch and an Uzbek descendent of Korean deportees The history she uncovers is one of the worst and the best of humanity The experiences her father and aunt endured along with so many others ultimately reshaped and redefined their lives and identities and those of other refugees and rescuers profoundly and permanently during and after the war With literary grace *Tehran Children* presents a unique narrative of the Holocaust whose focus is not the concentration camp but the refugee and whose center is not Europe but Central Asia and the Middle East

Masculinity, Modernity and the Making of a Jewish National Subject Mikhal Dekel, 2005 Examines the construction of the Jewish national subject in pre statehood literature tracing the emergence of this subject in early Zionist and proto Zionist literature of the late nineteenth and early twentieth centuries More specifically the readings in this dissertation explore the fusion between masculinity gender construction and citizenship

Unheroic Conduct Daniel Boyarin, 1997-06-13 In a book that will both enlighten and provoke Daniel Boyarin offers an alternative to the prevailing Euroamerican warrior patriarch model of masculinity and recovers the Jewish ideal of the gentle receptive male The Western notion of the aggressive sexually dominant male and the passive female reaches back through Freud to Roman times but as Boyarin makes clear such gender roles are not universal Analyzing ancient and modern texts he reveals early rabbis studious family oriented as exemplars of manhood and the prime objects of female desire in traditional Jewish society Challenging those who view the feminized Jew as a pathological product of the Diaspora or a figment of anti Semitic imagination Boyarin argues that the Diaspora produced valuable alternatives to the dominant cultures overriding gender norms He finds the origins of the rabbinic model of masculinity in the Talmud and though unrelentingly critical of rabbinic society's oppressive aspects he shows how it could provide greater happiness for women than the passive gentility required by bourgeois European standards Boyarin also analyzes the self transformation of three iconic Viennese modern Jews Sigmund Freud the father of psychoanalysis Theodor Herzl the founder of Zionism and Bertha Pappenheim Anna O the first psychoanalytic patient and founder of Jewish feminism in Germany Pappenheim is Boyarin's hero it is she who provides him with a model for a militant feminist anti homophobic transformation of Orthodox Jewish society today Like his groundbreaking *Carnal Israel* this book is talmudic scholarship in a whole new light with a vitality that will command attention from readers in feminist studies history of sexuality Jewish culture and the history of psychoanalysis

Eros and Tragedy Ofer Nordheimer Nur, 2014 Between 1920 and 1922 hundreds of members of the Hashomer Hatzair youth movement left the defunct Habsburg Monarchy and sailed to Palestine where a small group of members of the movement established Upper Bitania one of the communities that laid the foundation for Israel's kibbutz movement Their social experiment lasted only eight months but it gave birth to a powerful myth among Jewish youth which combined a story about a heroic Zionist deed based on the trope of tragedy with a model for a new type of community that promised no less than a total absolute elimination of all physical and mental barriers between isolated individuals and their fusion into one entity This entity was named the erotic community In its quest for

human regeneration Upper Bitania embarked on a journey into a highly specific variant of modern life that at its core tried to combine the most profound Nietzscheanism with the insights of Sigmund Freud all in an anti capitalist quest for an organic community of new men The quest for a new man was to compensate for a crisis of manliness and betrays an obsession with masculinity and male bonding and their effects on the ideal man and woman **Muscular Judaism** Todd Samuel Presner, 2007-04-30 Providing valuable insights into an element of European nationalism and modernist culture this book explores the development of the Zionist body as opposed to the traditional stereotype of the physically weak intellectual Jew It charts the cultural and intellectual history showing how the Muscle Jew developed as a political symbol of national regeneration *Jewish Masculinities* Benjamin Maria Baader, Sharon Gillerman, Paul Lerner, 2012-07-18 Studies exploring the history of the German Jewish male identity from the sixteenth to twentieth centuries across a myriad of societal occupations Stereotyped as delicate and feeble intellectuals Jewish men in German speaking lands in fact developed a rich and complex spectrum of male norms models and behaviors *Jewish Masculinities* explores conceptions and experiences of masculinity among Jews in Germany from the sixteenth through the late twentieth century as well as emigrants to North America Palestine and Israel The volume examines the different worlds of students businessmen mohels ritual slaughterers rabbis performers and others shedding new light on the challenge for Jewish men of balancing German citizenship and cultural affiliation with Jewish communal solidarity religious practice and identity A valuable addition to the growing field of Jewish gender history Derek Penslar University of Toronto This book assembles innovative vivid and inspiring inquiries into the intersection of Jewish history German history and gender history By focusing on the male side of Jewish gender history this book establishes a new field profiting from a broad range of never or rarely before used primary sources such as memoirs letters interviews and obscure tabloids *German Studies Review* May 2014 A n excellent introduction to the Zionist remasculinization of the Jewish male *H Judaic* February 2015 I nsightful innovative and largely entertaining T his volume makes a very valuable and original contribution to German Jewish history German History Historians of central Europe will be enriched by the interrogations of theory along with excavations of little known yet critical avenues of Jewish history in this excellent volume *Central European History* Brother Keepers Harry Brod, Shawn Israel Zevit, 2010 *Brother Keepers* New Perspectives on Jewish Masculinity is an international collection of new essays on Jewish men by academics and activists rabbis and secularists men and women on personal experience and congregational life gendered bodies and Jewish minds poetry and prayer literature and film and more Simultaneously particular and universal all engagingly illuminate how masculinities and Judaisms engage each other in gendered Jewishness Forgetting Fathers David Marshall, 2015-09-24 An eloquent personal reflection on the fascination of family history and the desire to both discover and escape origins In *Forgetting Fathers* David Marshall weaves together the stories of his grandfather and great grandfather with his own quest to solve the mystery of his family s past Beginning as a search for his lost family name Marshall attempts to understand the

origins of his grandfather who spent part of his childhood in the Hebrew Orphan Asylum of the City of New York. He also reconstructs the life and death of his great grandfather, a Russian immigrant tailor who died at age thirty-six in a private sanitarium dedicated to the treatment of mental and nervous diseases. The narrative becomes a detective story that reflects on our ambivalence about origins, the relation between history and mourning, and the compulsion to search for life stories. *Forgetting Fathers* combines historical accounts based on records, reports, and public documents with autobiographical reflections and speculations. Included throughout are photographs, newspaper clippings, and facsimiles of original documents that provide a sense of both the texture of the times and the fabric of archival and genealogical research. One of our most gifted literary scholars, David Marshall, in *Forgetting Fathers* has written an unforgettable detective story born in a deeply felt personal quest to solve the mystery of his grandfather's name. The result is not only an absorbing read; it is a profound testament to the human impulse to know who we are and from whence we came. For Marshall, that secret was locked a century ago in the Hebrew Orphan Asylum of the City of New York, and in his odyssey to find and turn the key, Marshall becomes the living proof of Eudora Welty's timeless line: Remembering is done through the blood. Henry Louis Gates Jr., Alphonse Fletcher University Professor, Harvard University. *Forgetting Fathers* is a truly remarkable piece of work. The pertinacity of Marshall as a reader, as a critic, as a theorist impels him on his quest to learn all that he can about his past. The book is riveting. Jonathan Freedman, coeditor of *Jewish in America*. From the Hebrew Orphan Asylum to the history of New York tailors, David Marshall weaves his Jewish family memoir with gripping details. An enlightening contribution to the growing body of research on the lives and institutions of twentieth-century Jewish immigrants. Mikhal Dekel, author of *The Universal Jew*. **Masculinity, Modernity, and the Zionist Moment** Choices in Modern Jewish Thought Eugene B. Borowitz, 1983 **Modernity, Culture, and 'the Jew'** Bryan Cheyette, Laura Marcus, 1998 This book provides a rich and wide-ranging analysis of Jewish history and culture relating them to theories of modernity and postmodernity and to recent debates on ethnicity and postcolonialism. The sixteen essays are divided into four parts addressing psychoanalysis and gender, literary antisemitism, modernity, postmodernity, and the Jew, and the memory of the Holocaust. A Foreword and Afterword place these concerns in an extended multicultural and postcolonial context. What is at stake when Jewish history and culture are inserted into current feminist, gay, and lesbian, postcolonial, and postmodern revisions of modernity? Even the radical reconstruction of modernity has created a host of new orthodoxies which themselves need to be unsettled. Along with an amorphous political correctness, mainstream cultural studies has routinely written out the question of Jewishness, assuming it as part of a supposed Judeo-Christian tradition. On the other side of the barricades, however, those apologists for the efficacy of Western modernity have continued to banish Jewish difference from their brave new world in a desperate bid to signify the universality of the modern project. The essays in this collection are written in the margins of these reductive oppositions. They recognize that the Jewish other is both at the heart of Western metropolitan culture and is also what must be excluded in

order for dominant racial and sexual identities to be formed and maintained There is a virtue in this ambivalent positioning
this center of the road which characterizes Jewish history and culture both then and now **The Unique and the
Universal** Jacob Leib Talmon, 1966
