The Unwritten Curriculum Things Learned But Not Taught In School:

The Unwritten Curriculum Arthur Blumberg, Phyllis Blumberg, 1994-09-19 The Unwritten Curriculum is an examination of how typical occurrences in the school environment including interactions with teachers principals and other students make lasting impressions both positive and negative on the minds and hearts of young learners In some situations the unwritten curriculum can actually have as much or more of an impact than the planned curriculum As a basis for their research Arthur and Phyllis Blumberg interviewed dozens of adults from college age to over 70 The stories of these former students told in their own words relate personal experiences from school days sometimes comical sometimes tragic memories that provide rare insight for educators Readers whether seasoned administrators or students of the education field will find themselves reliving their own memories of school days as they share these timeless accounts The Blumbergs organize their subjects experiences into chapters designed to represent the various courses in the unwritten curriculum Being Embarrassed Getting Even Battling the System and Learning About Learning are a few of the topics examined The Unwritten Curriculum is an important reminder that educators can influence the lives of their students in ways they may not realize Being aware and learning to nurture the authors conclude is the key to improving the messages conveyed by the unwritten curriculum The Blumbergs hope that readers will use this information to reflect on life in the schools what it is what it isn't and what it might be

The Unwritten Curriculum Arthur Blumberg, Writing Qualitatively Johnny Saldana, 2018-04-09 Writing Qualitatively The Selected Works of Johnny Salda a showcases the diverse range of writing styles available to qualitative researchers through the work one of the most internationally cited and referenced methodologists The traditional academic journal article still holds its place as a convention of published scholarship but Salda a illustrates how a variety of approaches to research documentation can evocatively represent social life and one's self in intriguing ways Writing Qualitatively assembles journal articles book chapters ancillary materials texts from keynote addresses and previously unpublished work that illustrate Salda a's eclectic body of inquiry Each piece is prefaced with author comments on the selection and how readers themselves might venture into comparable writing styles Multiple methodologies and writing examples are included ranging from case studies to action research from poetry to ethnodramatic play scripts from confessional tales to autoethnographies and from textbook materials to classroom session designs An introduction to the collection discusses Salda a's writing processes and how qualitative researchers and educators can extend their own imaginations and creativity to find new forms of scholarly presentation and representation Writing Qualitatively serves as a supplemental text for undergraduate and graduate courses in qualitative inquiry educational research ethnography and arts based research This unique anthology demonstrates to students professors and professional researchers how academic scholarship can be reported through a breadth of literary genres elements and styles
