Farrell, 2010 In a fascinating unique and alternative history author of The Philosophers Stone Joseph P Farrell outlines the consistent pattern and strategy of bankers in ancient and modern times and their desire to suppress the public development of alternative physics and energy technologies He

unravels how financiers usurped the money creating power of the state to substitute a facsimile of money as debt Here Farrell peels back the layers of deception to reveal the possible deep physics that the banksters have used in their financial policies The Greatest Treachery in Human History Daniel Harran,2023-06-23 The initial goal of this book was to discover the ultimate purpose and meaning behind the abductions of human beings into UFOs the alarming reality of which is still hardly known to the public But as this study developed it led to a series of revelations which brought us to an unexpected interpretation of this phenomenon Indeed it became all too obvious that there was a connection between these abductions and the absurd path that today s human society is taking More and more measures are being implemented that are threatening the health well being and freedom of human beings the world over under the guise of security purposes Those responsible for this are not only our leaders but occult forces which are exposed in this book We were therefore led to unveil what we can indeed refer to as the greatest treachery in human history extremely powerful dark forces have been acting on Earth for a very long time unbeknownst to our population These forces identified in this book are directly interfering in the governance of our world and are directly opposed to the harmonious evolution of Humankind putting us all in grave danger This book sheds an unprecedented new light on how this all relates to the tragic events Humanity has been going through since 2020 **Killing the Planet** Rodney Howard-Browne,Paul L. Williams,2019-11-05 In Killing the Planet How A Financial Cartel Doomed Mankind best selling authors Rodney Howard Browne and Paul L Williams investigate the true motives and consequences of the Pilgrim Society Early members of the Society included J P Morgan Andrew Carnegie Andrew Mellon Cornelius Vanderbilt Paul Warburg Mortimer I Schiff Otto Kahn and John D Rockefeller Although the Pilgrim Society and the powerful men involved are often praised for their philanthropic actions Howard Browne and Williams show that the Society was self serving and subjected the American people to a brutal system of economic tyranny one which is still in place today As a sequel to The Killing of Uncle Sam Killing the Planet is a thoroughly documented and impeccably researched book with over 1 500 footnotes It shows how mankind has become enslaved within the Luciferian world system that is managed and controlled by the world s wealthiest families The book is not full of conspiracy theories but instead unfortunately for all of humanity full of gut wrenching facts **America's Nazi Secret** John Loftus,2010-11-01 Fully revised and expanded this stirring account reveals how the U S government permitted the illegal entry of Nazis into North America in the years following World War II This extraordinary investigation exposes the secret section of the State Department that began starting in 1948 and unbeknownst to Congress and the public until recently to hire members of the puppet wartime government of Byelorussia a region of the Soviet Union occupied by Nazi Germany A former Justice Department investigator uncovered this stunning story in the files of several government agencies and it is now available with a chapter previously banned from release by authorities and a foreword and afterword with recently declassified materials *The Last Circle* Cheri Seymour,2010-09-26 Probing one of most organized and complex criminal enterprises in the United States this report
