Toolkit Mapping Services Responses Maltreatment:

Toolkit on Mapping Legal Health and Social Services Responses to Child Maltreatment World Health Organization, 2015-04-02 Published by WHO Lucerne University of Applied Sciences and Arts and the University of New Hampshire this toolkit provides academics and decision makers with strategies for conducting national or regional studies of the incidence of and agency response to child maltreatment These studies are developed based on the collection of administrative data or through surveys of professionals Such research is important to policy makers who need information about which agencies have knowledge of the problem of child maltreatment and their response when they encounter it Based on this information they can plan how to improve practices enhance systems and strengthen professional capacity Publisher description *Decision-Making and Judgment in Child Welfare and Protection* John D. Fluke, Mónica López López, Rami Benbenishty, Erik J. Knorth, Donald J. Baumann, 2020 Professionals in child welfare and protection are often required to make decisions fraught with many difficulties and shortcomings that have crucial implications for children and families There are many indications that these decisions are frequently unreliable and involve unavoidable errors in judgement due to the uncertainties This book applies much needed insights gleaned from the fields of business and behavioral economics to child welfare practice bridging a critical gap in the child welfare and protection research agenda **Toolkit on Mapping Legal, Health and Social Services Responses to Child Maltreatment** Andreas Jud, Lisa M. Jones, Christopher Mikton, 2015 Published by WHO Lucerne University of Applied Sciences and Arts and the University of New Hampshire this toolkit provides academics and decision makers with strategies for conducting national or regional studies of the incidence of and agency response to child maltreatment These studies are developed based on the collection of administrative data or through surveys of professionals Such research is important to policy makers who need information about which agencies have knowledge of the problem of child maltreatment and their response when they encounter it Based on this information they can plan how to improve practices enhance systems and strengthen professional capacity Publisher description **The Sage Handbook of Decision Making, Assessment and Risk in Social Work** Brian J. Taylor, John D. Fluke, J. Christopher Graham, Emily Keddell, Campbell Killick, Aron Shlonsky, Andrew Whittaker, 2023-08-16 The SAGE Handbook on Decision Making Assessment and Risk in Social Work provides a comprehensive overview of key strands of research and theoretical concepts in this increasingly important field With 49 chapters and four section summaries this Handbook describes the state of the art discuss key debates and issues and gives pointers on future directions for practice research teaching management of services and development of theoretical understandings A key aim of this Handbook is to support the development of sound applied knowledge and values to underpin reasoned professional judgement and decision making by social workers in practice and those in management and regulatory roles With contributions from a global interdisciplinary body of leading and emerging scholars from a wide variety of roles this handbook has been designed to be internationally generalisable and

applicable to all major areas of social work This Handbook provides a field defining account of decision making assessment and risk in social work which is unrivalled for its diversity and strength of coverage and will be of value to social work researchers teachers and practitioners as well as to those in allied fields such as health care Section 1 Professional Judgement Section 2 Assessment Risk and Decision Processes Section 3 Assessment Tools and Approaches Section 4 Developing and Managing Practice Section 5 Concluding Section Afterword

Equal Access to Justice for Inclusive Growth Putting People at the Centre OECD,2019-03-28 This report looks at how governments can ensure that everyone has access to justice and that justice processes and services are responsive to people s needs Based on lessons derived from people centred service delivery the report identifies access to justice principles and promising practices as well as measurement tools and indicators to help countries monitor their progress

Victim, Perpetrator, or What Else? Doris Bühler-Niederberger,Lars Alberth,2019-11-08 This volume maps the ways that children and young people are considered victims or perpetrators by their societies and consequently the ways that their societies react The chapters analyse a variety of phenomena in different countries of the Global North and South

Best Practices in Development Co-operation Toolkit to Support Implementation of the OECD DAC Recommendation on Ending Sexual Exploitation Abuse and Harassment OECD,2024-06-28 This Toolkit synthesises learning and examples gathered from Development Assistance Committee DAC members and partners including their work through international fora such as the OECD as well as additional research It aims to support DAC members and partners in deepening their work and accelerate progress on any number of topics contained within the DAC Recommendation s six pillars Progress in Sexual Exploitation Abuse and Harassment SEAH prevention and response can be very incremental and difficult to measure in part because it relies on addressing the many underlying factors that support the perpetuation of SEAH such as cultural and social norms as well as power dynamics This Toolkit aims to support progress by DAC members on both technical and political levels as well as support their coordination efforts with their partners to work towards long term sustainable change

Global Health Communication for Immigrants and Refugees Do Kyun David Kim,Gary L. Kreps,2022-05-04 This book analyzes important international cases of immigrant and refugee health from diverse communication perspectives providing theoretical frames and effective recommendations for designing future health communication campaigns and interventions for global health promotion Internationally renowned scholars elucidate the reality of health communication situations that immigrants and refugees experience in host countries around the globe and examine how national and global health risk situations including the COVID 19 pandemic affect immigrant and refugee health during difficult health circumstances Offering effective health communication strategies for promoting immigrant and refugee health the book also provides lessons learned from past and present health communication campaigns responses of diverse communities and governmental policies This book with many case studies from major host countries on different continents this book will be of interest to anyone researching or studying

in the areas of health communication public health international relations public administration nursing and social work

Violence Against Children Gertrud Lenzer, 2017-11-28 Violence Against Children adopts in its title the exhortation of Nobel Laureate Amartya Sen Making Human Rights Real which also represents the leitmotif of the book It examines the prevalence of violence against children in Africa the Asia Pacific Region Europe Latin America and the Caribbean and in the United States and explores major ways of its prevention Making human rights real engenders the challenge of helping all children to be free from violence and to lead a life replete with genuine nurture and the elimination of all violence Only in this manner will the goal of the United Nations 2030 Agenda for Sustainable Development target 16 2 be achieved and the child as a rights bearing individual realized in her his fullness The specially commissioned chapters that make up the volume have been written by renowned scholars researchers and advocates They coalesce to provide an overview of the challenges facing children exposed to violence worldwide and they advance discussions of the measures which are available and necessary for the prevention of violence against children The book is intended for policy makers researchers and students of the social sciences and human rights who are interested in ending all the widespread maltreatment of children in our societies and our time
