War Peace And Nonresistence

Theron F. Schlabach

War Peace And Nonresistance:

War, Peace, and Nonresistance Guy Franklin Hershberger, 1946 War, Peace, and Social Conscience Theron F. Schlabach, 2009-11-23 John Howard Yoder is one of the best known Mennonite thinkers on peace But before Yoder there was Guy F Hershberger whose reflections on war violence and peace helped Mennonites navigate perilous times in early to mid 20th century and who also laid the foundation for what became the Alternative Service Program in the U S during World War II In the 1960s he played an important role in guiding the Mennonite church's response to the civil rights movement nudging them toward greater openness to Martin Luther King's call for justice for African Americans In this definitive biography Theron F Schlabach shows how Hershberger helped Christians live their faith in a world beset by war and injustice at the same time pioneering creative ways to engage pressing concerns such as civil rights economic justice and capital punishment Says Stanley Hauerwas Professor of Theological Ethics Duke Divinity School What Schlabach has given us is an invaluable honest account of a life lived in the tensions of the Mennonite church as that church explored the implications of being a people committed to nonviolence The resulting account is a crucial account not only of Hershberger's life but of Mennonite life an accounting I hope non Mennonites will find instructive because it may help them understand Mennonites but more importantly how Mennonites help us better understand what being Christian entails War Peace and Social Conscience Guy F Hershberger and Mennonite Ethics was made possible through the generous support of Mennonite Mutual Aid and the Mennonite Historical Society **The Wisdom of the Cross** Stanley Hauerwas, Chris K. Huebner, Harry J. Huebner, Mark T. Nation, 2005-05-26 Few recent Christian thinkers have been as widely influential as John Howard Yoder 1927 1997 Encompassing a teaching career of more than thirty years and such landmark publications as *The Politics of Jesus* Yoder's life and thought have profoundly impacted students and colleagues from a broad range of disciplines In the words of Stanley Hauerwas Yoder is probably the major theologian ethicist of this half century in America and certainly the leading Mennonite theologian of the twentieth century *The Wisdom of the Cross* is the only book to provide valuable secondary essays engaging Yoder's central theological concerns together with a biographical reflection on his life and legacy Written by scholars both from within and outside of Yoder's Mennonite community these essays develop the most significant aspects of Yoder's thought from his powerful defense of Christian pacifism to his seminal analysis of the politics of Jesus to his challenging contributions to Christian social ethics ecclesiology and theological method The book also includes a previously unpublished essay on moral absolutes by Yoder himself A fitting tribute to Yoder's distinguished career this volume will be useful to readers new to Yoder's work and to those wishing to probe more deeply into the implications of his thought A Veblen Treasury: From Leisure Class to War, Peace and Capitalism Rick Tilman, 2015-04-29 First Published in 2015 Thorstein Veblen 1857 1929 was a contemporary of John Dewey and C S Peirce and ranks as one of the seminal minds of his generation of American thinkers in economics and sociology He was a caustic critic of American business culture and his prose being

peppered with Latin vocabulary might have made his ideas difficult to comprehend to the layperson This collection of his writings looks at Veblen's works main concepts and enables the reader to sample the broad spectrum of his thought and to reach his or her own conclusions regarding its present relevance **Just or Unjust War?** Mohammad Taghi

Karoubi, 2017-11-30 This study examines the traditional theory of just war in the light of modern principles of international law relating to the prohibition on the use of force repeatedly stressed by UNGA United Nations General Assembly resolutions and accepted by the ICJ International Court of Justice The author expresses doubts as to whether actions by some permanent members of the Security Council starting from September 1996 until April 2003 in the Balkans and the Persian Gulf are legitimate under the just war theory or any other rules of international law and analyses in detail the claims made by the allied powers to justify their actions The book also examines the significance of the transformation in the limitation and prohibition of the use of force in the contemporary legal system by studying the origin of those tenets and their reflection in both the national laws of individual states and the international laws of armed conflict **Principles of the**

Non-resistance Society New England Non-Resistance Society, 1839 **Selected Articles on Non-resistance**, 1916

Disavowing Constantine Nigel G. Wright, 2007-01-01 Disavowing Constantine draws upon the work of two highly influential modern theologians Jürgen Moltmann and John Howard Yoder to develop an independent and constructive understanding of the relation of the church to the state Its aim is to restate for modern understanding the insights of the Believers Church tradition and to work out their implications for Christian participation in the civil order In this complex realm positive insights are located in traditions usually regarded as incompatible but the thesis of the book concerns disavowing Constantine renouncing the reliance of the church upon coercive power to further its mission in order to rediscover how a faithful church might nonetheless participate as a witness within the power structures of human society
