Warfighting Marine Corps Doctrinal Publication 1:

Mcdp 1 Warfighting Department of Defense, 2017-05-22 Eight years ago the Marine Corps published the first edition of *Warfighting*. Our intent was to describe my philosophy on warfighting, establish it as Marine Corps doctrine, and present it in an easy-to-read format. In the foreword to that manual, I charged every officer to read and reread the text to understand it and to take its message to heart. We have succeeded. *Warfighting* has stimulated discussion and debate from classrooms to wardrooms, training areas to combat zones. The philosophy contained in this publication has influenced our approach to every task we have undertaken. *Fleet Marine Force Manual 1* stated: War is both timeless and ever-changing. While the basic nature of war is constant, the means and methods we use evolve continuously. Like war itself, our approach to warfighting must evolve. If we cease to refine, expand, and improve our profession, we risk becoming outdated, stagnant, and defeated. *Marine Corps Doctrinal Publication 1* refines and expands our philosophy on warfighting, taking into account new thinking about the nature of war and the understanding gained through participation in extensive operations over the past decade. Read it, study it, take it to heart.

Warfighting U.S. Marine Corps, 2007-03-01 The United States Marine Corps is the largest such force on the planet, and yet it is the smallest, most elite section of the U.S. military, one with a long and storied history. Here, in the most current version of the manual used by the Corps itself, is an explanation of the philosophy that makes the Marine Corps unique: here are the concepts and values behind how the Corps fights. Topics discussed include war defined, the science, art, and dynamics of war, war as an act of policy, styles of warfare, professional military education, the philosophy of command, and more. Military buffs, war gamers, and anyone seeking to understand the increasingly complicated global stage will find this a fascinating and informative document.

USMC, 2018-12-03 Get all 6 of the MCDP's in one place: MCDP 1 WARFIGHTING. Since *Fleet Marine Force Manual 1*, *Warfighting* was first published in 1989, it has had a significant impact both inside and outside the Marine Corps. That manual has changed the way Marines think about warfare. It has caused energetic debate and has been translated into several foreign languages, issued by foreign militaries, and published commercially. It has strongly influenced the development of doctrine by our sister Services. Our current naval doctrine is based on the tenets of maneuver warfare as described in that publication. Current and emerging concepts such as operational maneuver from the sea derive their doctrinal foundation from the philosophy contained in *Warfighting*. Our philosophy of warfighting, as described in the manual, is in consonance with joint doctrine, contributing to our ability to operate harmoniously with the other Services.

MCDP 2 INTELLIGENCE Marine Corps Doctrinal Publication MCDP 2 Intelligence describes the theory and philosophy of intelligence as practiced by the United States Marine Corps. It provides Marines a conceptual framework for understanding and conducting effective intelligence activities. The Marine Corps view of intelligence is based on our common understanding of the nature of war and on our warfighting philosophy as described in MCDP 1 *Warfighting*.

MCDP 3 EXPEDITIONARY OPERATIONS Marine Corps

requires judgment in application Warfighting is not meant as a reference manual it is designed to be read from cover to cover Its four chapters have a natural progression Chapter 1 describes our understanding of the characteristics problems and demands of war Chapter 2 derives a theory about war from that understanding This theory in turn provides the foundation for how we prepare for war and how we wage war chapters 3 and 4 respectively Publication Control Number PCN 142 000006 01 **Marine Corps Doctrinal Publication Mcdp 1 Warfighting 20 June 1997** Us Marine Corps,2016-10-08 Very simply this publication describes the philosophy which distinguishes the U S Marine Corps The thoughts contained here are not merely guidance for action in combat but a way of thinking This publication provides the authoritative basis for how we fight and how we prepare to fight This book contains no specific techniques or procedures for conduct Rather it provides broad guidance in the form of concepts and values It requires judgment in application Warfighting is not meant as a reference manual it is designed to be read from cover to cover Its four chapters have a natural progression Chapter 1 describes our understanding of the characteristics problems and demands of war Chapter 2 derives a theory about war from that understanding This theory in turn provides the foundation for how we prepare for war and how we wage war chapters 3 and 4 respectively **Marine Corps Doctrinal Publication Mcdp 6 Command and Control 4 October 1996** United States Marine Corps,2017-02-14 Marine Corps Doctrinal Publication MCDP 6 Command and Control 4 October 1996 This doctrinal publication describes a theory and philosophy of command and control for the U S Marine Corps Put very simply the intent is to describe how we can reach effective military decisions and implement effective military actions faster than an adversary in any conflict setting on any scale In so doing this publication provides a framework for all Marines for the development and exercise of effective command and control in peace in crisis or in war This publication represents a firm commitment by the Marine Corps to a bold even fundamental shift in the way we will view and deal with the dynamic challenges of command and control in the information age The Marine Corps view of command and control is based on our common understanding of the nature of war and on our warfighting philosophy as described in Fleet Marine Force Manual 1 Warfighting to be superseded by Marine Corps Doctrinal Publication 1 Warfighting It takes into account both the timeless features of war as we understand them and the implications of the ongoing information explosion that is a consequence of modern technology Since war is fundamentally a clash between independent hostile wills our doctrine for command and control accounts for animate enemies actively interfering with our plans and actions to further their own aims Since we recognize the turbulent nature of war our doctrine provides for fast flexible and decisive action in a complex environment characterized by friction uncertainty fluidity and rapid change Since we recognize that equipment is but a means to an end and not the end itself our doctrine is independent of any particular technology Taking a broad view that accounts first for the human factors central in war this doctrine provides a proper framework for designing appraising and deploying hardware as well as other components of command and control support This doctrinal publication applies across the full range of military

actions from humanitarian assistance on one extreme to general war on the other. It applies equally to small unit leaders and senior commanders. Moreover, since any activity not directly a part of warfighting is part of the preparation for war, this doctrinal publication is meant to apply also to the conduct of peacetime activities in garrison as well as in the field. This publication provides the authority for the subsequent development of command and control doctrine, education, training, equipment, facilities, procedures, and organization. This doctrinal publication provides no specific techniques or procedures for command and control; rather, it provides broad guidance which requires judgment in application. Other publications in the command and control series will provide specific tactics, techniques, and procedures for performing various tasks.

MCDP 5 Planning discusses the planning side of command and control more specifically. Operation VERBAL IMAGE, the short story with which this publication begins, offers a word picture of command and control in action, done well and done poorly, and illustrates various key points that appear in the text. It can be read separately or in conjunction with the rest of the text.

Chapter 1 works from the assumption that in order to develop an effective philosophy of command and control, we must first come to a realistic appreciation for the nature of the process and its related problems and opportunities. Based on this understanding, chapter 2 discusses theories of command and control, looking at the subject from various aspects such as leadership, information management, and decisionmaking. Building on the conclusions of the preceding chapters, chapter 3 describes the basic features of the Marine Corps approach to command and control.

Marine Corps Doctrinal Publication MCDP 1-0 (W/Change 1) Marine Corps Operations July 2017 United States Government US Marine Corps, 2018-04-21 Marine Corps Doctrinal Publication MCDP 1 0 w change 1 Marine Corps Operations July 2017. First published in September 2001. Marine Corps Doctrinal Publication MCDP 1 0 Marine Corps Operations provided a bridge between the maneuver warfare philosophy articulated in our first nine MCDPs and the tactics, techniques, and procedures contained in our warfighting and reference publications. It focused on describing the role of the Marine Corps component in providing sustaining and deploying Marine Corps Forces at the operational level of war and on how the largest of our Marine air ground task forces, MAGTFs, the Marine expeditionary force, conducted operations at the tactical level. Developed just prior to and published shortly after the momentous events of 11 September 2001, the original edition reflected the language and operational constructs prevalent within joint doctrine at that time. Key among them were the notions of war versus military operations other than war, as well as the unstated but imbedded belief that the ability to defeat a conventional adversary granted the ability to succeed against lesser foes. Marine Corps commanders and staffs at all levels should read, study, and be thoroughly conversant with the content of MCDP 1 0. The notion that words matter is embedded throughout this publication, which defines key terms to ensure Marines speak a common operational language. Inasmuch as MCDP 1 0 illustrates how the flexibility and rapid deployability of our taskorganized combined arms forces apply across the range of military operations.

joint and multinational force commanders and their staffs can also use this publication to better understand Marine Corps capabilities and considerations for their employment This publication supersedes MCDP 1 0 Marine Corps Operations dated 27 September 2001
