Liturgy with a Difference Stephen Burns, Bryan Cones, 2019-05-31 *Liturgy with a Difference* gathers a broad range of international theologians and scholars to interrogate current practices of liturgy and worship in order to unmask ways in which dehumanizing majoritarianisms and presumed norms of gender culture ethnicity and body among others remain at work in congregations

This Assembly of Believers Bryan Cones, 2020-11-30 Among the symbols with which the liturgy deals none is more important than this assembly of believers This claim made in the 1970s forces the local church to consider those within its congregation and recognise the gifts and challenges of difference within the church community In *This Assembly of Believers* Bryan Cones seeks to take seriously the pastoral context of a

Handbook of Sacraments and Sacramentality Martha Moore-Keish, James Farwell, 2022-12-29 Introducing readers to the contemporary field of sacramental theology this volume covers the biblical and historical foundations a survey of the state of the discipline and a collection of constructive essays representing major themes practices and approaches to sacraments and sacramentality in the contemporary world The volume starts with a set of foundational essays that offer broad introduction to the field of sacramental theology from contemporary scholars analysing a number of historical figures in order to illumine and inform contemporary sacramental theology The second part of the volume is dedicated to a series of essays on sacramentality and includes attention to elements of space time ritual action music and word all as aspects of what Christians have termed sacramental reality The third set of essays includes attention to each of the seven practices that have most commonly been termed sacraments in Christian traditions baptism eucharist Lord's Supper confirmation confession forgiveness and reconciliation marriage ordination and anointing The final part of this volume features scholars who are working on sacraments in conversation with contemporary academic disciplines critical race theory queer theory comparative theology and disability studies **Discipleship and Society in the Early Churches** Thomas

O'Loughlin, 2022-01-01 Discipleship that being a Christian is about learning and discovering acting and responding choosing and collaborating is both a primordial Christian theme and a re-discovery of the mid twentieth century But how does one discover its meaning For some it means programmes like turning out a product ignoring the individuality of each's path Others emphasize the group forgetting that every community's richness is valuing its members diversity Is discipleship the way of the loner and community ignoring But social beings learn discipleship in communities Community is not simply the club of like minded individuals but should model a new way of being To uncover what discipleship means we must read the

New Testament with the awareness that how we see the world of the early Jesus followers is radically different from the inherited theological underpinning of many churches. *Discipleship and Society in the Early Churches* takes our historical awareness seriously and examines what biblical historical and archaeological research can tell us about discipleship today.

Sacraments After Christendom Andrew Francis, Janet Sutton, 2022-10-27 In contemporary Western society the church has been pushed to the margins leading experts to describe the current era as a time after Christendom. Many traditional churches and congregations are struggling, a condition worsened by the COVID 19 pandemic regulations. As the practice of churchgoing wanes, the performance of the sacrament is called into question. How can we bring the traditional communal experience of sacrament into the modern world? In *Sacraments after Christendom*, Andrew Francis and Janet Sutton tackle this question head on, exploring and discussing the enactment of the sacrament in the context of church decline and an increasingly isolated world. In doing so, they deconstruct traditional perceptions and broaden our understanding of ritual and community in order to rediscover the truth of the sacrament.

Politics & Mission Martin Gainsborough, 2023-03-01 The Church is political because it tells a radically different story from the dominant political norms of our day. Through a study of the Church's liturgy, this book seeks to build confidence in the Church's mission that is not dull or out of touch but fresh, relevant, exciting, and contemporary.
