Wat Leert Het Oude Testament Aangaande Het Leven Na Dit Leven

Louis Berkhof

Wat Leert Het Oude Testament Aangaande Het Leven Na Dit Leven:

Wat leert het Oude Testament aangaande het leven na dit leven? A. de Bondt, 1938

Berkhof's Systematic Theology

Revised Louis Berkhof, 2019-09-06 Considered one of the best books on Systematic Theology ever written it covers all the basics on the reality of God the atonement of Christ and the final state of man and the last things Anyone that wishes to study theology would be wise to read this book as many in the Reformed tradition hold that this book is a landmark book in its field Now in larger print

Systematic Theology Louis Berkhof, 2024-03-14T00:00:00Z Considered one of the classics on Systematic Theology the book covers all the basics on the reality of God the atonement of Christ and the final state of man and the last things Anyone who wishes to study theology would be wise to read this book as many in the Reformed tradition hold that it is a landmark in its field It is arguably the most important twentieth century compendium of Reformed Theology The work seemed particularly important to me writes the author in view of the widespread doctrinal indifference of the present day of the resulting superficiality and confusion in the minds of many professing Christians of the insidious errors that are zealously propagated even from the pulpits and of the alarming increase of all kinds of sects

Het Oude Testament van historisch standpunt toegelicht Gerrit Wildeboer, 1908

Bible and Theology in the Netherlands Simon

John De Vries, 1989 Biblical interpretation and theological speculation are inseparable each has constantly influenced the other for good or for ill But which of the two is the final criterion Though universally the church has given lip service to the Scriptures as the source and norm of its theology it has nonetheless allowed its theological commitment to shape and at times distort its principles of biblical interpretation It has used the Bible more as a support for its dogmas than as a basis for testing and correcting them This has proven to have been true in liberal as well as in orthodox circles and nowhere so clearly as in the Dutch modernist controversy of the late nineteenth century The present study attempts 1 to outline the major theological movements in The Netherlands previous to and following the crucial year 1850 bringing this forward to the early years of the present century 2 to enter into a description and analysis of Dutch biblical criticism during this same period paying special attention to the interpretation of the Old Testament where the problems have been the greatest and the influence of Dutch scholars has been the most lasting 3 to draw from this analysis conclusions regarding the relationship between theology and biblical exegesis that are valid not only for theological scholarship in one land and in one particular period but for the entire ongoing theological endeavor throughout the world The greatest lesson that emerges from this study is that respect for the integrity of the biblical text is an indispensable prerequisite to genuine and lasting theological progress
