Way Djedi Force One Part:

Way of the Djedi David Keith Swendiman, Ltc David Keith Swendiman, 2015-12-18 This is a guidebook to the real life Way of the Jedi. The Way of the Djedi is the way of the Force which pre-existed George Lucas and the epic Star Wars saga. Ancient Egyptians, Sufis, and Knights Templar mastered the way of the Djed, Kundalini, or Life Force. Those who were adept at the way of the Djed were known as Djedi. George Lucas dropped the D when he began production of Episode 4 in the 70s. This Field Manual, which is a guidebook to awakening the force within, was subtitled the Force Awakens before Disney, who bought the rights to Star Wars, announced that this was the name to Episode 7 due out in today. So we meditated on it and the Force revealed that the best subtitle for our Manual, Movie, and Way of Life is Force of One. Advanced Healing Arts, Martial Arts, and Communication, Diplomacy, and Coordination are practiced and taught daily. Though all to me are one with the force by birth and though all have the inherent power of the force within them, unless it is awakened, it may lay dormant for a lifetime. Once the force awakens, so begins the path of being a Force of One. The FIRST DRAFT of the Way of the Djedi Force of One is one of three. This first one is rough, just getting started, and intentionally publishing it right away for many reasons. One is so that we have it in our hands instead of on screen only in order to make final edits far better to be sitting out under a tree or next to a stream. Or a Library, Study Park, or Cafe will do. There is just no need to stay hunched over a machine when the great outdoors is always all around. This Manual is a guidebook to living the Way of the Djedi in a very real and focused, passionate way that is both dangerous and practical. The Way of the Djedi is the Way of the Spiritual Warrior. **A**

back many millennia such as the Bible The BER Series takes a candid look into the Bible to explore how the theological beliefs within Institutional Religion have affected society in diabolical ways These books also challenge the church's theological cornerstones to prove that they deviate from the Bible and truly have an obscured understanding of the Divine Thus the goal is to bring an overdue debate to organized religion The hope is to remove the barriers that deny humanity the evolution of our species No topic is out of bounds A person could listen to ten lifetimes of sermons and never get even a fraction of the candor of these books Love them or hate them you will be unable to put them down and you will never see the World or the Divine the same way again
