Ways and Power of Love Pitirim Aleksandrovič Sorokin (Soziologe), 1957 *The Ways and Power of Love* Pitirim Aleksandrovich Sorokin, 1957 *The Ways and Power of Love, Types, Factors and Techniques of Moral Transformation*, by Pitirim A. Sorokin Pitirim Aleksandrovič Sorokin, 1954 **Love and Sexuality in Social Theory** Emiliano

Bevilacqua, Mariano Longo, Michael Hviid Jacobsen, 2024-11-27 Love and Sexuality in Social Theory considers the role that love and sexuality play in private and public life Drawing on both classical and contemporary social theory this book presents both theoretical and empirical studies of love and sexuality as social factors from the earliest reconstructions of modern emotional life to the most recent analyses of liquid love With attention to the consequences that passions and desires have both on morals and behaviour it departs from the analysis of society in terms of the division of labour and utilitarian mechanisms to consider how a society based on performances values human energy and emotional behaviour in a contradictory way This book therefore presents and discusses classic authors from Georg Simmel and Pitirim Sorokin to Marianne Weber and Simone De Beauvoir through the work of Erving Goffman and ending with contemporary authors such as Michel Foucault Anthony Giddens Zygmunt Bauman Ulrich Beck and Eva Illouz By presenting love as the social foundation of altruism an essential element in modern conceptions of subjectivity and a force shaping intimacy and contemporary social life this book will appeal to scholars of sociology particularly those interested in social theory and the sociology of emotions

Defining Love Thomas Jay Oord, 2010-06-01 Some scientific studies suggest that human beings are innately selfish and that Christian virtues like self sacrifice are a delusion In this intriguing volume esteemed theologian Thomas Jay Oord interprets the scientific research and responds from a theological and philosophical standpoint providing a state of the art overview of love and altruism studies He offers a definition of love that is scientifically theologically and philosophically adequate As Oord helps readers arrive at a clearer understanding of the definition recipients and forms of love he mounts a case for Christian agape and ultimately for a loving God **Love in Contemporary Technoculture** Ania

Malinowska,2022-03-31 This Element outlines the environments of loving in contemporary technoculture and explains the changes in the manner of feelings including the experience of senses spaces and temporalities in technologically mediated relationships Synchronic and retrospective in its approach this Element defines affection romance companionship intimacy etc in the reality marked by the material and affective intangibility that has emerged from the rise of digitalism and technological advancement Analysing the re constructions of intimacy it describes our sensual and somatic experiences in conditions where the human body believed to be extending itself by means of the media and technological devices is in fact the extension of the media and their technologies It is a study that outlines shifts and continuums in the practices of togetherness and which critically rereads late modern paradigms of emotional and affective experiences filling a gap in the existing critical approaches to technological and technologized love **Marriage and the Family** Julie Xuemei
