Army, Industry and Labour in Germany, 1914-1918 Gerald Feldman,2014-03-04 This innovative study by one of the leading specialists in the field examines the social and economic role of the German army in the nation s internal affairs during the First World War This was the area in which the influence of the army was most direct and profound Germany s wartime economic mobilisation was both planned and directed by the army and as a consequence of this largely
