Werfe Den Ersten Stein

Hans Schemann

Werfe Den Ersten Stein:

The Nihilism of Thomas Bernhard Charles W. Martin, 1995 This study examines the nihilistic basis of Bernhard's writing and traces developments in the author's nihilistic stance throughout his career In the first period of his prose fiction 1963-1975 nihilism is reluctantly accepted by Bernhard's fictional characters as a necessary response to a world perceived as meaningless Various possible sources of transcendence are explored and rejected The autobiographical texts 1975-1982 then represent a sustained attempt by the author himself to transcend his own essentially nihilistic state The apparent success of this attempt is quickly revealed to be illusory in the prose fiction of the second period 1978-1986 and it becomes apparent that nihilism is a no less necessary response to Austrian social reality than to the more purely personal problems which first motivated Bernhard's writing
