What If Close Encounters Of The Unusual Kind:

Struggle for Hegemony in South America Gary Frank, 1979-01-01 **Lost in Lotus Land** Jackson King, 2008-06 I found this book to express profound insight in a very readable style This story of the key events that shaped the author's life conveyed in bold relief and vivid imagery is educational and inspiring King illustrates the essential principles of reparative therapy clearly and with good humor I would recommend this book for my clients Dr Joseph Nicolosi Ph D Psychologist and Director Thomas Aquinas Psychological Clinic Encino California Jackson King uses a combination of psychological research spiritual teachings and personal experience to examine the environmental conditioning of male homosexuality and how it applied to his life Confused and unhappy with the prospect of this lifestyle and in search of a way out the elusive exit had to make sense to his questioning mind That is where reparative therapy came in It laid the pieces of the puzzle into place helping King to understand the root cause of this condition The end result was a newfound self awareness that led to the freedom he was seeking An enlightening journey of self discovery King's insightful story is told from a realistic perspective inspiring the reader through shared experiences that are often humorous thought provoking and always informative
