What Is An Evangelical:

Who Is an Evangelical? Thomas S. Kidd, 2019-09-24 A leading historian of evangelicalism offers a concise history of evangelicals and how they became who they are today Evangelicalism is arguably America's most controversial religious movement Nonevangelical people who follow the news may have a variety of impressions about what evangelical means But one certain association they make with evangelicals is white Republicans Many may recall that 81 percent of self-described white evangelicals voted for Donald Trump and they may well wonder at the seeming hypocrisy of doing so In this illuminating book Thomas Kidd draws on his expertise in American religious history to retrace the arc of this spiritual movement illustrating just how historically peculiar that political and ethnic definition white Republican of evangelicals is He examines distortions in the public understanding of evangelicals and shows how a group of Republican insider evangelicals aided the politicization of the movement This book will be a must read for those trying to better understand the shifting religious and political landscape of America today **Christian Discrepancy, Disputes, Disservice and Devious**

Behaviour: 'An Evangelical Perspective' Rev Anthony George Small, 2012-04-12 This book will give the reader a better understanding as to why there are different organizations denominations one Bible but so many interpretations conflicts and warfare among believers and corruption that is filtered down from leadership to the congregation as a spark that can either set off a fire or cause financial material and wealth gluttons to follow and pursue their devious ways of deception

Evangelicals Mark A. Noll, David W. Bebbington, George M. Marsden, 2019-11-25 The past present and future of a movement in crisis What exactly do we mean when we say evangelical How should we understand this many-sided world religious phenomenon How do recent American politics change that understanding Three scholars have been vital to our understanding of evangelicalism for the last forty years Mark Noll whose *Scandal of the Evangelical Mind* identified an earlier crisis point for American evangelicals David Bebbington whose *Bebbington Quadrilateral* remains the standard characterization of evangelicals used worldwide and George Marsden author of the groundbreaking *Fundamentalism and American Culture* The *Shaping of Twentieth Century Evangelicalism* Now in *Evangelicals* they combine key earlier material concerning the history of evangelicalism with their own new contributions about present controversies and also with fresh insights from other scholars The result begins as a survey of how evangelicalism has been evaluated but then leads into a discussion of the movement's perils and promise today *Evangelicals* provides an illuminating look at who evangelicals are how evangelicalism has changed over time and how evangelicalism continues to develop in sometimes surprising ways

The Popular and Critical

Bible Encyclopædia and Scriptural Dictionary bp. Samuel Fallows, 1911 The Evangelical Herald ,1918 **Latin American Theology: Radical Or Evangelical?** C. Peter Wagner, 1970 This book is the first attempt to describe in broad terms what is occurring in theological circles in the Latin American Protestant Church It begins with an analysis of the most vocal segment of the church labeled the new radical left A general description of the position is followed by specific analyses of theological stresses found in the writings of such representatives as Gonzalo Castillo Jose Miguez Rubem Alvez Jorge Lara Emilio Castro Richard Shaull and others pointing out how the theology of these men has to one degree or another become secularized Their theology is then criticized from the point of view of the church growth position popularized by Dr Donald McGavran which the author holds One of the principal these of the book is an attempt to show that radical theology as enunciated by this segment of Latin American theologians reduces to a type of syncretism and thus becomes not Biblical Christianity but rather another gospel Finally the theology of the relationship of the church to the world on the part of several evangelicals such as Fernando Vangioni Washington Padilla Jose Maria Rico and others is described although it is not a fully developed theology Evangelicals in Latin America have been busier putting a soul winning theology into practice rather than attempting to articulate it As a result they are strong on numbers of church members but not on theologizing The author s own position as to the rationale for an evangelical social ministry is outlined in the final chapter He believes that whereas the evangelical s primary responsibility in the world is to reconcile multitudes to Jesus Christ he church also has a secondary responsibility to serve society in general not necessarily as a means to an evangelistic end but in fact as an end in itself Publisher *The British and Foreign Evangelical Review* ,1874 *The Evangelical Episcopalian* ,1902

Evangelical Review of Theology ,1990 A digest of articles and book reviews selected from publications worldwide for an international readership interpreting the Christian faith for contemporary living verso of cover v 3 no 1 Cyclopædia of Biblical, Theological, and Ecclesiastical Literature John McClintock, James Strong, 1891 *Evangelical Christendom* ,1886

Believers Jeffery L. Sheler, 2007-12-18 A groundbreaking insider s look at the lives and culture of American evangelicals In *Believers* award winning religion journalist Jeffery L Sheler offers a unique and intimate look at the evangelical Christian subculture a faith tradition that some sixty million Americans call their own With panoramic sweep and compelling narrative detail Sheler who grew up as an evangelical breaks through the stereotypes to examine not just the big time ministers but also the ordinary people who make up this dynamic movement Traveling across the nation Sheler visits today s evangelicals at work at home and at worship to discover how their faith shapes their lives and how they are influencing the public debate in this country At a time when the religious right is more influential than ever *Believers* is a timely and eye opening exploration of the motives aspirations and agendas of American evangelicals Orthodoxy in the Civil Courts John Harrington Edwards, 1891
