What Is Modernity Writings Of Takeuchi Yoshimi Weatherhead S On Asia:

Configurations of the Real in Chinese Literary and Aesthetic Modernity Peter Button, 2009-03-25 The emergence of the Chinese socialist realist novel can best be understood in light of the half century long formation of the modern concept of literature in China Globalized in the wake of modern capitalism literary modernity configures the literary text in a relationship to both modern philosophy and literary theory This book traces China s unique complex and creative articulation of literary modernity beginning with Lu Xun s *The True Story of Ah Q* Cai Yi s aesthetic theory of the type *dianxing* and the image *xingxiang* is then explored in relation to global currents in literary thought and philosophy making possible a fundamental rethinking of Chinese socialist realist novels like Yang Mo s *Song of Youth* and Luo Guangbin and Yan Yiyan s *Red Crag*

Takeuchi Yoshimi Richard Calichman, 2004 This work focuses on the writings of the postwar Japanese thinker and sinologist Takeuchi Yoshimi 1910-1977 It presents itself less as an intellectual biography than as a series of explorative readings of his work These readings attempt to trace out the various problematics with which Takeuchi was engaged throughout his career with particular emphasis given to the notions of modernity subjectivity and alterity In all cases an effort was made to do justice to the difficult notion of resistance for which Takeuchi is perhaps most well known We have argued that what Takeuchi refers to as Oriental resistance against the West is in fact reflective of a more comprehensive notion of resistance one that may be understood along the lines of the ultimate impossibility of conceptual knowledge This impossibility is for Takeuchi essentially linked to a privileging of historical singularity over subjective identity and with this a shift in emphasis from activity to passivity We have sought throughout the work to draw out the complexity of Takeuchi s thought and in this way bring forth not only the important possibilities that inhere within it but as well what we consider to be at times its insufficiencies or limits

River of Fire and Other Stories Chōnghŭi O, 2012 These nine stories range from O Chonghui s first published work in 1968 to one of her last publications in 1994 Her early stories are compact often chilling accounts of family dysfunction reflecting the decline of traditional agrarian economics and the rise of urban industrial living Later stories are more expansive weaving eloquent occasionally wistful reflections on lost love and tradition together with provocative explorations of sexuality and gender

Patterns of the Heart and Other Stories Ch'oe Myōngik, 2024-04-09 Korean writer Ch'oe Myōngik was a lifelong resident of Pyongyang a city his short stories masterfully evoke in exquisite modernist prose His career spanned decades of tumult from his debut in the 1930s while Korea was under Japanese colonial rule through the Asia Pacific and Korean Wars and the early years of the Democratic People s Republic As Pyongyang transformed from Korea s second city peripheral to the Seoul centered literary scene into a socialist capital in the late 1940s Ch'oe briefly ascended to the center of North Korean culture Despite the vitality and originality of Ch'oe s writing Cold War politics and censorship including South Korea s anticommunist laws consigned his work to obscurity *Patterns of the Heart and Other Stories* presents a selection of Ch'oe s short fiction in translation including later works from hard to find North

Korean publications These cinematic keenly observed tales explore Pyongyang in meticulous detail depicting the city's transformations and the conflicts between old and new They pay close attention to the lives of the disaffected and the marginalized a drifter confronts a former revolutionary dying of opium addiction a sex worker is trafficked across the border aboard a train amid the indifference of her fellow passengers Later stories provide a striking glimpse of the Korean War the occupation of Pyongyang U S fighter jets bombing civilian refugees guerrilla heroics from a North Korean perspective Hidden treasures of world literature these stories offer new perspectives on Korea's turbulent twentieth century across political divides still in place today **Kiku's Prayer** Shusaku Endo, 2012-12-25 This translation is dedicated to the memory of Hondo Shun 1936-1997 a kind and gentle man who was nothing like his namesake in this novel **Trees Without Wind** Rui Li, 2012-12-25 Trees without wind takes place in a remote Shanxi village during the Cultural Revolution A rare affliction has left the residents physically stunted and the deformed villagers echoing the manipulated masses of China become pawns in the Party's factional infighting Book cover
