### **Zombies In The Academy Living Death In Higher Education:**

Zombies in the Academy Andrew Whelan, Ruth Walker, Christopher Moore, 2013 The theme of zombies is topical and provocative with the potential to appeal to a wide range of readers This book is an engaging call for recognition of the conditions of contemporary humanities research teaching and cultural and labour practices The zombie trope offers an unusual perspective into discussions about the current crises in higher education and the proposed structure of the book allows for the 3 editors to open up interdisciplinary discussion with their 3 sections covering corporatisation zombification digital media moribund content distribution and zombie literacies pedagogies Zombies in the Academy taps into the current popular fascination with zombies and brings together scholars from a range of fields including cultural and communications studies sociology film studies and education to give a critical account of the political cultural and pedagogical state of the university through the metaphor of zombiedom

**Working with Theories of Refusal and Decolonization in Higher Education** Petra Mikulan, Michalinos Zembylas, 2023-12-05 This volume argues that refusal is a viable political ethics in education It is an ethics that allows space for new possibilities to emerge with the potential to enrich higher education study and pedagogies in the future Chapters examine the ethical epistemological political and affective premises of refusing the colonial university and reflect upon what refusal means for higher education decolonization across international settings Refusal marks a political ethos and praxis that denies resists reframes and redirects colonial and neoliberal logics while asserting diverse sovereignties and lifeworlds Whereas resistance may reinscribe the weakness of the colonized in the power relations with the colonizer refusal interrupts the smooth operation of power relations denying the authority of the settler state and remaking the rules of engagement It is a political stance and action that denies the very legitimacy of power over the subjugated This collection views refusal not as an end in itself nor as a mode of critique but as a necessary first step for educators and students in higher education to invest in the idea of radically different modes of futurity It explores how educators and students in higher education can invent pedagogies of refusal that function ethically affectively and politically and asks What do pedagogies of refusal look like How might western universities sustain and support refusal rather than discipline it What assumptions are sustained by ruling out certain educational futures as out of bounds or impossible This book will be important reading for researchers scholars and educators in Decolonizing Education Higher Education Transformation and Philosophy of Education It will also be valuable to policymakers and activists who are considering how refusal might be carried out within and outside institutions

**The Aftermath of the Bangladesh Liberation War of 1971** Amit Ranjan, Taj Hashmi, Mazhar Abbas, 2024-09-02 This book analyses the human dimension during and after the Bangladesh Liberation War of 1971 The chapters investigate questions of belonging and being an alien civil rights and ethnic demands and broader issues of citizenship and statelessness The analysis centres around the situation of those who crossed into the Indian side of the border during the Liberation War the Bengali speaking population who chose Pakistan as their

country after the birth of Bangladesh and stranded Pakistani or Bihari Muslims living in Bangladesh The book addresses three key questions how do the modern nation states of India Pakistan and Bangladesh categorize citizens based on the narratives of 1971 how the acceptance of certain groups as part of the Indian citizenry affected its concept of belonging and after 1971 how do Pakistan and Bangladesh define who is part of their citizenry and how do so called aliens negotiate their identity in national debates A timely contribution to the subject of forced migration citizenship and identities in South Asia edited by three academics with Indian Pakistani and Bangladeshi heritage this book will be of interest to a variety of academics studying the history politics and sociology of South Asia

### **Learning through Collaboration in Self-Study**

Brandon M. Butler, Shawn Michael Bullock, 2022-02-08 Self study is inherently collaborative Such collaboration provides transparency validity rigor and trustworthiness in conducting self study However the ways in which these collaborations are enacted have not been sufficiently addressed in the self study literature This book addresses these gaps in the literature by placing critical friendship collaborative self study and community of practice at the forefront of the self study of teaching It highlights these forms of collaboration how the collaboration was developed and enacted the challenges and tensions that existed in the collaboration and how practice and identity developed through the use of these forms of collaboration The chapters serve as exemplars of enacting these forms of collaboration and provide researchers with an additional base of literature to draw upon in their scholarly writing teaching of self study and their enactment of collaborative self study spaces

**Zombie Theory** Sarah Juliet Lauro, 2017-10-15 Zombies first shuffled across movie screens in 1932 in the low budget Hollywood film White Zombie and were reimagined as undead flesh eaters in George A Romero's The Night of the Living Dead almost four decades later Today zombies are omnipresent in global popular culture from video games and top rated cable shows in the United States to comic books and other visual art forms to low budget films from Cuba and the Philippines The zombie's ability to embody a variety of cultural anxieties ecological disaster social and economic collapse political extremism has ensured its continued relevance and legibility and has precipitated an unprecedented deluge of international scholarship Zombie studies manifested across academic disciplines in the humanities but also beyond spreading into sociology economics computer science mathematics and even epidemiology Zombie Theory collects the best interdisciplinary zombie scholarship from around the world Essays portray the zombie not as a singular cultural figure or myth but show how the undead represent larger issues the belief in an afterlife fears of contagion and technology the effect of capitalism and commodification racial exclusion and oppression dehumanization As presented here zombies are not simple metaphors rather they emerge as a critical mode for theoretical work With its diverse disciplinary and methodological approaches Zombie Theory thinks through what the walking undead reveal about our relationships to the world and to each other Contributors Fred Botting Kingston U Samuel Byrland U of Canberra Gerry Canavan Marquette U Jeffrey Jerome Cohen George Washington U Jean Comaroff Harvard U John Comaroff Harvard U Edward P Comentale Indiana U Anna Mae Duane U of

Generation Z Victoria Carrington, Jennifer Rowsell, Esther Priyadharshini, Rebecca Westrup, 2015-12-17 This book argues that the mythic figure of the zombie so prevalent and powerful in contemporary culture provides the opportunity to explore certain social models such as childhood and school class and family that so deeply underpin educational policy and practice as to be rendered invisible It brings together authors from a range of disciplines to use contemporary zombie typologies slave undead contagion to examine the responsiveness of everyday practices of schooling such as literacy curriculum and pedagogy to the new contexts in which children and young people develop their identities attitudes to learning and engage with the many publics that make up their everyday worlds *The Universal Adversary* Mark Neocleous, 2016-02-12 The history of bourgeois modernity is a history of the Enemy This book is a radical exploration of an Enemy that has recently emerged from within security documents released by the US security state the Universal Adversary The Universal Adversary is now central to emergency planning in general and more specifically to security preparations for future attacks But an attack from who or what This book the first to appear on the topic shows how the concept of the Universal Adversary draws on several key figures in the history of ideas said to pose a threat to state power and capital accumulation Within the Universal Adversary there lies the problem not just of the terrorist but more generally of the subversive and what the emergency planning documents refer to as the disgruntled worker This reference reveals the conjoined power of the contemporary mobilisation of security and the defence of capital But it also reveals much more Taking the figure of the disgruntled worker as its starting point the book introduces some of this worker's close cousins figures often regarded not simply as a threat to security and capital but as nothing less than the Enemy of all Mankind the Zombie the Devil and the Pirate In situating these figures of enmity within debates about security and capital the book engages an extraordinary variety of issues that now comprise a contemporary politics of security From crowd control to contagion from the witch hunt to the apocalypse from pigs to intellectual property this book provides a compelling analysis of the ways in which security and capital are organized against nothing less than the Enemies of all Mankind **Not Your Average Zombie** Chera Kee, 2017-09-05 A thorough analysis of zombies in popular culture from the 1930s to contemporary society The zombie apocalypse hasn't happened yet but zombies are all over popular culture From movies and TV shows to video games and zombie walks the undead stalk through our collective fantasies What is it about zombies that exerts such a powerful fascination In *Not Your Average Zombie* Chera Kee offers an innovative answer by looking at zombies that don't conform to

the stereotypes of mindless slaves or flesh eating cannibals Zombies who think who speak and who feel love can be sympathetic and even politically powerful she asserts Kee analyzes zombies in popular culture from 1930s depictions of zombies in voodoo rituals to contemporary film and television comic books video games and fan practices such as zombie walks She discusses how the zombie has embodied our fears of losing the self through slavery and cannibalism and shows how extra ordinary zombies defy that loss of free will by refusing to be dehumanized By challenging their masters falling in love and leading rebellions extra ordinary zombies become figures of liberation and resistance Kee also thoroughly investigates how representations of racial and gendered identities in zombie texts offer opportunities for living people to gain agency over their lives Not Your Average Zombie thus deepens and broadens our understanding of how media producers and consumers take up and use these undead figures to make political interventions in the world of the living Kee provides a compelling synthesis of theory and criticism useful for horror scholars interested in how portrayals of zombie intersect with race and gender Popular Culture Studies Journal Kee s Not Your Average Zombie is an important book Put simply if it s the one book you read about or cite on zombie you ve made an excellent choice American Quarterly Not Your Average Zombie offers a fresh theoretical framework to a fast growing field A fascinating contribution to the critical conversation about the zombie as a fantastic figure Journal of the Fantastic in the Arts I m impressed by Kee s scholarship across several fields film history and gender and critical race studies especially and her cultural and historical contextualizing of the current zombie renaissance James H Cox University of Texas at Austin author of The Red Land to the South American Indian Writers and Indigenous Mexico Video Source Book ,2006 A guide to programs currently available on video in the areas of movies entertainment general interest education sports recreation fine arts health science business industry children juvenile how to instruction **The Video Source Book** David J.
