Zur Frage des Frauenwahlrechts Clara Zetkin, Klara Zetkin, 1907 **The Oxford Handbook of Nineteenth-Century Women Philosophers in the German Tradition** Kristin Gjesdal, Dalia Nassar, 2024 This Oxford Handbook celebrates the work of trailblazing women in the history of modern philosophy Through thirty one original chapters it engages with the work of women philosophers spanning the long nineteenth century in the German tradition and covers women's contribution to major philosophical movements including romanticism and idealism socialism and Marxism Nietzscheanism feminism phenomenology and neo Kantianism It opens with a section on figures offering essays focused on fifteen thinkers in this tradition before moving on to sections of essays on movement and topics Across the volume's chapters essays examine women's contributions to key philosophical areas such as epistemology and metaphysics aesthetics ethics social and political philosophy ecology education and the philosophy of nature **Gender History in a Transnational Perspective** Oliver Janz, Daniel Schönplüg, 2014-04-01 Recent debates have used the concept of transnational history to broaden research on historical subjects that transcend national boundaries and encourage a shift away from official inter state interactions to institutions groups and actors that have been obscured This approach proves particularly fruitful for the dynamic field of global gender and women's history By looking at the restless lives and work of women's activists in informal border crossings ephemeral NGOs the lower management of established international organizations and other global networks this volume reflects the potential of a new perspective that allows for a more adequate analysis of transnational activities By pointing out cultural hierarchies the vicissitudes of translation and re interpretation and the ambiguity of intercultural exchange this volume demonstrates the critical potential of transnational history It allows us to see the limits of universalist and cosmopolitan claims so dear to many historical actors and historians **Comparative Women's Rights and Political Participation in Europe** Gisbert Flanz, 2025-02-03 Published under the Transnational Publishers imprint **Zur Frage des Frauenwahlrechts** Clara Zetkin, 1907 **The Struggle for Female Suffrage in Europe** Blanca Rodriguez Ruiz, Ruth Rubio-Marín, 2012-06-07 By comparing women's access to suffrage in the countries that make up the European Union i The Struggle for Female Suffrage in Europe provides a retelling of the story of how citizenship was gradually coined in Europe from the perspective of women The Case for Woman Suffrage Margaret Ladd Franklin, 1913 *Reluctant Feminists in German Social Democracy, 1885-1917* Jean H. Quataert, 2015-03-08 Examining the convergence of socialism and feminism in the German labor movement around the turn of the century Jean Quataert probes the competing identities and loyalties of class and sex and the problems their adherents faced in reconciling the two By focusing on the women's movement in particular she expands our understanding of the German Social Democratic subculture and shows that socialist feminism was far more important than has been recognized heretofore Originally published in 1979 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of

Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

Foundations of Feminism Avrom Barnett,1921 The author presents a critique of feminist theory by testing it against contemporary biological psychological physiological and sociological thought The Educated Woman Katharina

Rowold,2011-02-09 The Educated Woman is a comparative study of the ideas on female nature that informed debates on women s higher education in the late nineteenth and early twentieth centuries in three western European countries

Exploring the multi layered roles of science and medicine in constructions of sexual difference in these debates the book also pays attention to the variety of ways in which contemporary feminists negotiated and reconstituted conceptions of the female mind and its relationship to the body While recognising similarities Rowold shows how in each country the higher education debates and the underlying conceptions of women s nature were shaped by distinct historical contexts The Struggle for

Female Suffrage in Europe ,2012-06-07 Whilst scholarship on women s suffrage usually focuses on a few emblematic countries The Struggle for Female Suffrage in Europe casts a comparative look at the articulation of women s suffrage rights in the countries that now make up the political unity in the making we call the European Union The book uncovers the dynamics that were at play in the recognition of male and female suffrage rights and in the definition of male and female citizenship in modern Europe It allows readers to identify differences and commonalities in the histories of women s disenfranchisement and sheds light on the role suffrage has played in the construction of female citizenship in European countries It provides the background against which a new European paradigm of parity democracy is gradually asserting itself **Feminism in Germany and Scandinavia** Katharine Anthony,1915 *Socialism in Theory and Practice* Morris

Hillquit,1909 *Clara Zetkin* Tânia Ünlüdağ,2003 **Referenten-Führer** Eduard David,1908 **Zur Staatslehre des parlamentarischen Wahlrechts** Lucian Kahn,1911 **Clara Zetkin** Lore Mallachow,1960 *The National Union Catalog, Pre-1956 Imprints* ,1980 **Kommunale Praxis** ,1908 **Der Sozialismus** Morris Hillquit,1911
