Bryan,2011-11-02 Close Encounters of the Fourth Kind cases in which personal contact between an individual or individuals is initiated by the occupants of the spacecraft Such contact may involve the transportation of the individual from his or her terrestrial surroundings into the spacecraft where the individual is communicated with and or subjected to an examination before being returned One might expect that a scientific conference devoted to people who have reported being kidnapped by little green men would be dismissed out of hand But C D B Bryan the greatly admired journalist and author of Friendly Fire did not dismiss it the conference was to be held at the Massachusetts Institute of Technology and would have as its chairmen a Pulitzer Prize winning Harvard psychiatry professor and a professor of physics from M I T Bryan attended the conference throughout its five days He approached the subject with no prior stand no agenda and an open if slightly skeptical mind As the conference progressed he was astonished by the quality of the stories told by the hundreds of men and women who came forward hesitantly and reluctantly with their utterly amazing and utterly convincing accounts of having been abducted and then examined aboard extraterrestrial spacecraft by spindly limbed telepathic gray creatures with outsized foreheads dominated by huge compelling tear shaped black eyes What most astonished Bryan were the similarities found again and again in these accounts and the consistency of their details It is here that the heart of the mystery lies as the Harvard professor John E Mack asked at the conference If what the abductees are saying isn't happening to them then what is This question and the possible answers are at the center of this richly explicit serious and riveting book Bryan recreates the conference He interviews ufology's most prominent psychiatrists psychologists hypnotherapists researchers physicists physicians and folklorists He interweaves throughout the testimony of the abductees themselves who tell us their stories in chilling detail He presents in depth the Close Encounter experiences of two women whose stories he tells on the basis of both their spontaneous recollections of the events and their memories that were retrieved through sessions of hypnosis of which Bryan himself was a witness Finally Bryan examines the current theories psychological psychiatric medical parapsychological that have been put forward by the unconvinced to explain the abduction phenomenon Are the abductees suffering from some sort of false memory syndrome a multiple or dissociative personality disorder Are they fantasy prone Close Encounters of the Fourth Kind is a detailed objective exploration the most concrete to date of one of the enduring and amazing mysteries of our time It is a book that will equally fascinate believers and nonbelievers *The Info Journal* ,1994 **Extraordinary Encounters** Jerome Clark,2000-12-15 Here is the first A Z encyclopedia to explore the convictions held by many in the modern day world that extraterrestrials angels fairy folk and other dimensional intelligences regularly interact with human beings Extraordinary Encounters An Encyclopedia of

Extraterrestrials and Otherworldly Beings is the first ever illustrated A Z encyclopedia to explore these fascinating modern day beliefs personalities beings and events Among the beings you ll meet in its pages are Abraham a collection of highly evolved entities that speak in one voice Metranon the divine interface between God and the Outer Worlds and sometime Old Testament angel and The Planetary Council whose members include Jove Merlin Quetzalcoatl and Lao Tzu It's a Bear... And It's Coming... Charlie Rohrbaugh,2016-10-10 What happens when an ordinary hunter is exposed to some rather extraordinary opportunities From the first hunt in Canada s British Columbia it s easy to see that the guides and supporting staff are the heroes of these adventures Too often they are the unsung and tireless professionals that make or break a hunter s trip In the end it is their hunting prowess that makes for a successful hunt whether or not an animal is taken It all begins in the wilderness of British Columbia on hunts for elk moose caribou and mountain goat The sheer vastness of the wilderness and rugged remoteness of the region adds an element of difficulty and danger not normally encountered in other locales Add to that the presence of the fearless grizzly bears prowling the mountains and things can get dicey in the blink of an eye Some days you get the bear and some days the bear gets you takes on an entirely new meaning as you start the day hoping today doesn t fall into either of those categories From British Columbia the scene shifts to Wyoming for mule deer and turkeys followed by a whirlwind trip to South Africa for plains game Barely back from South Africa long enough to do laundry we headed off to Idaho on a spring black bear hunt Two more trips to Wyoming followed for antelope and elk before heading back to South Africa for Kudu and Waterbuck Between the last two Wyoming trips our first grandchild was born and the second was on the way That was the impetus for beginning to document the details of these trips Someday hopefully our grandchildren will be able to read about my experiences with the same interest I used to read about others hunts when I was a boy Then maybe just maybe one or more of them will find their way out to where the wild things live to see hear smell and feel for themselves what it s like to be truly alive and free Wonderful West Virginia ,1994 **Toy & Hobby World** ,1977
