Mortal Follies William Murchison,2010-10-29 It is not that the dignified and rarefied old Episcopal Church quit believing in God It is that the God you increasingly hear spoken of in Episcopal circles is infinitely tolerant and given to sudden changes of mind not quite the divinity you thought you were reading about in the scriptures Episcopalians of the twenty first century like their counterparts in other churches of the so called American mainline such as Methodists and Presbyterians seem to prefer a God that the culture would be proud of as against a culture that God would be proud of While they work to rebrand and reshelve orthodox Christianity for the modern market exponents of the new thinking are busy reducing mainstream Christian witness to a shadow of its former self *Mortal Follies* is the story of the Episcopal Church's mad dash to catch up with a secular culture fond of self expression and blissfully relaxed as to norms and truths An Episcopal layman William Murchison details how leaders of his church starting in the late 1960s looked over the culture of liberation liked what they saw and went skipping along with the shifting cultural mood especially when the culture demanded that the church account for its sins of heterosexism and racism Episcopalians have blended so deeply into the cultural woodwork that it is hard sometimes to remember that it all began as a divine calling to the normative and the eternal

What Do Reformed Episcopalians Believe? Charles Edward Cheney,2015-07-03 Excerpt from What Do Reformed Episcopalians Believe Eight Sermons Preached in Christ Church Chicago The necessity for some work of a character similar to the following sermons constitutes the only apology for their publication It is hardly to be expected that a Church which has only had a separate life of fourteen years should possess a distinctive literature of its own Yet it is greatly to the credit of the Reformed Episcopal Church that it has already produced in the form of pamphlets and published sermons many admirable contributions to its own ecclesiastical history and apologetics But the writer of the following discourses has long been convinced that while certain phases of our polity have been set forth with ability and learning we have lacked a manual covering the whole field of our distinctive positions To the author of this book and probably also to many of his brethren it has been a matter of regret that our Church has not heretofore given to the public any explanation or defence of those peculiarities in which she differs from other Evangelical Churches About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve
