and mine is meant to be all encompassing Pretty much any question you may have about Genesis chapters 1-11 is answered here For example why did God use Adam's rib to make Eve Because ribs are really good at growing back Yes really if they're removed by a skilled surgeon sources cited in book For another example why did Noah build his ark to the proportions he did Because a ship with those proportions is nearly impossible to capsize Sources for this are also cited in the book In this commentary not only are true explanations offered but myths and mistakes are dispelled by the truckload as well as misinterpretations Does Genesis 2:4 say that the Earth was created in one day Was this a contradiction No because in the day of making is a Hebrew figure of speech that just means when The source for this is cited in the book too what a deal Every answer I give in the commentary has been well researched and is well supported by the facts This commentary has been and continues to be a labor of love for me I want to factually explain everything possible about the Bible so that Christians have a full understanding of scripture and non-Christians you can read the book too I have used almost 300 sources in just this book and I predict that the next volume will have hundreds more because I want there to be no doubt about the Bible's veracity And I fully explore the meaning of each verse because I want people to have answers to questions that they perhaps never thought to ask before What makes Genesis different from every other creation story What is the importance of Tubal-Cain being a blacksmith and what does it tell us about his people Why did Noah get drunk off wine if he was a righteous man Why did it take so long for the people to get to Shinar after the flood Where is Shinar anyway All these questions and more are answered in this commentary I hope you're excited because this book is 468 pages of learning and learning is fun I've even learned more from researching and writing this than I ever imagined Because the style is all encompassing not every verse in the commentary follows the same formula sometimes I will mention a scientific principle that will show why a verse is true such as Adam's rib mentioned earlier sometimes I will show why a verse disproves a certain heresy such as Genesis 1:1 disproving Gnosticism and sometimes I will provide whatever facts or figures are relevant to the topic at hand There is a ton of information packed into the Bible and in response my commentary is packed with information explaining or defending it Now to be honest there may be a couple of sections that you'll find boring but I guarantee that the interesting parts are so interesting that they'll more than make up for it If any of the questions above strike your interest I highly recommend that you read this book

[Unfolding Message of the Bible](#) G. Campbell Morgan, In most of his books Dr Morgan is a teacher and the reader a student in this book the scene and the relationship are different This is a fireside chat and the most informal of all his writings It is as though the reader were invited into the home of the renowned and beloved scholar to sit before the fire and just talk about the Scriptures It is as intimate as that Here is completely new and previously unpublished material and a new look at the warm and glowing personality of this master of the Word Originally he called it The Harmony of the Scriptures but we felt that such a title might indicate that it was another of those Harmonies which run the Gospels in parallel columns for the purposes of comparison This is not a comparison but a

Open My Eyes to See Arch L. Reese,2017-09-26 Dear Reader have you ever wonder if there is more to God s word than what you have really been taught Well let s say that there is a great deal more if you want to take a closer look into His word This is an In

depth Bible study from the King James Bible along with the Hebrew and Greek Manuscripts to help pull out the deeper truths written within God's word. This has taken over seven years to complete. Everything written is documented to prove it is true. My hope is to drive you into God's word and to show you what God really wants you to know. One of the main questions that I hear many people ask is what does God want me to do. It is written, have you read it with understanding. This In depth Bible Study will be taught chapter by chapter and verse by verse. How it all started in Genesis chapter 1:6 in detail and actually how it will end from the Book of Revelation chapters 1-19 to guide you with understanding from His word as it was truly written. 2 Timothy 2:15. My goal is to challenge you to prove me wrong from the King James Bible which will help you dig deeper into God's word and without a doubt your eyes will be open to a better understanding from His word. Be aware that there are a lot of untruths written in the other bibles so just be careful. Make sure it can be documented. These three books used in this study is a must in helping you to understand the true Gospel. King's James Companion Bible, Green's Interlinear Bible and Strong's Concordance. God said in Third John 4: I have no greater joy than to hear that my children walk in truth.
