Talking with Psychopaths: Mass Murderers and Spree Killers Christopher Berry-Dee, 2023-08-22 Bestselling true crime author Christopher Berry Dee's latest book tackles the heavy crime of people who randomly kill large numbers of others spree killers and those who set out to do so in specific places or situations mass killers As such killings become more frequent the ready availability and ease of obtaining firearms and weak background checks in the United States inevitably leads to many of these cases but there have been other recent examples in the United Kingdom New Zealand and Norway where extremely robust firearms legislation could not stop these horrific crimes What is more difficult to establish is the motivation behind such killings Some are occasioned by grievance real or imagined while others have their origins in a sense of failure or feelings of inadequacy yet others seem to be driven by a desire for power over their fellow humans often coupled with an overriding contempt for the lives of others In a search for answers Christopher Berry Dee offers case studies in some

Walker, 2001-08-20 Can fine art survive in an age of mass media If so in what forms and to what purpose And can radical art still play a critical role in today s divided world These are the questions addressed in the **Art in the Age of Mass Media** as John Walker examines the fascinating relationship between art and mass media and the myriad interactions between high and low culture in a postmodern culturally pluralistic world Using a range of historic and contemporary works of art Walker explores the variety of ways in which artists have responded to the arrival of new mass media He ranges from the socialist paintings of Courbet to the anti Nazi photomontages of Heartfield from community murals and Keith Haring s use of graffiti to the kitsch self promotion associated with Jeff Koons The new edition describes what happened during the 1990s including Toscani s adverts for Benetton the simulations of Leeds 13 art and cinema Damien Hirst and the cyberart currently being produced for the internet
