These data, provided as the basis for the assessment, were applicable to the majority of individuals on the board. They were also representative of most other designs. It seems that in addition to the primary data, the secondary data, in the form of published literature, was also used. This is a good practice, but it is not clear from the text whether the secondary data was used to inform the assessment or whether it was used to inform the assessment of the primary data.

WARNING: Don't allow the use of children, especially, to play with the charges. They are very easily misused and, if handled properly, are the greatest threat to the use of heavy weapons in urban warfare.
