Zigeunerheute Verfolgung Und Diskriminierung In Der Brd:

The Roma Struggle for Compensation in Post-war Germany Julia Von dem Knesebeck, 2011 Thirty years passed before it was accepted in West Germany and elsewhere that the Roma Germany's Gypsies had been Holocaust victims And similarly it took thirty years for the West German state to admit that the sterilisation of Roma had been part of the Final Solution Drawing on a substantial body of previously unseen sources this book examines the history of the struggle of Roma for recognition as racially persecuted victims of National Socialism in post war Germany Since modern academics belatedly began to take an interest in them the Roma have been described as forgotten victims This book looks at the period in West Germany between the end of the War and the beginning of the Roma civil rights movement in the early 1980s during which the Roma were largely passed over when it came to compensation The complex reasons for this are at the heart of this book

Legacies of Dachau Harold Marcuse, 2001-03-22 Auschwitz Belsen Dachau These names still evoke the horrors of Nazi Germany around the world This 2001 book takes one of these sites Dachau and traces its history from the beginning of the twentieth century through its twelve years as Nazi Germany's premier concentration camp to the camp's postwar uses as prison residential neighborhood and finally museum and memorial site With superbly chosen examples and an eye for telling detail Legacies of Dachau documents how Nazi perpetrators were quietly rehabilitated to become powerful elites while survivors of the concentration camps were once again marginalized criminalized and silenced Combining meticulous archival research with an encyclopedic knowledge of the extensive literatures on Germany the Holocaust and historical memory Marcuse unravels the intriguing relationship between historical events individual memory and political culture to offer a unified interpretation of their interaction from the Nazi era to the twenty first century

Antiziganism Markus End, Hristo Kyuchukov, Pia Laskar, 2015-06-18 In October 2013 more than 100 scholars gathered at an international conference in Uppsala to discuss ways to identify and analyse a theme which in recent years has attracted growing attention the discrimination marginalisation and persecution of Romanies The approaches adopted in this volume range from critical theory semiotics discourse and cultural analysis to intersectional perspectives Many contributors here argue for a conceptual understanding of this phenomenon that goes beyond the notions of anti Romani racism or Romaphobia suggesting a shift in focus towards the prevailing prejudice in majority societies The controversial core theme discussed in this book is the appropriateness and the theoretical understanding of the term antiziganism and its analogue antigypsyism The essays explore empirical findings from the news media film literature and theatre as well as contemporary and historical realities in Germany Kosovo Norway the former Ottoman Empire the Soviet Union Romania Sweden and the US The striking

historical and geographic continuity of stereotypes and the different modes of antiziganist practice comprise a central theme here along with a focus on the counter discourse of Romanies Since comprehensive literature on this topic in Romani studies has to date been rare this volume provides necessary readings for the debate among scholars policy makers and activists
